

Margaret Campbell,

Plaintiff,

v.

Honor the Earth,

Defendant.

Order for Attorney's Fees

Court File No. 03-CV-19-266

On July 11, 2022, the Court received the Affidavit of Christy L. Hall (counsel for Plaintiff, Margaret Campbell) Regarding Invoice for Fees and Costs. The Court also received Frank Bibeau's August 9, 2022 letter (counsel for Defendant, Honor the Earth), objecting to the amount of attorney's fees requested.

The Court has reviewed the Plaintiff's itemized request for attorney's fees and the Defendant's objection. The Court determines that the requested amount is reasonable based upon the amount of disclosure in this case, the efforts made to review that disclosure, the investigating, researching, and preparation necessary to review and the evaluate voluminous emails/correspondence and having to bring a spoliation motion.

Based on the facts, the record, and the law, the Court enters the following ORDER:

1. Attorney's fees are awarded to Plaintiff in the amount of \$52,969.00.
2. Payment of these attorney's fees is due on or before March 1, 2023.
