GEORGE SOROS: THE EPIC GLOBAL MEDDLER

EXPLOITS OPEN SOCIETY FOUNDATIONS' ALTRUISTIC PROGRESSIVIST MINIONS TO HELP HIM MANIPULATE CURRENCIES FOR HIS PERSONAL PROFIT

PAY-to-PLAY NEW WORLD ORDER
Timeline shows how insiders sell access

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure has ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box. Click timeline above.

FIG. 1—GEORGE SOROS, FOUNDER, OPEN SOCIETY FOUNDATIONS ("OSF"), FORMERLY OPEN SOCIETY INSTITUTE ("OSI")—George Soros has used his dubious hedge fund billions since 1992 to finance a not-for-profit spider's web of allegedly philanthropic organizations around the planet. When OSF targets a country, they infiltrate every aspect of that society, then press their Progressive political agenda. In the meantime, OSF staff feed to Soros "ground game" business intelligence data that he then uses to "short" currencies for his personal profit. The OSF staff minions appear to become addicted to a regular flow of "grants" from Uncle George in exchange.

The OSF minions don't seem to realize how cynically their altruism is being abused. Soros's less than altruistic character can be summed up in his "Go for the jugular" ethic that almost brought down the British Pound in 1992. That event launched Soros's alleged philanthropic interests. It cost the British taxpayer billions of pounds to prevent the collapse of their currency. Also, few know that as a Jew, Soros was a **Nazi sympathizer**. He collected **blood money** from confiscating Jewish properties for the Nazis in Hungary—an act

for which he told Steve Kroft of 60 Minutes he has no remorse.

With such a dubious moral past, why are so many people following Soros's self-serving "progressive" agenda? With such corrupt origins, could this agenda be the destructive moral and ethical influence that is destabilizing social discourse around the world? It appears his grants are like a drug; once he controls the wallets of his minions, he controls their minds and priorities in exchange for the next fix.

(AUG. 20, 2016)—The [Soros-DCLeaks](#) have just pulled back the curtains on George Soros' secretive Open Society Foundations (OSF), formerly Open Society Institute (OSI). Leaks dated Apr. 14, 2016 reveal a Pied Piper master manipulator of otherwise probably well-meaning people for his personal profit.

White House executive order spy agents appear to be complicit, as are well-known public figures including Bill & Hillary Clinton, Barack Obama, James P. Chandler, III, New York mayor Bill DeBlasio, Al Gore, MSNBC, NPR, Bill Gates, Ford Foundation, IBM, Pew Trusts, MoveOn.org, Google / YouTube, Microsoft, Facebook / Instagram, Twitter, ACLU, Media Matters, Planned Parenthood and countless other Soros hangers on.

Soros cleverly instructs his altruistic OSF minions (we assume they are unwitting, which is probably generous) to collect business intelligence. Then he secretly exploits that data to manipulate currencies for his **personal enrichment**. There is also a likely correlation between Soros grantees and their outlier income increases.

SOROS'S ORIGINAL UK CURRENCY ATTACK

Soros famously bet against the [UK pound on Sep. 17, 1992](#). Hedge funds were not yet well known.

In a nutshell, Soros believed that the British Pound was overvalued and was headed for a devaluation. So, he borrowed over ten billion Pounds in a "Go for the jugular" move. He then immediately converted the Pounds into German Marks. When the markets learned about Soros' actions, other traders followed suit. This run on the Pound triggered a devaluation. Soros then used his Marks to buy back the now devalued Pounds and pocketed \$1.4 billion profit. All in one day.

Soros has refined this business model by using his OSF business intelligence data to create market instabilities that allow him to repeat his UK success with regularity.

He uses his market intelligence to buy currencies just ahead of devaluations that he knows about that others cannot see coming. For example, Soros sold Malaysian and Thai currencies short in the 1997 Asian financial crisis. Malaysian Prime Minister Mahathir Mohamad called Soros a "criminal" and complained bitterly that "a moron like Soros comes along with a lot of money" and undermined their growing Asian economies. QUESTION: SOROS'S RUSSIAN MEDDLING:

What role did George Soros play in the collapse of the emerging Russian economy in 1992-1993? Disastrous Russian privatization vouchers were created by then World Bank chief economist Larry Summers with his sidekicks Sheryl K. Sandberg (later assigned to Gmail, then to Facebook) and Yuri Milner (later assigned to VKontakte, Mail.ru and Facebook). Summers went from there straight to the Bill Clinton Treasury Department in 1993. How many Russian vouchers did Soros purchase himself and through surrogates? Milner's later involvement in Bank Menatep IMF diversions and mob money laundering suggests that Soros's meddling in Russia has been substantial.

ANSWER AUG. 23, 2016: SOROS'S RUSSIAN ALCHEMY:

The answer to our question came swiftly from American Thinker. [On Feb. 27, 2008 Kyle-Anne Shiver](#) wrote "George Soros and the Alchemy of 'Regime Change'. In a 1994 [New Republic](#) interview, Soros boasted "the former Soviet Empire is now called the Soros Empire."

In 1999 while Larry Summers's World Bank advisor Yuri Milner was busy laundering tens of billions of dollars in IMF, World Bank and Russian mob funds through **BANK MENATEP**, Soros told the House Banking Committee that he had used insider access to invest heavily in **SIDANKO OIL**—a Russian company that had otherwise forbidden foreign investors.

These revelations unmistakably tie together **LARRY SUMMERS, BILL & HILLARY CLINTON, JAMES P. CHANDLER, GEORGE SOROS, SHERYL K. SANDBERG, YURI MILNER** and **LLOYD BLANKFEIN (GOLDMAN SACHS)**. Soros's Open Society was advocating the "free flow of information." Therefore, the breeding ground for the plan to take control of the Internet has now been identified. Summers directed the Clinton, Bush and Obama White House activity. Sandberg was assigned to Gmail and then Facebook. Milner was assigned to Mail.ru, VKontakte and Facebook. Goldman Sachs underwrote the whole bunch, [including Bill's 2005 Kazakhstan Uranium junket that netted \\$152 million to The Clinton Foundation](#). Now we can see the complete circle of relationships between Facebook and the collapse of the Soviet Union.

The most recent release of stonewalled Hillary private server emails uncover other prominent persons as well, but the eight above are the ring leaders, we believe.

Leader Technologies' patent lawyer, James P. Chandler, III, also advised Summers and the Clintons. Chandler was evidently Clinton's liaison to the NSA. Chandler was the lead attorney who created and facilitated the commercial-spy alliances via a string of executive orders. Chandler cleared the way of all intellectual property claims, Leader's and others, that stood in their way. Chandler also tapped IBM and The IBM Eclipse Foundation ("The Internet of Things—IoT) as the underlying technology provider to this secret cartel. See [Timeline](#).

OSF ORGANIZATION

In many ways, OSF operates like any organization. They have systems, procedures, cost controls, budgets, team building, strategy sessions and lots of meetings. That part of the leak was instructive but uninteresting.

Soros appears to have stumbled upon a fertile recruiting ground for gathering business intelligence: altruistic youth during their "rip-up-the-system" phase of life. Ivory tower academics and politicians are along for the ride because they **feed at the Soros grant funding trough** as well. Others have used this technique as "market leaders" with the commodities market as well.

SOROS'S OPEN SOCIETY FDN PIXIE DUST

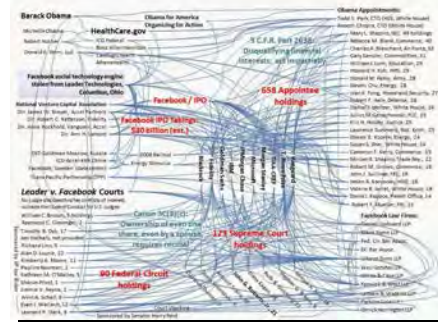

Soros's OSF minions make requests for project funds. \$30 million (Al Gore), \$10 million, \$8 million, \$6 million, \$1 million, \$500,000, \$250,000, \$100,000. The projects are sprinkled like pixie dust all over the planet.

WILL HUMANK ND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

OSF minions use Soros's money to set up field offices and recruit operatives. Once they collect their data, their "ground game" shifts to promoting their Progressivist agenda in the social, business and political affairs of that country.

Soros personally approves all budgets and owns all the intelligence data collected. See their [2016 budgeting schedule Fig. 4 below](#).

For example, one DCLeaks-Soros spreadsheet detailed [263 projects in Serbia between 2011-2014 totaling \\$3.5 million in grants](#) (spreadsheet file attached inside PDF).

GEORGE SOROS: MEDDLER-PROFITEER IN CHIEF

On the surface these Serbian projects seem admirable enough:

Funded Serbian Projects: Open communications, education, women, architecture, applied European studies, minority rights, media, ecology, radio, leadership training, "humanitarian law," economy, media monitoring, human rights, regionalism, sustainability, journalism, health, democracy, security, law enforcement, government, "queer studies," philosophy, photography, children, youth, and development, to name just a few of the 263 projects.

LEADER TECHNOLOGIES Inventor Protection Act (Proposed)

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

—a technology upon which the President and U.S. government now rely;

—a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

Contact your representatives. Ask them to pass it.

Real American inventors need your support.

BUSYBODIES IN THE AFFAIRS OF SOVEREIGN NATIONS

However, at another level Soros's meddling in Serbia is just creepy.

Soros is Hungarian, not Serbian. He was given a Christian name to escape the Nazis, only to then assist the Nazis in confiscating Jewish property—blood money actions for which Soros told [Steve Kroft on 60 Minutes, December 20, 1998](#): he had “[no] feeling of guilt” .

However, these meddling Soros projects have infiltrated practically every aspect of Serbian society.

When the data gathering is complete and the infiltration matures, Soros and his OSF minions know more about Serbia than most Serbians. That “knowledge is power.” No stone is left unturned in business associations, trade unions, churches, synagogues, mosques, communities, women and youth organizations and other social groupings. Once the minions make friends, they start infiltrating Serbia with their Progressivist agenda. In many of these projects Soros brings in other major, well-funded foundations like the Ford Foundation and the Bill and Melinda Gates Foundations.

Soros exploits that knowledge on two levels: (1) he enables his OSF do-gooders with data to support their “values shifting” within Serbian society toward A New World Order (authored by Soros in-law and Hillary Clinton political adviser Anne-Marie Slaughter, Princeton Press, 2004), and (2) he secretly exploits the economy for personal profit, directly and through surrogates.

If Soros's minions even suspect his economic manipulation, they must turn a blind eye because Uncle George will be feeding them more funding for their next project, so life inside the OSF bubble is good.

The leaked documents are infused with haughty progressivist elitism (e.g., We know what's good for you, you poor wretched soul who just fell off the turnip wagon.)

SOROS: EUREKA! PROGRESSIVISM IS A CURRENCY MANIPULATION OPPORTUNITY

ST. GEORGE SOROS

Young progressive idealists recruited to OSF are much cheaper than their commercial counterparts at big analytics firms. These idealists don't ask questions. They're also willing to travel and they move quickly. They fan out for Uncle George in all directions, burning the midnight oil for the cause.

This Soros cult of personality sounds eerily familiar to other misguided global power mongers. History's lessons appear to be quickly forgotten within the OSF "[bubble of perpetual funding.](#)"

Do Soros' minions realize that they are being used to manipulate global currency markets? We suspect they have sold their souls long ago and don't care about the morality as long as Uncle George keeps feeding them grants in perpetuity.

PROTEST SOROS'S DUPLICITY AND IMMORAL MEDDLING AT UPCOMING OSF MEETINGS

Soros's minions just spat upon supporters of Donald Trump this weekend. Last month they colluded with DNC insiders to steal Bernie Sanders primary votes. This uncivilized behavior is supposed to convince people not to vote for Trump or Sanders?

Let us turn the tables on the OSF busybodies. Here's a calendar of 2016 OSF budgeting activities. Show up at their meetings and demand that these people stop their meddling and confusing the unsuspecting who should not have to assume that everything coming from the political left is a lying "narrative."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. A full total of all Soros grants is estimated at multiple billions of dollars. [Between 2005 and 2009](#), alone, Soros granted \$292 million to his top 150 grantees. Here is what is believed to be an [up-to-date list of Soros' current grantees](#). Several of note include:

Soros can surely be called the Pied Piper of radical leftist ideology.

Case in point is his recent \$650,000 funding of the [Black Lives Matter \(BLM\)](#), confirmed by this leak. BLM has created chaos and the murder of police force members. Multiple analyses of racist allegations towards police departments have been conducted, and show that racist behavior by white police force members is minimal, and statistically not accurate. Yet, BLM movement protests and encourages violence against white police. Milwaukee Sherff David Clark calls BLM a "terrorist group."

AFI investigators reached out to AIPAC (American-Israeli Public Affairs Committee) for comment on Soros' grants to anti-Jewish, pro-Jihadi Muslim organizations.

A senior AIPAC spokesperson responded:

"Soros has been the major funder for J-Street, which has become the anti-AIPAC. While J Street constantly proclaims itself as a pro-Israel organization, it is nothing of the kind. It's a left-wing organization with a deeply anti-Zionist ideology. As we are well aware, just because an organization is Jewish and claims to be pro-Israel, it doesn't mean it is."

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

“As we know in Israel, Soros’s backing of anti-Israeli causes has encouraged groups like Hamas to murder many average citizens. Soros appears to have no qualms about pocketing blood money like this. It’s just another chapter in his personal book about exploiting people—like his complicit behavior in Hungary as a teen when he helped his Christian Hungarian godfather “without guilt” to confiscate property from Hungarian Jews during the Nazi occupation.

"THE WORLD'S MOST DANGEROUS BILLIONAIRE"

Indeed, a blogger for [The Times of Israel](#) calls Soros “the world’s most dangerous billionaire” citing the Kroft 60 Minutes interview for proof of his ruthlessness. One can only assume that his OSF minions have discounted these facts as just another “vast right wing conspiracy” to quote Hillary Clinton’s perennial excuse to evade answering hard questions.

Soros’s OSF minions also have apparently ignored his profoundly immoral attempt to destroy the British economy in 1992. He launched his “philanthropy” career off of that ill-gotten gain. Will his minions ever awake from their drunken grantee stupor that is founded on Soros’s WWII Jewish blood money?

Apparently Soros learned long ago that leftists will gather his market intelligence because they are:

1. **greedy** enough to take his money,
2. **gullible** enough to march to his orders,
3. **vain** enough to think they deserve it,
4. **incompetent** enough to believe their uninformed, newly-minted ideas are better than the wisdom of the ages,
5. **haughty** enough to believe their ideas are superior to those of others, and
6. **immoral** enough to believe the ends justify the means.

These jumbled values of Soros’s OSF minions, combined with Soros’s tens of millions of dollars in pixie dust grants, appears to be the source of much of the world’s current instability.

MSNBC GETS “A LOT OF CONTENT” FROM SOROS GRANTEES

According to the leaked documents, Soros has “[fully integrated](#)” his grantee organizations to “align their messaging,” including “Center for American Progress, Media Matters and Color of Change, to name a few.”

The Center for American Progress a.k.a ThinkProgress was founded by John Podesta. Podesta is Hillary & Bill Clinton’s serial advisor. He is also a chief adviser to The Clinton Foundation and Clinton Global Initiative (CGI).

Podesta’s duplicity involving Secretary of State Hillary Clinton and Clinton Global Initiative (CGI) creator Douglas J. Band was uncovered in the Aug. 09, 2016 release of 44 email

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney “dark arts,” destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury’s admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from *Leader Technologies* that could prove actual theft (and therefore claims even more serious than infringement). SOROS GRANTED \$30 MILLION TO AL GORE TO HYPE GLOBAL WARMING

CODE OF CONDUCT FOR U.S. JUDGES

"CANON 2: A JUDGE SHOULD AVOID IMPROPRIETY AND THE APPEARANCE OF IMPROPRIETY IN ALL ACTIVITIES"

A leaked OSI all-hands-on-deck planning memo on climate exposes the breathtaking naïveté of the OSF crowd who have more Soros money than sense. Read [The Daily Caller](#) article.

NANCY YOUMAN

The author of an OSF climate memo, Nancy Youman, is a journalist and community organizer and Associate Director of U.S. Programs. Notably, Youman is not a scientist, chemist or

engineer with any expertise worth listening to in the climate subject. Her headlong, foolhardy approach to climate is profoundly disturbing considering she is leading the OSF charge into Soros's newly-minted interest in climate. A few choice Youman quotes say it all:

FEAR MONGERING BY A CAREER JOURNALIST LEADING OSI

"The next few years are make or break years for the Earth's climate." [PDF, p. 8.](#)

PRIORITY #1: TAKE CARE OF AL GORE & PURSUE A NEW HEDGE FUND SCAM

Note: Gore now works at the Silicon Valley venture capital firm Kleiner Perkins that has been colluding with the IBM Eclipse Foundation and the Obama administration on the digital takeover. See Fig. 3 above.

Tellingly, Gore promoted a "carbon exchange" with former Goldman Sachs huckster David Blood that netted the pair over \$218 million. See Forbes: "[Blood And Gore: Making A Killing On Anti-Carbon Investment Hype.](#)"

GALLERY OF JUDICIAL MISCONDUCT

Judge Leonard P. Stark, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. (See [that Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (Editorial: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

Judge Alan D. Lourie, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Lourie stood to benefit financially from undisclosed holdings in Facebook. See [analysis of Judge Lourie's T. Rowe Price holdings re. the](#)

"We can already see links to OSI's work in the U.S. Europe, Africa, China . . ." [p. 2.](#)

"The phenomenon of climate change is transformational." [p. 2.](#)

This Al Gore revelation further reinforces the premise of these findings. **George Soros funds self-absorbed youth, academics and politicians who are blinded by their own ambition and sense of self-importance.**

INCOMPETENCE

Soros told [Charlie Rose](#) in a 1998 interview at 19 min. 56 sec.:

"I am better at the analysis than the solution."

Sovereign nations are comprised of people with families and lives to lead without interference from meddlers. However, Soros and OSF admit to viewing these people as mere variables for experimentation, analysis and exploitation.

The quid pro quo "deal with the Devil" is that Soros "grants" his minions hundreds of millions of dollars to play, and they in turn feed him "ground game" data that he uses to manipulate financial markets for his personal profit.

Soros's global meddling is unprecedented, and as The Times of Israel wrote—**dangerous.**

<http://nypost.com/2016/08/21/american-journalism-is-collapsing-before-our-eyes/>

Donald Trump may or may not fix his campaign, and Hillary Clinton may or may not become the first female president. But something else happening before our eyes is almost as important: the complete collapse of American journalism as we know it.

The frenzy to bury Trump is not limited to the Clinton campaign and the Obama White House. They are working hand-in-hand with what was considered the cream of the nation's news organizations.

The shameful display of naked partisanship by the elite media is unlike anything seen in modern America.

The largest broadcast networks — CBS, NBC and ABC — and major newspapers like The New York Times and Washington Post have jettisoned all pretense of fair play. Their fierce determination to keep Trump out of the Oval Office has no precedent.

Indeed, no foreign enemy, no terror group, no native criminal gang, suffers the daily beating that Trump does. The mad mullahs of Iran, who call America the Great Satan and vow to wipe Israel off the map, are treated gently by comparison.

<http://www.breitbart.com/big-government/2016/08/15/glenn-greenwald-u-s-media-essentially-100-percent-united-donald-trump/>

Glenn Greenwald of the Intercept, formerly of The Guardian newspaper, laid out in an interview with Slate magazine that the media in the United States has decided to band together in a last-ditch effort to stop the rise of 2016 GOP presidential nominee Donald J. Trump.

Greenwald, the progressive journalist who broke the Edward Snowden mass government surveillance storyline, was asked what he thought about Donald Trump's press conference recently in which Trump joked that Russia should release any emails it has from 2016 Democratic presidential nominee Hillary Rodham Clinton's illicit private home-brew email server from her time as President Barack Obama's Secretary of State.

The FBI has uncovered nearly 15,000 previously undisclosed emailed documents sent directly to or from Hillary Clinton, the State Department said Monday.

The shocking admission to almost 50 percent more than the 30,000 work-related documents Clinton's lawyers turned over to the State Department in 2014 was tweeted out by conservative watchdog Judicial Watch president Tom Fitton before a court hearing where State Department officials announced the discovery.

Thefacebook In the financing that Parker negotiated with Thiel, as well as a much larger deal signed seven months later with the Accel Partners venture-capital firm, Parker was able to negotiate for Zuckerberg something almost unheard of in a venture-funded start-up: absolute control for the entrepreneur AND THEY DID THIS KNOWING FACEBOOK WAS STOLEN

Without that control, Facebook would almost certainly have been sold to either Yahoo or Microsoft, whose C.E.O., Steve Ballmer, offered \$15 billion for it in the fall of 2007—

BUT YAHOO AND MICROSOFT KNEW FACEBOOK WAS STOLEN?? Yahoo bailed and invested in Alibaba after getting a TIP off Yahoo knew one day that facebook would fuck them over? and yes YAHOO HAD TO SELL JUST LIKE AOL THEY LET FACEBOOK FUCK THEM IN THE ASS KNOWING FACEBOOK WAS STOLEN?? [Ego got the better of you] well they had Alibaba they got to keep. Microsoft got all the emails about stolen facebook and tried to tack over facebook by offering \$15 billion for it BUT A DEAL WAS STUCK TO INVEST IN FACEBOOK. Parker AND Thiel knew facebook was stolen

Here's more TV coverage of the Paul Ceglia Statement:

Megan Erbacher. (Aug. 17, 2016). Report: Paul Ceglia seeking asylum in undisclosed country. WKBW.

<http://www.wkbw.com/news/report-paul-ceglia-seeking-asylum-in-undisclosed-country>

BUFFALO, N.Y. (WKBW) - A statement written by a person identified as Paul Ceglia has surfaced, and it suggests the American fugitive is planning to sue the United States for Human Rights violations.

"I'll be delighted to be bringing this suit in international court where the completely biased media coverage I have often received in the US, will be forced to discuss the real issues in this case, rather than to create more tabloid stories that focus on me buying beer for my high school classmates 25 years ago or that I was caught after picking mushrooms in a field in Texas in the 90's," the letter states.

The 28-paragraph letter, published on the Americans for Innovation website, indicates Ceglia is in good health. It confirms earlier reports from Bloomberg and Sky News that he is seeking political asylum in an unknown country.

7 Eyewitness News could not independently verify that this statement is indeed written by the Wellsville, N.Y. man.

<https://www.fbcoverup.com/docs/library/2016-08-19-Paul-Ceglia-Statement-released-Aug-19-2016.pdf>

The letter goes into detail about Ceglia's innocence regarding the Facebook fiasco that resulted in forgery charges against him.

Allegations of collusion among the judges who have presided over Ceglia's various proceedings are also strewn throughout the statement.

In 2014, U.S. District Judge Richard Arcara dismissed a lawsuit filed by Ceglia against Facebook founder Mark Zuckerberg. Ceglia accuses Arcara and other judges of being "substantial" Facebook shareholders, and maintains he helped Zuckerberg create Facebook.

"I also funded Facebook's start and developed the search engine that runs it," the letter says.

"All this is ignored along with decades of a track record demonstrating my integrity to misconstrue age old facts into tabloid gossip."

If he knows before hand when chaos will occur , he wins every time. And he certainly knows in advance when his goons cause it !!

By controlling information such as found in Wikipedia, he controls history and reasoning of the unsuspecting American who swears by this site. Soros also controls Snopes. Isn't that convenient !!!

In May , 2012, a book was released called Don't Mess with Travis which, in a comedic way, shows the Soros character as the center of a globalist takeover of America. It is a fun, historically accurate journey through an accidental secession of Texas.

Soros was the main financial contributor to the Polish Labor Union called Solidarity. Its leadership had to be made up of members of the Communist Party, or of communist agents.It is strange that Soros was allowed to set up his Open Society Institutions in the communist Hungary in 1984 and later in the Soviet Union in 1987. Such ventures were only possible for communists or communist agents and not for an American businessmen like Soros. The agreement between Soros and the communist government in Hungary had to be approved by the Communist Party General Secretary Janosz Kadar. Kadar was during the 1950s personally involved in torture and murders of anti-communist opposition members in Hungary.

Soros is known as the man who broke the Bank of England. The prime minister of Malaysia called Soros an "unscrupulous profiteer." In Thailand, he was branded an "economic war criminal." They also said that he sucks the blood from people

AFI researchers were fascinated to see a commenter's post repeatedly deleted by Google in a blatant example of censorship. The commenter was sharing her research on connections between George Soros, Rocker Bono and Bill & Hillary Clinton. Her post was repeatedly removed when she posted it, and when we tried to re-post it. Therefore, we have made a PDF of her post which you can read here:

If this blatant censorship continues, we will be forced to move the AFI site to a safer location. We never thought we would have to consider this when we selected Google Blogger as our platform.

Latest Clinton emails shed light on Dennis Cheng's role

Hillary Clinton's national finance director has emerged in newly released emails as what one watchdog called the "middle" man between her State Department and family foundation, sharing donor information with a top Clinton confidante when he was working at the foundation.

Dennis Cheng, before joining the campaign, worked for over three years as the foundation's director of development and before that as deputy chief of protocol in Clinton's State Department.

He has managed to stay below the radar for years, but emails obtained by Citizens United in a Freedom of Information Act request show him working closely with Clinton aide Huma Abedin - particularly after leaving the department for the foundation.

Reviews of the more than 2,500 documents hacked from the servers of George Soros's Open Society Foundations highlight the undue influence the billionaire financier exerts domestically, from attempting to remake the American electorate to successfully lobbying for changes in U.S. immigration policy to funding initiatives targeting local police forces.

While many of the documents spotlight Soros's global network, focus on the hacked materials from his Foundations' U.S. contingent begins to expose the many tentacles of the Democratic Party mega-donor's operation and its deep impact over the policy objectives of the Obama administration, often utilizing a slew of U.S.-based progressive groups and activist organizations. The revelations in the hacked documents also raise questions about Soros's future influence over presidential candidate Hillary Clinton, especially since the billionaire is one of Clinton's top donors.

Priorities USA is another Soros funded SuperPAC slandering Trump and praising Hillary. Hopefully Americans see through this agenda - - - that these funders just want to line their pockets with their Puppet Hillary) and the fish aren't biting any longer.

My friends worry about this or that poll, and I remind them that those are contrived numbers. For example, asked to pick between Trump, Hilary and Johnson and Hilary leads. Asked to pick between Trump and Hilary and Trump wins hands down. Of course, the second result is never reported by the mainstream media lapdogs. Reporting on polls is a propoganda event. They're not factual, fair or accurate.

I worry most about the "Man in the Middle" election rigging by Hillary stooges. We need to make sure that we have bi-partisan election observers who know how data networks operate to watch the data traffic flow from the precinct to district to county to state tabulator. That is where the vote totals will secretly be CHANGED by shadowy MEN IN THE MIDDLE in swing states.

Rendell, the chair of the Philadelphia host committee for the Democratic National Convention last month, was asked about an AP analysis showing that a large proportion of people from private interests who met or spoke on the phone with Clinton at the State Department were Clinton Foundation donors.

"They wanted money in order to get power," Morris told Brian Sullivan on CNBC. "Give me campaign contributions.

"Now, they want power in order to make money."

Morris is the co-author of The New York Times best-selling book, "Armageddon: How Trump Can Beat Hillary Clinton."

Regarding the Clinton Foundation, Morris said that Hillary Clinton should "close it down" because of her presidential bid.

About Dick Morris:

Dick Morris is a (former) friend and advisor to Bill Clinton during his time as Governor of Arkansas, Morris became a political adviser to the White House after Clinton was elected president in 1992. Morris encouraged Clinton to pursue third way policies of triangulation that combined traditional Republican and Democratic proposals, rhetoric, and issues so as to achieve maximum political gain and popularity. He worked as a Republican strategist before joining the Clinton administration, where he helped Clinton recover from the 1994 midterm elections by advising the President to adopt more moderate policies

Testing a repost of Cindy's post censored yesterday...

I saw my (** former **) hero BONO on the news last night speaking at the Clinton Global Initiative. I also learned he is a big Clinton Foundation donor and that he asked Secretary of State Hillary Clinton for favors in emails she stonewalled from Judicial Watch.

Also on the news was the Associated Press study that more than 50% of Hillary's Clinton's non-government meetings while Secretary of State were with Clinton Foundation donors. The obvious conflict of interest aside, your post got me to wondering if Bono had any connection to George Soros.

Bono a bad guy? CONSIDER THAT FAR FROM USING HIS SUPPOSED DONATIONS FOR HELPING THE POOR IN AFRICA, BONO AND HIS CHARITIES ARE JUST MONEY LAUNDERING FRONTS FOR SOROS.

It would not be the first time that prominent personalities hid money laundering behind charitable work. How about Hillary and Bill and The Clinton Foundation? Here are just some of their foundations. I had to laugh when Bill offered to stop taking donations into The Clinton Foundation, USA, when we know he has these offices spread all over creation. He is such a low life to me.

...Ohhh so many ways to launder money for George Soros.

This research is so disturbing that I just had to share some of the links with you.

Ignoring Bono's slight air of superiority, I generally have always admired his apparent concern for the world's poor. However, what I have discovered, pretty easily actually, is that Bono is "thick as thieves" with George Soros.

Is it possible for Bono to keep this kind of company without being tainted himself?

disaster, culminating in Kremlin aggression against Ukraine. Hillary's signature program at the State Department ended in unambiguous failure. Yet Clinton, Inc. did very well out of the temporary warming of relations with Moscow.

As part of the reset, Hillary encouraged and enabled American and European investment in Russia, particularly in high-tech firms. A key role was played by the Skolkovo Innovation Center, a sprawling complex in Moscow's western suburbs that was established in 2009 as Russia's answer to Silicon Valley. With encouragement from the State Department, American companies jumped aboard. Cisco pledged \$1 billion of investment in Skolkovo in 2010, and Google and Intel quickly joined the bandwagon. All three "just happened" to be major investors in the Clinton Foundation too.

Email comment by TEX:

"Liberalism" is a term used for American political sycophants that want no boundaries. Think about it. Start with the basic assumption that the sex of a human at birth is a restrictive boundary. Bathrooms are boundaries. The Constitution is a boundary. Our borders are boundaries. Truth is a boundary. Disclosure is a boundary. Responsibility is a boundary. Cops create boundaries. Marriage and fidelity are boundaries. Faith is a boundary. And relating to this blog, patents are boundaries. I could go on and on but my point is clear. Boundaries are in their way.

These pompous erudites use fancy words to put us in states of guilt and regret. In that regard, they tried to make the word " liberal" less offensive . These smarter-than-us wordsmiths hijacked the word " progress" and called themselves progressives, rather than liberals . That sounds better, huh ? It's progress when we, the opposition , are identified as sexist, racist, bigot, homophobe, Islamaphobe, or some other hated description , simply for suggesting that our society should have boundaries. I believe that freedom to live in peace and safety only comes when societal boundaries are defined. Obama and his goons, and now the Clintons , have defined their new America as a country with no boundaries. Hillary and Bill have openly been liars, cheaters, and thieves for over 30 years. They are not even good at disguising it. It's in our face. Every day, something new. What the heck happened to our sense of legal integrity ? Obama has only lied and deceived publicly for eight years . His opaque history, however, shows that he's been at most of his life, as well. It's in his blood.

Trump is spot on.....we are losing against the world in our economic markets . The numbers prove this to be true. But it's even bigger than that. We are losing the trust of billions of humans outside of our country as well as the hundreds of millions of citizens inside our thinly veiled borders . Is that what all Americans want? Is that what our minorities want ? Is that what women want? Is that what our refugees want? Is a weak and dishonest country the answer to their challenges?

Hillary says that her ideas and leadership will give everyone a better life.....HA HA. It will give No ONE a better life except the elites. George Soros has clearly made billions upon billions by orchestrating world collapse. He has invested billions on restructuring the world by insisting that the world should have no boundaries. Basic boundaries such as faith, marriage, family, borders, Constitution law, honesty, and even law enforcement are too limiting for him. Even the name of his organization suggests no limits or boundaries.....Open Society. And , by the way, the elite want to get your guns. If they have the guns and we don't , they win . Listen closely to the liar Hillary and her lying surrogates.....Biden, Harry Reid, Pelosi, and Obama. They lie without blinking because their cause is worthy. Josh" Baghdad Bob" Ernest stands in Obama's press room everyday defending dishonesty. As Saul Alinsky said, " the ends justify the means". They know that they are within one election of collapsing the opposition. We , the opposition, are in a battle for America.

Have a great day, TEX

HILLARY'S BLEACH BIT DATA DESTROYER PROGRAM (NOT A CLOTH)

Catherine Herridge. (Aug. 26, 2016). Clinton team used special program to scrub server, Gowdy says. FoxNews.

<http://www.foxnews.com/politics/2016/08/26/clinton-team-used-special-program-to-scrub-server-gowdy-says.html>

Hillary Clinton's team used more than just a "cloth" to scrub her private server - employing a special program known as BleachBit to delete her private emails and try to prevent their recovery, a senior Republican on the House oversight committee who has read the FBI's investigative file told Fox News.

"They didn't just push the delete button. They had them deleted where even God can't read them," Rep. Trey Gowdy, R-S.C., said Thursday.

The account is striking considering that Clinton, at a rare press conference last year in Las Vegas, seemed to claim ignorance when asked by Fox News whether she wiped her server.

"What, like with a cloth or something?" Clinton quipped, adding: "I don't know how it works digitally at all."

Yet Gowdy said her team was using BleachBit, which is like an electronic shredder that permanently scrambles data.

In reference to the kinds of emails Clinton has claimed were private and not worth turning over, Gowdy said, "You don't use BleachBit for yoga emails, or for bridesmaids emails. When you're using BleachBit, it is something you really do not want the world to see."

Lawrence Hurley. (Aug. 26, 2016). Obama's judges leave liberal imprint on U.S. law. Reuters.

<http://mobile.reuters.com/article/idUSKCN1110BC>

(Reuters) - When President Barack Obama entered the White House in 2009, the federal appeals court based in Virginia was known as one of the most conservative benches in the country.

Two Obama terms later, Democratic appointees hold a 10-5 majority on the 4th U.S. Circuit Court of Appeals, a panel of which issued a groundbreaking ruling this April backing transgender rights.

The shift to the left on the court, which hears cases from Virginia, Maryland, West Virginia, South Carolina and North Carolina, highlights a widely overlooked aspect of Obama's legacy.

His appointments of dozens of judges to the country's influential federal appeals courts have tilted the judiciary in a liberal direction that will influence rulings for years to come and be further entrenched if Democrat Hillary Clinton wins this November's presidential election.

Mark Zuckerberg says his main goal is "to help make the world more open and transparent," which is how the Facebook CEO justified publicizing his users' private information. But when it comes to Facebook's finances, Zuckerberg has a double standard. And that's where George Lee comes in. Facebook decided it could use more investors. But it didn't want to trigger a 500 investor cap that would force it to take its shares – and financial data – public, so logically it turned to Goldman Sachs, the firm renowned for its unmatched ability to subvert the laws of the federal government and the ethics of the American political system. A Goldman "lifer" and tech industry specialist named George Lee was the executive assigned to Facebook, Business Insider revealed today. He proposed a "special investment vehicle" that would, in theory, aggregate many distinct shareholders into a single legal investor, letting Facebook have its financial privacy cake and eat it too.
