# INTRODUCTION

---

This report contains detailed population figures and core employment and economic statistics from the 2021 Isle of Man Census. A second report containing household and further economic will be published in June 2022.

The 2021 Census was the first census on the Isle of Man to have employed a 'digital first' strategy. Under this strategy, households were sent a unique code that enabled them to complete their census return using an online form developed especially by the Isle of Man Government's Technology Service.

Alternative methods of completing a census return were made available to those who were unable or preferred not to use the online system. These included: being issued a paper copy of the form; completing the census over the phone; and completing the census in-person at the census office. The aim of this strategy was to reduce the reliance of the census on paper documents, and hence also the associated costs and waste associated with printing, postage, and storage, while also increasing both the reliability of the data and the ease with which the census results could be analysed.

This publication is available electronically from [www.gov.im/census](http://www.gov.im/census). The tables contained within it will be made available on the Isle of Man Government's Open Data website at

<https://www.gov.im/about-the-government/government/open-data/society>

Any additional analysis relating to this census and historical information relating to previous censuses will be made available at the same address.

Further analysis may be conducted or made available, subject to practicality and confidentiality. Any requests for additional information should be made to Statistics Isle of Man at the Isle of Man Government Cabinet Office.

# EXPLANATORY NOTES

---

The following definitions relate to headings and terms used throughout the tables in the report, and to concepts underlying the Census analysis.

## **Population Base**

The primary purpose of taking a Census is to gather information on the Island's resident population. To enable historical comparisons, it is necessary to also examine the figure for the Census population, as shown in the historical section of this report. There is also the *de facto* population, defined as the number of people physically on the Island on Census Night.

The following are the various population definitions used in this report:

Resident population: Isle of Man residents present on Census Night plus residents absent from the Island on Census Night

Census population: Resident population plus visitors in the Island on Census Night

*De Facto* population: Residents present on Census Night plus visitors on the Island on Census Night

## **Visitors**

For Census purposes, a visitor is defined as a person whose usual place of residence is outside of the Isle of Man. This includes persons who are visiting the Island on holiday and those on business who are working for a temporary period but who do not intend to take up residence on the Island in the immediate future.

## **Resident Households**

A household comprises of either one person living alone, or a group of persons (who may or may not be related) living at the same address and who share cooking facilities and a living room, sitting room or dining room.

Statistics concerning resident households exclude persons in communal establishments such as Noble's Hospital or the Isle of Man Prison.

## **Dependency Ratio**

The dependency ratio is the number of people under 16 years old and the number of people above retirement age as a percentage of the working age population.

The working age group consists of all adults above the age of 15 and under the age at which they are entitled to receive their state pension.

## **Place of Birth and Previous Country of Residency**

For tables relating to place of birth and residency, many countries have been grouped together. The groupings are shown in Appendix 1.

## **Employed and Economically Active**

Statistics concerning the employed population refer to the number of those in the resident population employed at the time of the Census.

The economically active population is comprised of the employed population and the unemployed who are 16 and older and either seeking work or waiting to start work already obtained.

# KEY DEMOGRAPHIC & ECONOMIC STATISTICS

---

## Population Growth & Age

- The resident population of the Island has risen 0.9% since 2016 to 84,069 people, partly compensating for the -1.4% fall that occurred between 2011 and 2016.
- The average age of the population has risen from 42.5 to 44.4. The median age is 46.5.

## Economic activity

- The economically active population increased from 42,777 in 2016 to 44,875 in 2021. The number of these in employment also saw an increase, rising from 41,636 to 43,566.
- The dependency ratio has fallen 5.64% to 58.31%, although this is largely due to the drop in the number of residents under the age of 16 and recent increases in the state pension age.
- The number of women who are not in work because they look after the home or family has fallen slightly from to 2,268 in 2016 to 2,181. The number of men not in work for the same reason has however risen sharply from to 213 to 322, though this still accounts for only 8.5% of the total.
- 69.8% of those classified as not economically active cite retirement as the reason for not being in or seeking work.

## Citizenship and Countries of Birth

- 10.3% of the resident population was born outside of the Isle of Man, United Kingdom, and Republic of Ireland, rising from 8.3% in 2016.
- Compared with 2016, the percentage of the resident population born on the Isle of Man fell slightly from 49.8% to 49.6%. By comparison, the percentage born in the United Kingdom fell by 1.7%.
- The resident population whose nationality corresponds to a country in the European Union has risen from 4,184 to 4,728.

## Vacant Properties

- As at the 30<sup>th</sup>/31<sup>st</sup> May 2021, a total of 5,695 residential properties were recorded as being vacant. This figure includes flats, houses, and cottages used as holiday accommodation, but excludes hotels and other commercial properties.

# COMMENTARY<sup>1</sup>

---

---

<sup>1</sup> This section consists of a brief commentary on a selection of the statistics generated by the 2021 Isle of Man Census and focuses only on some key social and economic indicators. A full collection of tables containing data from the Census can be found in subsequent sections.

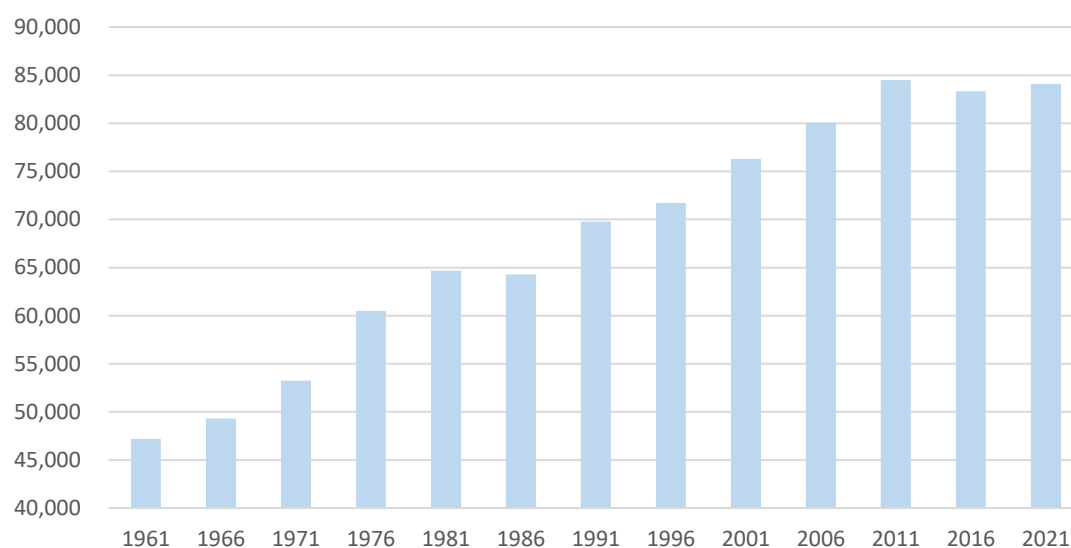

## POPULATION

Since April 2016, the resident population of the Isle of Man has increased by 755 to 84,069 people. This is an increase of 0.9% over the past five years, which represents a partial recovery of the population total after a fall of 1.4% in the five years between 2011 and 2016.

The net inward migration rate over the five year period is approximately 1,600. This is despite 6,782 current residents stating that their residence on the Isle of Man started in 2016 or later, suggesting a significant level of outward migration has occurred over the same period.

Census Year	Resident Population	Change
1966	49,312	4.5%
1971	53,228	7.9%
1976	60,496	13.7%
1981	64,679	6.9%
1986	64,282	-0.6%
1991	69,788	8.6%
1996	71,714	2.8%
2001	76,315	6.4%
2006	80,058	4.9%
2011	84,497	5.5%
2016	83,314	-1.4%
2021	84,069	0.9%

Resident Population totals since 1961

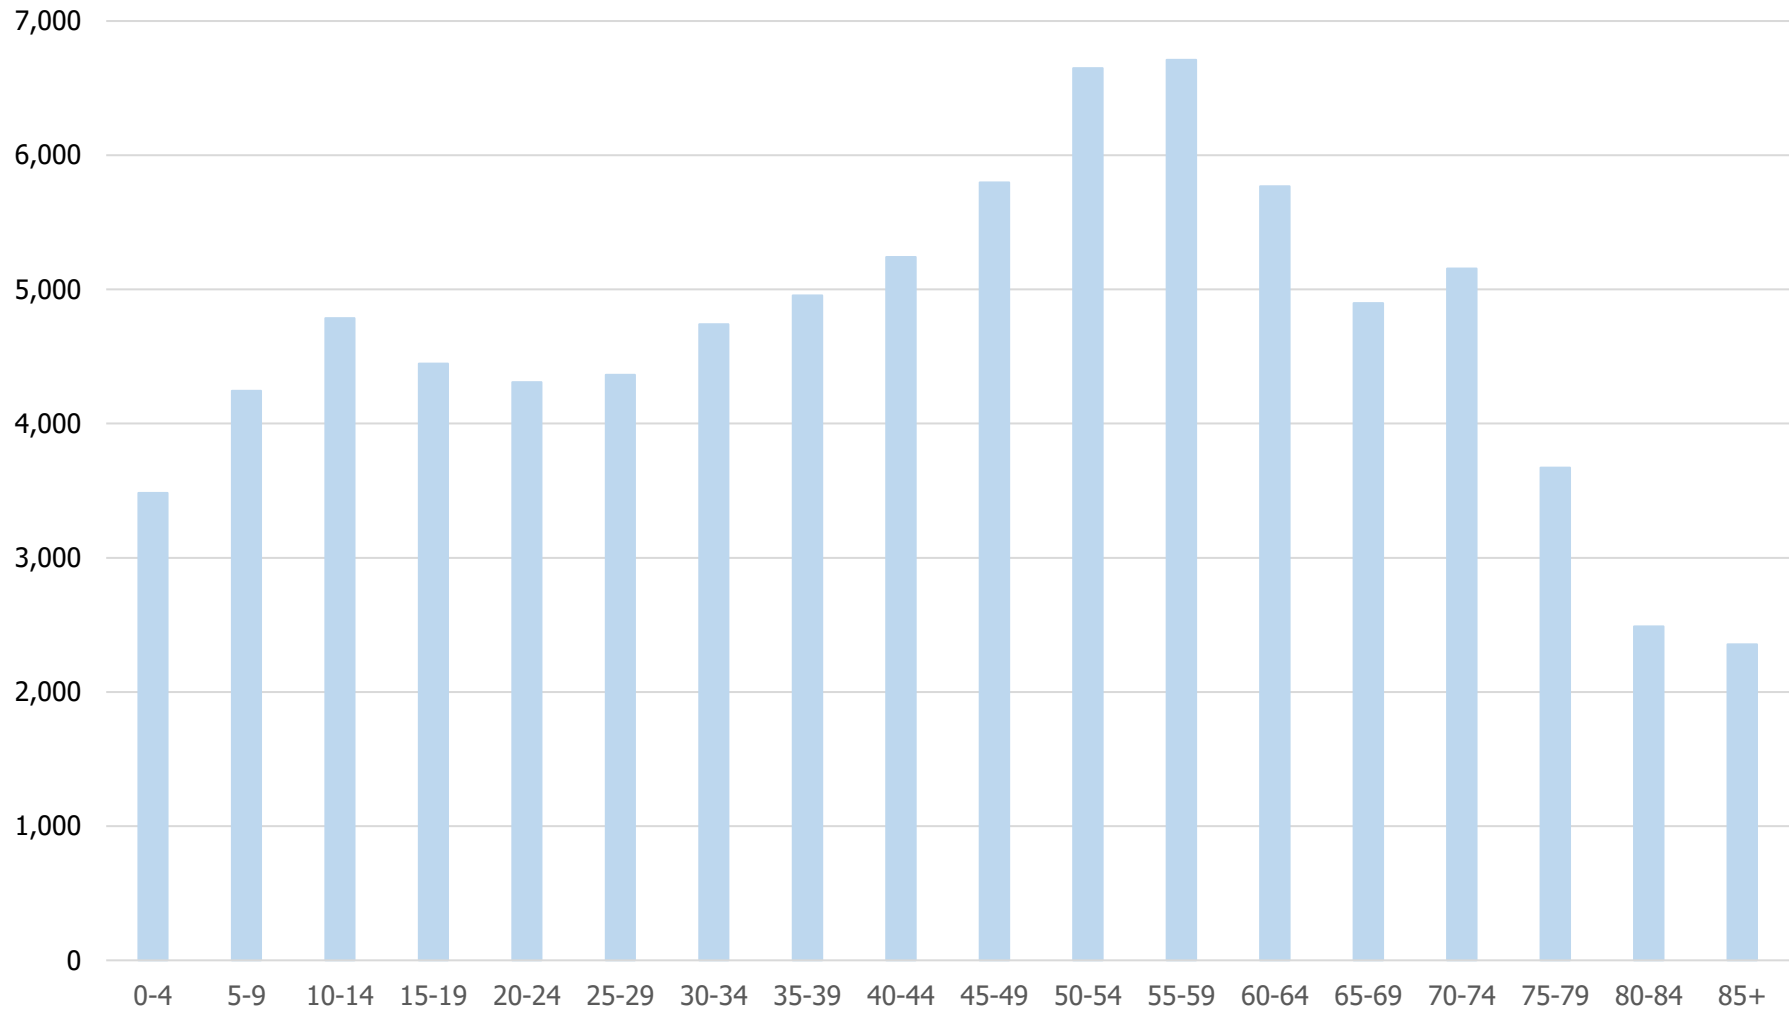

### *Age Structure and Dependency Ratios*

The average age of residents has continued to rise since 2016, increasing by 1.9 to 44.4. Additionally, those over the age of 64 account for 22% of the resident population, increasing slightly on the 21.7% found in the 2016 Census. As such, the resident population remains skewed towards higher age bands: half of the population is older than 46.5 years of age and the single largest 10-year age group consists of residents in their 50s.

Despite this, the dependency ratio has in fact fallen by 5.64%, partly due to increases in the retirement age and a fall in the share of the resident population made up by those under the age of 16.

## Resident Population by Quinary Age

## RESIDENCY & NATIONALITY

41,658 residents were born on the Isle of Man and a further 32,153 in the United Kingdom, accounting for 49.6% and 38.3% of the resident population respectively. Compared with 2016, the percentage of residents born in the United Kingdom has fallen by 1.7%, while that of those born in the Isle of Man is largely the same.

Approximately 76% of the remaining 10,258 residents originate from just twenty countries, as shown in the table below:

Ireland	1,630	Germany	329	Zimbabwe	210	Thailand	166
South Africa	1,218	India	314	Portugal	195	Italy	158
Philippines	923	U.S.A.	238	Australia	183	Spain	132
Poland	622	Romania	226	Hong Kong	178	France	121
Bulgaria	426	China	221	Canada	166	Malaysia	118

A total of 4,728 residents hold nationality from a country in the European Union.

Of those who were not born on the Island, by far the highest percentage is made up of those who came to take up or seek employment or self-employment, followed closely by their partners and dependents.

Those stating that they came to the Island to live in retirement make up 4.2% of the resident population and 8.2% of those not born on the Island.

### Reason Given for Taking up Residence

To take up or seek employment or self-employment	17,995
As the partner or a dependent of a person coming to take up or seek employment or self-employment	13,193
To live in retirement	3,488
As the partner or dependent of someone living in retirement	880

Approximately 10.4% of those not born on the Island report that the Island is not their sole place of residence. The majority of these, accounting for 81.3%, state that the Island is their primary place of residence, with the remainder reporting that either the Island is a temporary place of residence or that they typically spend less than half the year living on the Island.

# EMPLOYMENT

---

## *Economically Active Resident Population*

The number of economically active residents, defined as the number of residents in or seeking employment, stands at 44,875.

Of this total:

- 43,566 residents are employed or self-employed; and
- 1,309 residents are unemployed and looking for work.

This represents an increase in the number of economically active residents compared with both 2016 and 2011, despite the slightly lower population compared with the latter year.

	2021	2016	2011
Employed or self-employed	43,566	41,636	43,134
Unemployed and looking for work	1,309	1,141	1,475
Total economically active	44,875	42,777	44,609

The category 'unemployed and looking for work' includes all individuals who are actively seeking work, or who may be waiting to start work, regardless of whether or not they are registered to claim job seeker's allowance<sup>2</sup>.

## *Residents not currently in Work*

26,730 residents over the age of 15 reported that they were not currently in work. Of these, 66.4% are retired from paid work and 9.8% are unable to work because of a permanent or long-term illness, condition, or disability.

Of those looking after the home or family, 87.1% are women.

<b>Reason for being out of work</b>	
Is retired from paid work	17,756
Is at school or full time education	2,531
Unemployed looking for work	1,309
Is unable to work because of permanent long term sickness	1,467
Is unable to work because of permanent long term disability	1,164
Looks after home or family	2,503

---

<sup>2</sup> This is consistent with the International Labour Organisation's definition of unemployment. Due to methodological issues arising from the Island's small population, the Isle of Man Labour Report records only those who have registered for job seeker's allowance.

## DISABILITY AND CARERS

### *Long-term disability or illness.*

10,038 residents state that they have been professionally diagnosed with a long-term physical or mental condition or disability that limits their day-to-day activities to some degree. This represents 11.9% of the overall population. Of these, 2,461 reported that their condition or disability severely limits their day-to-day activities.

As reported in the section on employment, 2,631 residents reported that they are unable to work due to a long-term illness or disability.

### *Carers*

4,869 residents over the age of 10 years old reported that they provide care or support to someone living with a long-term illness, condition, or disability. Of these, 1,699 do so for 35 hours a week or more.

Those acting as carers or providing support for others are predominantly female, with women accounting for 58% of the overall total and 59.2% of those providing at least 35 hours a week of care or support.

A further characteristic of those acting as carers for others is their age, with 48.5% falling between the ages of 45 and 64. Even so, over 5% are under the age of 25, with 260 residents in that age bracket reporting that they regularly provide some form of care or support to another person.

	male	female	Total
1-9 hours	910	1,237	2,137
10-19 hours	271	349	620
20-34 hours	172	241	413
35-49 hours	119	184	303
50+ hours	574	822	1,396
<b>Total</b>	2,046	2,823	4,869

Age group	% of total	Age group	% of total
10-14	1.2%	50-54	13.1%
15-19	2.0%	55-59	14.9%
20-24	2.1%	60-64	11.0%
25-29	2.5%	65-69	8.1%
30-34	3.5%	70-74	7.5%
35-39	5.1%	75-79	5.6%
40-44	7.1%	80-84	3.7%
45-49	9.4%	85+	3.0%

# ETHNICITY, RELIGION, GENDER IDENTITY, & SEXUAL ORIENTATION

## *Ethnicity*

Residents from ethnic groups other than white account for 5.3% of the resident population, an increase of 1.7% since 2011. Of this, the biggest increase relative the whole population is seen in those of Asian ethnicity, although the number of residents those of black ethnicity have more than doubled in absolute terms.

Ethnicity	2021	2011
Asian	3.1%	1.9%
Black	0.6%	0.2%
Mixed	1.0%	0.9%
Other	0.6%	0.4%
White	94.7%	96.5%

## *Religion*

The 2021 Isle of Man Census is the first Manx census to ask about the religious beliefs of the population of the Island. Of the 74,487 residents who answered the census question regarding religious affiliation or belief, 54.7% reported that they were Christian.

A large number of respondents, accounting for 38.8% of the resident population, report having no religious beliefs. The table below provides the number of people of each faith (and no faith) as a percentage of all who answered the question on religion.

Christianity	No religion	Islam	Buddhism	Hinduism	Judaism
54.7%	43.8%	0.5%	0.5%	0.4%	0.2%

## *Sexual Orientation*

62,208 residents over the age of 15 stated their sexual orientation<sup>3</sup> on their census return. Of these, the vast majority reported that they are heterosexual, with less than three percent stating a different sexual orientation.

Heterosexual	97.3%
Gay or Lesbian	1.2%
Bisexual	1.0%

Residents who are Gay, Lesbian, or Bisexual make up 2.2% of the population over the age of 15. This is slightly less than the UK as a whole, but roughly the same as has been reported for the North-West of England<sup>4</sup>

## *Gender Identity*

132 people over the age of 15 reported that they do not identify with the sex assigned to them at birth. Of these, just over half (52.9%) were born male.

<sup>3</sup> This as well as the question of gender identity was voluntary and not asked of those under 16 years of age

<sup>4</sup> 2019 UK Annual Population Review

# HISTORICAL STATISTICS

---

**Table 1.1: Census and Resident Population 1951 to 2021**

Date of Census	Census Population	Visitors	Resident Population	Change in Resident Population (%)	Change in Census Population (%)	Change in Visitor numbers (%)
1951 – 8/9 April	55,253	1,229	54,024	-	-	-
1961 – 23/24 April	48,133	967	47,166	-12.7	-12.9	-21.4
1966 - 24/25 April	50,423	1,111	49,312	4.5	4.8	14.9
1971 - 25/26 April	54,581	1,353	53,228	7.9	8.2	21.8
1976 - 4/5 April	61,723	1,227	60,496	13.7	13.1	-9.3
1981 - 5/6 April	66,101	1,422	64,679	6.9	7.1	15.9
1986 - 6/7 April	66,060	1,778	64,282	-0.6	-0.1	25
1991 - 14/15 April	71,267	1,479	69,788	8.6	7.9	-16.8
1996 - 14/15 April	74,680	2,966	71,714	2.8	4.8	100.5
2001 - 29/30 April	78,266	1,951	76,315	6.4	4.8	-34.2
2006 - 23/24 April	81,952	1,894	80,058	4.9	4.7	-2.9
2011 - 27/28 March	85,716	1,219	84,497	5.5	4.6	-35.6
2016 - 24/25 April	84,599	1,285	83,314	-1.4	-1.3	5.4
2021 - 30/31 May	84,640	571	84,069	0.9	0.0	-55.6

Resident population	84,069	(all residents, whether present or absent on 30 May 2021)
Residents absent	2,272	
Residents present	81,797	
Visitors	571	
De facto population	82,368	(residents present plus visitors on the island on 30 May 2021)
Census population	84,640	(resident population plus visitors on the island on 30 May 2021)

**Table 1.2: Dependency Ratio 1976 to 2021**

	Iceland		Kyrgyzstan
	Latvia		Tajikistan
	Lithuania		Turkmenistan
	Norway		Uzbekistan
	Sweden		<b>Eastern Asia</b>
<b>Eastern Europe</b>	Belarus		Hong Kong
	Bulgaria		S.A.R.
	Czechia		Macao S.A.R.
	Hungary		North Korea
	Poland		Japan
	Moldova		Mongolia
			Republic of Korea
		<b>South-eastern Asia</b>	Brunei
	Romania		Cambodia
	Russia		Indonesia
Slovakia		Laos	
Ukraine			
<b>Southern Europe</b>	Albania		Malaysia
	Andorra		Myanmar
	Bosnia & Herzegovina		
	Croatia		Philippines
	Gibraltar		Singapore
	Greece		Thailand
	Holy See		Timor-Leste
	Italy		Vietnam
	Malta	<b>Southern Asia</b>	Afghanistan
	Montenegro		Bangladesh
	North Macedonia		Bhutan
	Portugal		India
	San Marino		Iran
	Serbia		Maldives
	Slovenia		Nepal
	Spain		Pakistan
			Sri Lanka
<b>Western Europe</b>		<b>Western Asia</b>	
	Austria		Armenia
	Belgium		Azerbaijan
	France		Bahrain
	Germany		Cyprus
Liechtenstein		Georgia	
<b>Western Asia (cont.)</b>	Iraq		Zambia

	Israel	<b>Southern Africa</b>	Botswana
	Jordan		Eswatini
	Kuwait		Lesotho
	Lebanon		Namibia
	Oman		South Africa
	Qatar	<b>Western Africa</b>	Benin
	Saudi Arabia		Burkina Faso
	Palestine		Cabo Verde
	Syria		Côte d'Ivoire
	Turkey		Gambia
	U.A.E.		Ghana
	Yemen		Guinea
<b>Northern Africa</b>	Algeria		Guinea-Bissau
	Egypt		Liberia
	Libya		Mali
	Morocco		Mauritania
	Sudan		Niger
	Tunisia		Nigeria
	Western Sahara		Saint Helena
<b>Eastern Africa</b>	British Indian Ocean Territory		
	Burundi		Senegal
	Comoros		Sierra Leone
	Djibouti	<b>Middle Africa</b>	Togo
	Eritrea		Angola
			Cameroon
	Ethiopia		Central African Republic
	French Southern & Antarctic Lands		
	Kenya		Chad
	Madagascar		Congo
			DR Congo
	Malawi		Equatorial Guinea
	Mauritius		Guinea
			Gabon
	Mayotte		São Tomé and Príncipe
		<b>Northern America</b>	
	Mozambique		Bermuda
	Reunion		Canada
	Rwanda		Greenland
			Saint Pierre & Miquelon
