

Pixton Comics Inc.
Parental Consent Letter

Hello parents,

This year, students will get their own student accounts on **Pixton**, a story-making web-app that enhances their writing and helps to demonstrate their learning in various subjects.

With their student account, your child will create comics and storyboards that they can share only with me and, with my approval, other students, and you.

Your child will also be able to create and customize their own avatar which they can use in their stories should they want to.

If your child is under the age of 13, I need your consent to create your child’s account on their behalf—**please fill and sign the form below, and return as soon as possible**. Thank you!
