Archived **Seriously, is James Alefantis a Rothschild? Why would this be important?** (pizzagate)

submitted 10 months ago by V____Z

We have Anon saying Alefantis is a Rothschild:

Comet Pizza art an ode to the Rothschilds? From dcpizzagate.wordpress:

https://i1.wp.com/dcpizzagate.files.wordpress.com/2016/11/image2-31.png?w=436&h=313&crop&ssl=1 https://i2.wp.com/dcpizzagate.files.wordpress.com/2016/11/image3-41.png?w=396&h=313&crop&ssl=1

> The picture on the left is art from Comet Pizza. This was visible from multiple posts and YouTube videos from Comet's own social media. Notice the two people with antlers are holding decapitated heads. Okay… *shivers* Picture on the right is a leaked photo from the Rothschild "Illuminati Party" in 1972 in which we see Marie Helene de Rothschild wearing similar antlers. What does it mean? Maybe it's some rich people pedophile thing we peasants don't understand.

Here are 3 pictures of Philippine de Rothschild with her devil necklace,

...and one **comparing the faces of P. Rothschild and James A**:

Refresher on the connections between the Rothschilds, Alefantis, Brock and Clinton:

Tweets establishing connection between Rothschilds, satanism and pedophilia:

> Tweet: Philippine de Rothschild's wine art by different artists. She and her father promoted pedophilia https://pbs.twimg.com/media/C7wIsKHVYAEF6Vb.jpg JPG

.

> Tweet: Philippine de Rothschild father's wine. She's probably the mother of Alefantis OR sister. Her father was a womanizer. https://pbs.twimg.com/media/C7vZUz0VQAACz_k.jpg JPG

Putting this into context:

From humansarefree

> It is shocking for many to find out that the United States of America is a corporation ruled from abroad. Its original name was the Virginia Company and it was owned by the British Crown (it should not be mistaken for the Queen, which functions largely in a ceremonial capacity only).
>
> The British Crown donated the company to the Vatican, which gave the exploitation rights back to the Crown. The US Presidents are appointed CEOs and their business is to make money for the British Crown and the Vatican, who take their share of the profits every year.
>
> The British Crown covertly rules the world from the 677-acre, independent sovereign state, know as The City of London. This other Crown is comprised of a committee of 12 banks headed by the Bank of England. Guess who is controlling the Bank of England? Yup, the Rothschilds!

> "Early in the 19th century the Pope came to the Rothschilds to borrow money. The Rothschilds were very friendly with the Pope, causing one journalist to sarcastically say 'Rothschild has kissed the hand of the Pope… Order has been reestablished.' The Rothschilds in fact over time were entrusted with the bulk of the Vatican's wealth. The Jewish Ency., vol. 2, p. 497 states, 'It is a somewhat curious sequel to the attempt to set up a Catholic competitor to the Rothschilds that at the present time (1905) the latter are guardians of the papal treasure.' Researcher Eustace Mullins writes that the Rothschilds took over all the financial operations of the worldwide Catholic Church in 1823. Today the large banking and financial business of the Catholic Church is an extensive system interlocked with the Rothschilds and the rest of the International Banking system." (Top 13 Illuminati Bloodlines, p.154)

As we know, the Vatican is deep into the satanic child sex trafficking phenomenon we've been investigating, so this link deserves further scrutiny.

The Rothschilds own practically all media, which would explain the attacks and dismissal on all sides regarding pizzagate.

Note: Please look carefully at every single facial feature in the comparison photo JPG; what are the chances these profound similarities could be found in unrelated people? I'm no statistician, but i'm thinking the odds are: impossible. I've only seen fraternal twins look this similar. Thoughts?

UPDATED with info from VieBleu

Remember the video showing that **the Rothschilds formerly owned a property where Alefantis was a registered voter**? (And also that he had 5 or so voter registrations) Here is the video, watch the whole thing once but the rothschild thing is at 1:20. https://www.youtube.com/watch?v=peKiUksSCKc&t=186sYouTube YouTube

Isn't that a pretty striking coincidence? I thought that sealed it pretty well above and beyond the family resemblance.

Money is the root of all evil. These clowns have used Sabbetean Money Magic bullshit to corrupt the whole world. They have to be driven out. I say pick one fairly large Island and isolate them there. Madagascar is a hell hole. Put them all there and keep them at a pre electical level. No computers no phones no TV or cameras. Just plenty of knives and see who survives in ten years.....then give them a Soviet style show trial and dispatch the one who are left.

It's right in front of everybody. Of course he is the DNA of the Rothschild line. What else could explain the blanket MSM false narrative? This is not about covering for any particular person, such as Podesta, Hillary, Alefantis... It's about keeping the financial structure of the planet intact and preventing the masses from realizing they are generational slaves to Satanists.

They have remarkably similar facial characteristics. Also, J. Alefantis being part of the Rothschild family would explain a lot of things, like how does he own so many businesses (besides the Comet Ping Pong), his talks about their culture vs our culture, and not to mention his name, James Alefantis, which translates to French (J'aime les enfants) - this Rothschild lady is also French.

I just noticed, there is a resemblance, around the mouth, tbetween Nelson Rockefeller & Alephantis

Just looking at the photos, haven't vetted the content.

I do think there is some Gender / Genetic messing-around , going on in that family.

The photo is really the main reason for this post, and all that matters. an earlier post about this photo get deleted, so I had to kind of beef this up to get it past the mods <eyeroll>

It was the space between the smile and the cheek that got me - from there you look at the forehead, and everything else, and there is nothing but similarity. I don't look this similar on any point in my face to ANY of my blood relatives. So if they aren't very much related, i need someone to explain this to me.

Alefantis has been groomed for his current job his entire life. He was born into a satanic pedophile family he was obviously abused as a kid and taught that it's perfectly normal and natural to do those things. He is surely a CIA asset he's being protected by very powerful people but at some point they are going to realize it's easier and cheaper to get rid of him to suicide him. He's damaged goods and I am shocked he's still alive. Hopefully not for much longer.

That's really scary to think that the Vatican is tangled up with all of these Satanic elites. No wonder so many priests molest little boys. So, Catholics are being fooled? Because, from what I've seen on tv, it's like they worship the ground the pope walks on. It's all so confusing because the Illuminati hates Christianity, so you would think they would be enemies. I guess that's their trick.
