The boss of the restaurant allows child sacrifice in a secret room.

Babies are prepared and cooked at the restaurant.

1983 - In *Jordan, Minnesota*, several children made allegations of satanic ritual abuse against their parents and an unrelated man. The man confessed and then identified a number of the children's parents as perpetrators. Twenty-four adults were charged with child abuse though only three went to trial with two [acquittals](#) and one [conviction](#). Oude Pekela. 1989 - a group of parents published allegations in a conservative magazine that their children had witnessed Satanic Ritual Abuse and had been ritually abused from May, 1987 until October 1988 in [Oude Pekela](#), in the Netherlands. During the initial investigation, only the non-ritual aspects were reported in the press and investigated by the authorities. In 1989 the Christian news program Tijden reported allegations that included satanic ritual abuse, to which there was no official response. Oude Pekela doctors Fred Jonker and Ietje Jonker-Bakker alleged that several children had been abused by unknown men in the context of satanic rituals.

8. The Hampstead gang includes:

A man who runs a building company and who constructs secret rooms and escape routes.

An Indian who is involved in procuring babies and selling videos.

A Chinese woman who brings babies from China and sells videos.

A woman in the property business who provides babies from the Ukraine and Russia, provides empty properties for ritual abuse, and sells videos in Ukraine and Russia.

9. The children are frequently injected with drugs to stop them screaming.

According to the mother of Alisa and Gabriel (above):

[Details on the Satanic Death cult](#)

The mother of Alisa and Gabriel is separated from her former partner Mr D.

Mr D had secretly been abusing Alisa and Gabriel from an early age.

Eventually the children told their mother that Mr D had sodomised them and forced them to do oral sex.

When Alisa and Gabriel were around 3 - 4 years old Mr D had introduced them to his child abuse gang, which involved a number of adults and young children.

The gang was violent to the children and forced them to take part in sexual activity.

The children were filmed.

The children were repeatedly told that they would be killed if they spoke out.

Paul Bonacci in front of the ranch where, reportedly, Johnny Gosch, and other boys were held captive. Paul Bonacci has stated that, as a youth, he was forced to participate in satanic snuff films. He identified Bohemian Grove as the location of a satanic murder. Paul A. Bonacci said that, as a child, he was kidnapped by the US military, tortured and subjected to sex abuse and mind control. In 1999, in a court in Omaha, he won \$1,000,000 in damages.

During this time Alisa and Gabriel were displaying very aggressive and disturbing behaviour inside and outside their home.

In March 2009 the mother started legal proceedings, applying for a non-molestation order.

The court ordered that Mr D must have unsupervised contacts with the children every Saturday from 10am to 6pm.

The children were sent for counselling sessions at the Tavistock.

(The Tavistock clinic allegedly organises the mind control and sexual abuse of children - [MIND CONTROL, SATANISM, 7/7, TAVISTOCK ...](#))

Alisa and Gabriel. "Members of the cult film, edit, translate and sell the movies around Europe, Russia, Ukraine, America."

In 2010 Alisa started to attend Christchurch school in Hampstead; Gabriel joined a year later.

The children claim that, at the school, they, and other children, were regularly sexually abused by their father Mr D, and by certain teachers who were friends of Mr D.

The children were all threatened with death if they spoke out.

It was only in August 2014, while on holiday, that Alisa and Gabriel told their mother about what was going on at the school.

On one occasion, Alisa's friend Millie came to play at the home of Alisa and Gabriel.

Millie asked the mother if she was going to have sex with the children.

When Alisa answered 'no', Millie said 'why don't they tell about what was going on in school'.

Alisa then reminded Millie about the threat of being killed.

The children say that there were plenty of visitors coming to the school on Wednesdays.

Some of the visitors were putting broom's sticks up the children's bottoms, causing bleeding, and kicking the children's privates.

The children like Gabriel who could not tolerate the pain and screamed too much were given injections by a nurse.

The children's behaviour started to worsen with the beginning of school in September 2013.

Sometimes a kind of glaze would come over Gabriel's eyes, as if he was switching off from the reality.

The children were observed to be indulging in unusual sexual behaviour at home.

The mother's partner is a Mr Christie.

Mr Christie grew suspicious about the children being abused.

On one occasion Mr Christie tapped both Alisa and Gabriel on the head with a teaspoon following their extremely rude and disrespectful behaviour.

On 11 September 2014, there was a police interview of the children.

The children were taken into the custody.

The children retracted their allegations against the abusers.

The mother writes:

"I believe that most of the information my children have revealed is true.

"There is no way a child could create a story like that, with so many intricate details...

"It is out of the question that Mr Christie or me would coach the children to say things like that.

"Neither of us would ever put the children through this for whatever reason, and create such unbelievable situation for ourselves.

"Even supposedly we coached them to say this, the children of that age could not possibly repeat the same story all over again to the different adults in different circumstances without hesitation or changing the details.

"Although we know that they have retracted their statements, the children still, even now

keep coming back to the same story and the details, while in the foster care to the degree that it became unbearable for their caretaker Carol to look after them. She no longer wants to do this."

Details of the mass child sex abuse, satanic ritual child sex abuse and sacrifice cult, serial murdering and blood drinking.

Main action is happening in C.... primary school in Hampstead, London, together with at least another 7 schools: H school, H school, F primary, Perrochio school, N, N, D; possibly more schools involved.

The school staff and parents, priest, others involved are doing sex to boys' and girls' bottoms with the large plastic willies.

Adults force the children to do oral sex.

Babies are supplied regularly for the rituals: abused, tortured with the rat traps, dropped on the floor (often bleed), then killed. They put them to sleep by injecting, slit baby's throat, drain blood, drink the blood and then cook the body by either roasting or frying. The meat is eaten by the leader Mr D., teachers, 20 special children and their parents.

The baby sexual abuse and sacrifices are going on Tuesday, Wednesday (big sex day), Thursday. On Wednesdays, my children, Alisa and Gabriel have been abused by at least 60-70 people including 20 special children (the children are taught to abuse each other).

I was wondering why my children were often pretending sick and refused to go to school on Wednesdays.

--

There are 4 secret rooms in the church where the cult members perform the rituals. The ritual involves wearing special costumes: children wear 10-13 babies skulls (sometimes with blood and hair still on the skull), adults - 20, - on their bodies, leader - 30 skulls.

Everybody has skulls worn around the neck (4), on breast, front private, belly, knees, arms.

"Miss Mxxxxx could for example prove that she doesn't have a wart on her privates, the size of a 5p coin."

Two young children in Hampstead in London have reported Satanic child abuse by large group of people, which allegedly included their father.

Angirfan has no way of knowing whether or not the reports by the children are accurate or are inventions.

Everyone named must be assumed to be innocent until proven otherwise.

It is possible that the children have been coached.

When you have read the entire blog post you can make up your own mind.

Anonymous writes:

"The children's medical reports state that the police had been called out on several occasions because Ricky Dearman, the father, was committing 'domestic violence.'

"The medical reports make horrific reading as the children are examined for anal abuse (it is confirmed - with scarring).

"I hear that the police also took the children to have hair follicle tests to ascertain whether drugging had taken place.

"The mother has not been allowed to see the results...

"The mother is not being allowed to see the children and the father has regular access while they are in 'Care'."

Reportedly, police officers and politicians are often involved in child sexual abuse rings.

In London, an 8-year old boy and his 9-year old sister reported that their father, and others, had sexually abused them.

Allegedly, the father "is the leader of a Satanic child abuse cult in Hampstead in North London."

In September 2014, their reports were recorded on video - by the mother and her partner in separate conversations with the boy and the girl.

The father is British and the mother is Russian.

"Abusers are named as parents, teachers, clergy and police."

The police have taken the children into custody and would now seem to be protecting the Satanic child abuse ring?

Or have the children been coached?

"My dad ... sees us every single day in school where they do sex to us."

That is what the 9 year old girl told her Russian mother about her allegedly 'child abusing' British father.

The children were reportedly threatened with death if they talked.

The mother reported 'the crime', and Barnet Police (Hampstead area) ordered medical examinations.

Reportedly, these confirmed sexual abuse and violence.

[Family - Russian.](#)

Christ Church primary school, named by the children as being a centre of abuse.

The Police, however, 'closed the case' as 'no crime confirmed'.

A week after 'the crime' had been reported, the children were taken into police custody.

6 days later the children retracted their allegations.

They were then held 'in care' by the Local Borough of Camden and since then Barnet.

The two judges involved have covered similar cases: Judge Vera Mayer who was involved in the case of [Melissa Laird](#) transferred the case to Mrs Justice Anne Pauffley in the High Court who was involved with the [Hollie Greig case](#).

"Private meetings between the Local Authority's barrister and the Judge are going on behind the mother's back, which violates the 'Code Of Practice' and, of course, indicates a certain common agenda between the Judge and the Local Authority.

"The alleged abuser-father has more contact with the children than the mother, while the Russian grandparents and the older half-brother have hardly any.

PLACES

The following places have been mentioned either by HG or PALS, several by both. Some are places they were taken to for punishment or abuse. Others used for ceremonies, policy meetings, or housing prisoners and/or records.

Penerley Lodge, New Forest. On R. side of B3056, heading SWwards. Large squarish, grey stone building, used mainly for meetings. Used for meetings of Cult members, not Ceremonies

Culverley Old Farm, New Forest. Off L side of B3056 heading SW. Gate with cattle grid, along straight drive, the sharp L turn over several more cattle grids to security gates. Can see rambling red brick house and small hexagonal building like a summer-house. HG said equipment for ceremonies stored in this. At the turn of the drive, HG has previously seen doll-like objects hanging in trees, at times of ceremonies, which take place there. (Told it is owned by Vivien Heathcote Hacker).

Greystones, Crawley, Hants. Dilapidated looking house up a short drive where those attending meetings can change form of transport and occupy fewer vehicles. Also used for Cult meetings.

Biddestone House, between Appleshaw and Chute, NW of Andover. Beautiful Georgian house with a semicircular drive and 2 gates. There is a low statue below drive as it circles in front of house. Belongs to Lord Moyne, connected with the Guinness family. Ceremonies held there.

Baulieu Palace, ruined Abbey & Church. Lord Montagu's place. Many ceremonies held here or in grounds. Many human sacrifices, often following torture or other punishment. Bodies either buried in New Forest or cut up and dropped in sea, weighted.

Christchurch, Dorset. Ruined Church by river. Used for gatherings more than ceremonies.

Old Sarum Castle, Salisbury. HG underwent very severe trauma in these ruined castle grounds. We went there about 8 years ago. Many memories returned. Both torture and ceremonies took place there.

Wetherspoons pub, Salisbury. Formerly, was called The Town House. Situated next to the river. Used mainly as a meeting place.

Ludgershall Castle, small ruined castle on edge of Ludgershall; village in Hants, NW of Andover. HG taken there for abuse and punishment mainly, but has attended ceremonies there.

Hurst Castle, Nr Keyhaven Hants. This is built on a peninsular, a long walk along a sandy strip, but more readily approached by ferry from Keyhaven. This is what Tony, H & I did in summer 2003. In some parts there are hooks and rings attached to the ceiling. HG said she was sometimes hung from these by her feet, naked and then beaten and cut. Ceremonies are also held there.

Coppins, Ivor. Belongs to the Duke of Kent. Not sure if used for Ceremonies, or just for meetings of Cult Members, including Policy Meetings. Possibly for meetings of Commanders, in which case, no robes would be worn and it would appear more like a Seminar or Conference.

West Wycombe, Church with the Golden Ball and surrounding buildings, some of which ruined. This place has been mentioned also by a number of survivors and therapists, including Pamela Klein, a US psychotherapist. I have been there. It is situated high on the hill above 'The Hell Fire Caves' where the so called 'Hell Fire Club' held meetings. The church has alternating black and white tiles on the floor and it looks more like a Masonic Temple than a church. I am told that ceremonies are still held in the church and nearby ruins, possibly also in the caves.

Osterley Park, West London. HG said she was taken there many times for Ceremonies.

Black Park, West of London, Uxbridge. West of M25. Ceremonies held there. Has large lake. Pinewood Studios at NE end. HG taken there many times when living in Hillingdon. Not only for Ceremonies; also abuse, 'drowning' torture and other forms of punishment.

Pinewood Studios, West London (See Black Park). Ceremonies held there.

Savernake Forest. SE of Marlborough. There is an old red brick house with tall chimneys, within the Forest. Ceremonies take place in house and forest.

Harewood Forest. East of Andover. A303 runs through middle of it. Ceremonies take place there. Also punishment. HG taken there many times. Police have found things hanging in the trees.

Bournemouth, Public loos in Public Gardens. (I believe they have been demolished since I went there in 2003. They were boarded up then). HG taken there. Meeting place.

Bournemouth. Second shelter to R. of pier, facing seawards. Meeting place.

Max Bygraves' house on Bournemouth cliff top. Meetings.

Highclere Castle, nr Newbury, Berks. Owned by George Herbert, Earl of Caermarvon. Lives mainly in US. Have heard nothing sinister about him but possibly ceremonies held in the castle, when he is abroad.

Breamore House, Nr Salisbury & Fordingbridge. HG has very clear memories of both torture and ceremonies taking place there. She described the house – but didn't know where it was, or the name of it. Later, Pals told us of it. We went there. The hall has black & white alternate tiles, like a Masonic Temple. She had described a room which has a carved mantelpiece and a large table. We entered this room. The carvings were just as described. There were other parts of the house which she had described but these were not open to the public. Owned by Sir Edward Hulse, but no information known about him.

Highgate Cemetery, NW London. Mentioned by others including HG. M taken there in 2004. Used for ceremonies, burials and desecration of graves.

Arundel Castle, Sussex. Owned by the Duke of Norfolk. Mentioned previously by BS, VH and others. Ceremonies take place there. Daughter of Duke, Karina (see People) married to David Frost.

Leigh Park, Havant, Hants. House (2 stories – near a PO and some shops) where computers kept and Pals are or were incarcerated upstairs.

39 Dunbar Street, W. Norwood, SE27. House v. near railway and Church where, early on the day of the funeral of Pope John Paul 2nd, the cult held a mock funeral in which a young man was drugged then killed. He was dressed up like the Pope. The house in Dunbar Street is 2 storied; built of London brick.

Branksea Castle. On Brownsea Island, near Poole, Dorset. Used for meetings and ceremonies.

Epping Forest, Nr Waltham Cross, Essex. Used for Ceremonies; also for punishment.

'Satanists' at Bohemian Grove in California.

Satanic child abuse is widespread and often the police are involved in the cover-up.

1. Australia: In the late 1980s, a number of children at a daycare centre in the Mornington Peninsula, Victoria, began disclosing experiences of organised and ritualistic sexual abuse to their parents and the police.[3]

Their disclosures included instances in which they were taken in a car from the creche to a nearby house, undressed by adults and sexually assaulted, video-taped and filmed while naked, and urinated and defecated upon by adults.

The children disclosed that some of the abusers wore police uniforms....

[4] List of satanic ritual abuse allegations

In 2002, Chief Commissioner Christine Nixon refers complaints about the mishandling of the case by police to the Victorian Ombudsman.

An officer from the Ethical Standards Department was stood down a year later from the Ombudsman's investigation for "incompetence" after failing to pass on information from two key witnesses, and claiming that he never spoke to them when phone records proved that he had.

One of the witnesses referred to a tape of child pornography showing men in police uniforms sexually assaulting children from the daycare centre, however, this lead was never followed up by the police.

Another witness identified the house in which the children had been assaulted as being owned by a police officer.[7]

The principal of a private college on the Mornington Peninsula repeatedly told the Department of Human Services that a 12-year-old boy disclosed ongoing sexual abuse by an organised group of men wearing police uniforms.

According to the principal, all records of the child's complaint vanished.

A Victoria Police spokesman said he was not aware that files had disappeared.

The police declined to press charges, saying the boy had been "too well groomed" by the pedophiles and probably would not testify in court.[8]

2. In the early 1990s, Superior Universal Alignment, an Argentinian-based international cult, was implicated in the ritualistic murders of several children.

One of the leaders of the group, Osvaldo Marcineiro, confessed to murdering a number of young children in Satanic rituals, in which the children were tortured, murdered and their body parts cannibalised.

A number of prominent citizens were arrested in relation to the murders.

People sentenced in relation to the murders included a former police officer.

The charges related to the murders of three young children and the attempted murder of another, however, victim's families say that there were at least nineteen other murdered children.

The cult is based in Argentina and has branches in Holland.

3. In 2006, a jury at Dublin Country Coroner's court unanimously ruled that the infant found stabbed to death over three decades ago belonged to Cynthia Owen.

During the trial, Owen detailed her childhood history of satanic ritual abuse orchestrated by her parents involving at least nine other men.[\[22\]](#)

Following the findings of the Coroner's Court, Owen raised questions regarding the failure of the police to investigate the murder. [23][List of satanic ritual abuse allegations](#)

4. In 2003 allegations by three children in Lewis, Scotland resulted in the arrest of eight people for sexual abuse occurring between 1990 and 2000.

A 2005 investigation by the Social Work Inspection Agency found extensive evidence of sexual, physical and emotional abuse and neglect. [41]

Police investigation resulted in allegations of an island-wide "Satanic paedophile ring", [41] [42] though charges were dropped nine months later following an inconclusive investigation. [42][41]

5. Lt Col Michael Aquino, of the US military, has been accused of being involved in child abuse in the USA: "One child positively identified Aquino and his wife, Lilith (known to the kids as 'Mikey' and 'Shamby'), and was also able to identify the Aquinos' private home and to describe with considerable accuracy the distinctively satanic interior décor of the house.

"The young witness claimed to have been photographed at the Aquinos' home. On August 14, 1987, a search warrant was served on the house. Confiscated in the raid were numerous videotapes, photographs, photo albums, photographic negatives, cassette tapes, and name and address books.

"Also observed was what appeared to be a soundproof room.

"Neither of the Aquinos was charged with any crimes...

"The U.S. Attorney in San Francisco handling the case was Joseph Russoniello. Russoniello would later be identified by reporter Gary Webb (of the San Jose Mercury News) as a player in the Contra cocaine smuggling operation led by Lt. Col. Oliver North and company, just as witnesses would later identify Lt. Col. Michael Aquino as an operative in the very same sordid affair."

Fort Bragg: "Aquino was also identified by children in Santa Rosa and Fort Bragg, California. In the Fort Bragg case, 'allegations of ritual abuse erupted...

"Cases erupted at some of the country's most esteemed military bases, including Fort Dix, Fort Leavenworth, Fort Jackson, and West Point. Many of those making the accusations were career military officers who had devoted their lives to unquestioned allegiance to the U.S. armed forces. Many would resign their posts in outraged protest...

"The Times Herald Record reported in June 1991, the 'incidents [at the West Point Child Development Center] unfolded against a backdrop of satanic acts...

West Point: "The Mercury News reported, 'by the end of the year, 50 children had been interviewed by investigators.

"Children at West Point told stories that would become horrifyingly familiar. They said they had been ritually abused. They said they had had excrement smeared on their bodies and been forced to eat feces and drink urine. They said they were taken away from the day care center and photographed.'

"Despite abundant medical and psychological evidence and literally dozens of child witnesses, and despite '950 interviews by 60 FBI agents assigned to the investigation,' the investigation, 'led by former U.S. Attorney [and future mayor] Rudolph Giuliani' produced 'no federal grand jury indictments,' according to the Herald Record..."

In 1989, Dutroux was sentenced to 13 years in jail for kidnapping and raping young girls. He was out within 3 years.

Dutroux claimed that two police officers had helped Lelievre and himself to kidnap Marchal, and Lambreks who were later raped and murdered.

Facebook, Twitter and gooGall are ALL part of the coverup crew for this world wide Jewish/Kabbalah cult!

The Jews doing this do NOT call it "Satanism", nor do they "worship the devil". They had their "Christian" side of the Bi-Bull serpent clan, aka Sionism, call it that to allow Zion a level of indirection.
(Hegelian dialectic)

It pains me deeply to see a well respected blogger, accidentally spread disinfo, as if this just started in the US by the CIA with the Jewish creation called "Satanism". (Nor were the London tortures the first!)

Perhaps my attempts to communicate conclusive proofs of their ritual lingo and that its been traced to the mAYins, have failed.

Same serpent cult, it would appear, that existed in the Ohio valley. (This was traced/corroborated via symbols, numbers and rituals that have only gotten worse over time.)

It appears these "serpents", spirits, demons, whatever you call them, are in charge, not a tool, as formerly appears to have been the case when the Dracos were in charge.)

Like my comments, which are a total waste on Jewtube, twitter and Facebook,

the blog is being typo'd, images swapped. Very frustrating indeed, but a certain tribe knows, outside their cult, AFAIKS, ONLY I have their 'numbers' and have been attacked in their unsuccessful attempts to stop me. The long term affects of this has been a type of brain damage that only adds typos due to a type of ADHD-like side effect.)

"They" appear to be rooted at the Tribe of Dan(19), and perhaps this tribe was taken over by the powerful spirits that benefit from all this garbage with children that appears crazy, but is actually a "TITHE" to these creatures who feed on YIN, thus sAYin/zAYin: s/z=serpent, A is the "bull" at the spine base, aka sacraL chi pump.

Aangirfan, why have I not heard from you in all this time with you restoring my deleted comments?

Countdown to London 2012 Olympics - Christ Church Primary School pupils help Mayor unveil logo at St Pancras International

Published: 10 March 2011
by TOM FOOT

PUPILS from Christ Church Primary School in Hampstead joined Mayor of London Boris Johnson to unveil a set of giant Olympic Rings at St Pancras International Station.

Fellow Camden pupils from Maria Fidelis Convent School choir also attended Thursday's

event, where they performed for an audience gathered to see the first 2012 unveiling of one of the world's most recognisable logos.

The rings, which traditionally appear in hosting cities in the run-up to the games, measure 20 metres wide by nine metres high and weigh 2,300 kilograms.

Built by a team of 25 people over four weeks, they were transported by lorry in 39 separate parts to St Pancras, where they were secretly assembled and installed over seven nights.

<http://www.beatrixcampbell.co.uk/tag/child-abuse/>

excerpts

FOR A DAY in July 2014, the advocates of children in care institutions who have been sexually abused by adults – including suspects shielded from scrutiny by the Establishment – tasted triumph: their campaign for an inquiry into historic abuse and cover-up had finally been rewarded, there was to be a public inquiry.

Then the government appointed a retired judge, Elizabeth Butler-Sloss, to lead the inquiry. The campaigners tasted defeat.

A woman of integrity, said her supporters. Yes, a member of the Establishment, but an honourable woman, well-placed because of her judicial inquiry into a child abuse in the county of Cleveland in the north east of England in 1987.

I wrote a book about the Cleveland crisis, the Butler-Sloss judicial inquiry and the consequences.

The Establishment recruited a woman to do in women in the child health and welfare professions at a radical moment in the history of childhood and protection from adversity and abuse. Thereafter, Butler-Sloss reserved her ire for the women in this case –

The crisis was something to do with men: men who buggered little children; physical signs on the bodies of children whose average age was six, suggested penetrative abuse; And a police force that refused to investigate suspected crimes against children.

By 12th July 2014, neither the government nor Butler-Sloss could cling on. She withdrew. Her demise takes our gaze beyond the horizon of the elite gene pool: it was not just her

dynastic connection to the Establishment that offended people; it was her brother's role in alleged cover-ups that went all the way to the top; that involved not only the elite but the security services.

He was, in fact, 8 at the time.

I don't believe that he is lying or fantasising, I believe that his father is a member of a (widespread) brutal Satanic death cult who tortured and abused him and his sister and are doing the same to others.

Perhaps you can't swallow the enormity of this situation?

butike 4 February 2015 at 02:33

I am simply pointing out the glaringly obvious fact that the boy in the film isn't sexually mature which then necessarily calls into question his truthfulness. Don't automatically assume that I don't get the enormity of the situation. If this is true it's obviously a terrible situation and the perpetrators need to be brought to justice.

However, there is also the possibility that this is being put into the public domain with the deliberate intention of it being exposed later on as a hoax in order to discredit other genuine satanic ritual abuse victims. This same tactic has been employed recently in regard to the Charlie Hebdo shootings when someone produced a fake BBC news report which stated that it appeared that the shootings were a false flag event. The fake news report (almost immediately revealed as fake) was clearly created to be blamed on the members "truth movement" who have been exposing the Charlie Hebdo shootings as yet another mainstream media hoax.

Anonymous 5 February 2015 at 14:33

You guys are misunderstanding the boy. The boy said, "they rub until the white stuff comes out". I believe he was referring to the men that abused him, that the men rub themselves on him until their white stuff comes out. The interviewer then said "they rub your willy", and the boy might not have understood what the interviewer meant. Before the question, the boy said about the rubbing, and don't assume that he meant his privates. He meant the privates of the men, and the men's "white stuff". He just got confused, he is a child.

Anonymous 6 February 2015 at 04:18

The 'interviewer' is the Mother's stoner boyfriend. The kids were about to be taken into care so he produced these videos that deflect any blame from himself or the sad excuse for a Mother. The kid is brainwashed into saying this crap. He's repeating it pretty much verbatim and the 'interviewer' (i.e. the weird boyfriend) is leading the witness. BS.

Anonymous 12 February 2015 at 05:40

that would be the real proof in this case not whether a boy of 8 can produce sperm. abuse may heighten sexual response as evidenced by kathy o brien transformation of america. btw the inspection of muffs and willies of perpetrators should be carried out by people who could not be possibly linked/manipulated/corrupt

Anonymous 13 February 2015 at 03:53

these kids are telling the truth their description are too detailed for there to be any other conclusion. the boy also describe about a strap on willie, and the noise the velcro made when she did it up or undo it, that descriptive could only come by experience, also he talk about the mark on the female vagina how could he have known about that if he didnt see it. just like in the case of jimmy savile and those other high profile people the children are being once again ignored, until these pedophile are too old and decrepit and is of no use to themself or anybody else then their story is allowed to come to light. so to those that say these children are lying you are either a part of this ring or affiliated with it.

Anonymous 13 February 2015 at 03:58

If child been abused from the birth it could produce sperm at very early age.

Anonymous 18 February 2015 at 22:56

I asked my husband how old he was the first time he ejaculated semen. He answered 9. I've asked several other male friends, they all answered ages ranging from 8-11. Why do people think that a boy child who is sexually stimulated (either by themselves NATURALLY or unnaturally via abuse) cannot ejaculate? Ask a physician and they too should be able to confirm this fact. We just can't wrap our minds around a child being sexually stimulated which is understandable! Humans are developing sexually from birth. It isn't the same as adult sexuality and should indeed be understood as a time in a persons life during which they are vulnerable and require protection. Children sometimes masturbate as early as their first year, but it isn't sexual, it is a COMFORT that is biological and natural and very very different than adult aware sexuality. I hope these evil predators are brought to justice! I believe these children are telling the truth. Why hasn't the school published a statement claiming innocence? Why hasn't the mainstream media reported on this situation especially since it has clearly gone viral! I would expect even a report mocking the claims as hysteria in the very least! Yet all we are hearing is silence and the silence is DEAFENING.

The boy stated that Ms Forsdyke "rubbed his willie real good" and that "she flicked it" referring to his penis. His off the cuff attitude doesn't come across as coached in the least, even with his having repeated the events numerous times. The story doesn't change. Usually police see that as indication that the person is telling the truth- especially such a young child who doesn't have the mental capacity to maintain or understand the complexities of lying. Many people simply cannot fathom that white upper class citizens would be up to such evil. Think again! We actually have plenty of evidence all around us of the evil humans are capable of. See the videos put out by ISIS? How they are selling sex with 1 year old babies and young girls who they have kidnapped and are selling into sex slavery, look at the beheadings, then tell yourself again that humans are not capable of such ghastly unthinkable behaviors! DENIAL is a powerful thing.

The UK is CLEARLY plagued with institutionalized abuse sexual and otherwise. SO MANY CASES with Saville and Westminster, all the headlines connected to child sexual abuse- only a complete moron would deny there is a problem. Sad thing, there are plenty of brainwashed statistis who follow the party line of denial.

My children both go to this school. I was shocked and terrified at first to read this. On reflection, whilst I don't deny that these things happen, I think there is something else to the story. Some of the things the kids say are just impossible. There is no way abuse can happen at the school during the day, or at school discos -which I have attended. Overall the school is a very caring close knit community school. The kids are happy. The mother is known to me, and I believe she may have had an axe to grind. The children may have suffered sexual abuse, but I don't believe it is as described. We should be very careful about jumping to conclusions, and putting at risk the reputations of those involved.

Both of my children attend schools in Hampstead, and this story is frightening. In one of the videos the girl says that many of the other schools in the area are involved, including Highgate School. I have heard from more than one long term resident of Hampstead or Highgate about the long occult/coven history of the area. If this mother does have an "axe to grind", she is taking a great risk allowing her children to name such prominent members of the community, like Fr. Paul Conrad. What do you know about the father, Ricky Dearman? Having done a quick Google search on him, I found his string of Weight Loss and e-marketing businesses some what dodgy. But many parents in the area have similar companies, registered to some cruddy address in North Finchley, providing them with large incomes.

Last month, a popular dance teacher in Hampstead was found dead in a flat above the King William IV pub. The cause of death is not yet known, only that they were unable to resuscitate her. Very odd for someone so young and fit. I am not saying her death is related to the alleged abuse at Christ Church Primary, it just stuck out to me as very odd, and jumped to my mind when I read this story.

Anonymous 4 February 2015 at 02:52

Let's not forget the man who was found hanging on the Heath last full moon, bless his soul. Let's hope what they did to him was not too painful.

From what I have seen, I am very sorry to indeed to hear that your children attend schools in Hampstead. I do not believe that the mother has an axe to grind, as previously alleged. If I were you I would make a fuss about this. But be careful who you trust - this is rife and stretches up to the top of Camden and the

local police and judiciary.

The children's medical reports state that the police had been called out on several occasions because Ricky Dearman was committing "domestic violence." The medical reports make horrific reading as the children are examined for anal abuse (it is confirmed - with scarring).

I hear that the police also took the children to have hair follicle tests to ascertain whether drugging had taken place. The mother has not allowed to see the results! Basically, everyone but the mother knows that the children have been drugged and they can't let her know because this is a monumental cover up.

These children have NEVER made any allegation that their loving mother has hurt them in any way. Yet she is not being allowed to see them and the father has regular access while they are in "Care".

Mothers all, you should be OUTRAGED at this. Your children are in danger. It is a terrible fact (I've seen this case and investigated it in detail) that there is an extensive Satanic death cult in operation in N London - and its tendrils extend throughout the country. Indeed, internationally: babies are being trafficked from developing countries for murder and ritual sacrifice.

Good luck to you. What will you do to protect your children, if not help another mother? You should be saying:

I AM THOSE CHILDREN
I AM THEIR MOTHER

Wasn't Harry Potter originally from North Finchley?

Anonymous 4 February 2015 at 09:23

I am surprised that the anonymous mother 14:34 from the Christ Church Primary School seems more concerned about the reputation of the accused than the safety of her own two children. The allegations could not be more serious in nature...child rape and the killing, cooking and eating of trafficked babies. Not a one off...regularly. Local restaurants are clearly named...the public must be informed as they could be consuming themselves. The Finchley Road shoe repair shop so clearly described as having the baby-skin shoes involvement is also an established locksmith for the area who does 24hr call out.

Anonymous 5 February 2015 at 01:04

I have seen other documentation sent out by the Mother of these two children and her boyfriend. I believe the latter wrote most of it. The allegations are laughable. It is all a big lie dreamt up by a stoned (and just plain weird) boyfriend and the pathetic excuse of a Mother. It's now part of a legal process to make sure the kids are kept safe (they are).

I read that 21 parents wrote letters on behalf of the school in this case. see the link below for hampstead school paedo teacher being let off with community sentence after 21 parents again wrote letters of support. coincidence? the 8 year old boy says there are 20 special children whose parents are also part of the abuse. another coincidence. having such a tight knit bunch is sure handy and whilst all the other children in the school with good parenting etc seem like nothing untoward could be going on, be aware that this is how 'deniable plausability' can be produced. these people are so clever and sly they can do things right under your nose, you are not expecting it, dont have it in your awareness and therefore dont see it. it is not until you have model x colour y car you start noticing the others like it.

Susan B 12 February 2015 at 05:50

Anonymous 13 February 2015 at 13:56

@Susan B, that story... wow, just wow. I don't even know what to say. It is so wrong on so many levels. For 21 parents to write those letters is just amazing. If that happened here in the US, the entire country would be screaming for his execution. And for him to only get community service is just unbelievable. And to top it off, the writer of the article made it sound like the little girl was seducing the teacher.

Anonymous 13 February 2015 at 16:57

How are you guys not banging down doors and freaking out asking for answers???

This close and there's allegations of murdering and abusing children? ?? last time i checked that is a felony punishable probably by death. if your children go to school i seriously would do some serious investigating and not just worry about your own children but about all the children being abused and or sacrificed ...this is completely unacceptable.... please please please for the love of god put into this because there could be babies needing your help. i'm half a world away but i'm ready to jump on an airplane and go visit the school and see what is going on. obviously your government and police force is f***** useless

Anonymous 16 February 2015 at 10:36

Your children go to this school? You don't doubt the actions of sexual abuse and murder? You still send your kids to school there? WTF is wrong with people?

Anonymous 17 February 2015 at 16:18

The fact of the matter us this - if you or I had a complaint made against us about us abusing a child we would be made to prove we did not do it. The children give details that would confirm or refute the allegations and should be made to take medical examinations that would once and for all at least prove their involvement or otherwise. No birthmarks, tattoos, piercings, warts or spots and that would be the end of it. If I was accused I would want to clear my name and it is not as if adults are not used to being examined by doctors. It would be foolish to send your children to this or any Hampstead school without being sure as at the end of the day WE HAVE TO LISTEN TO OUR CHILDREN! If there is a slight possibility that any of this is happening then it has to be investigated and by a police force outside of the area so that there is less chance of a cover up,

The Kinsey Institute .

'.. aspects of orgasm observed in pre-adolescent boys ranging in age from 2 months to 15 years'.

<http://www.kinseyinstitute.org/about/cont-akchild.html>

Regardless if the child had an 'orgasm', and/or if 'white stuff' did or didn't come out, this child knows way too much about sexuality to be making such a banal statement. I just had a similar account on my forum, where the validity of the victim was once again, in question. Odd, the first time in history the public has had such point blank admissions and all of a sudden, like clockwork, deniers and victim blame become more important than the children themselves. My my, just goes to show how concrete re-enforced defense mechanisms to the brain really are.

Re The Kinsey Institute:

Unfortunately Alfred Kinsey's research data is deeply suspect, as shown in Dr. Judith Reisman's 'Kinsy - Crimes and Consequences' and other critiques. See also: <http://www.thecrimson.com/article/1954/4/29/two-professors-blast-kinsey-sex-report/>

Anonymous 4 February 2015 at 10:17

OK, I can see what you were trying to get across above. Your lack of knowledge of sexual abuse situations is a good thing. If you can think this through, this child knowing that 'white stuff' comes out of his penis is a huge indicator that abuse has happened. And by the added material above it most certainly has. Even IF this child cannot produce anything on his own, he can still have orgasm and ejaculate. Number two, even if NOTHING comes out, he has still SEEN men that it does happen to, therefore in his poor abused mind he knows that this is the goal.

Anonymous 5 February 2015 at 01:05

Stop this now. You know that these allegations are false and that the Police have been involved. You also know that the kids have conceded (albeit after a few days in care) that the stories were made up by the Mother and her boyfriend and that they were coached in what to say.

errr TROLL methinks!!!! either that or some kind of subhuman pondscum...

They are CHILDREN! and even if they are lying (if so they are DAMN good at it coz it just trips off their tongues) something really fucking bad has happened to them regardless, to make them capable of saying things like that, combined with the physical, medical evidence that backs their claims

what vested interest do you have in people not listening to these kids?... i think its ur ip address that people should be tracking!

you are a disgusting excuse for a human being, people like you are responsible for this kind of abuse and the reason it happens! i wish all their pain on you tenfold!

these victims have been ignored for decades! thousands of innocent lives obliterated to satisfy the sick lusts of deviants! and its because of people like you that they are too scared to speak out... scared people wont believe them...

well seems the tide is finally turning and these innocents are finding their spirit! they wont be silenced any longer, the net is closing and karma is coming for the sick lowlifes that have been hurting our children...

my advice to them??? drink the cool aid dirty scum! coz ur day of reckoning is coming!

Anonymous 7 February 2015 at 18:12

Well said 08:35.

The children also allege that babies are being brought back to the UK from places like Tangier and Guyana (in some cases the children state which parents are, allegedly, doing this). This is appalling. Yet I doubt anyone from the UK security services has contacted the Moroccan or Guyanese governments with this information.

Anonymous 5 May 2015 at 23:12

Any comment to the contrary is just to 'play' those innocent enough to take the bait.

okay, what is with those videos? Who is making them? Context is badly needed otherwise it just seems like someone might be exploiting these kids by making the videos, perhaps a type of porn all on its own, having kids talk like that. Honestly, I get a very bad vibe. If the person making the videos is not an abuser and he's responsible in any way for them why is he not keeping them out of school? Or is he? This makes no sense. The subscriptions on that youtube account are all for gaming which is also a red flag. I don't know... just total creepiness.

The post explains that the videos were made by the mother and her partner. The children have reportedly been taken into custody by the police. The YouTube account is run by a man who normally uses his account for vids of interest to his young kids.

Anonymous 4 February 2015 at 06:06

Might I suggest that the "bad vibe" you are getting originates from your inability to accept that what these brave and honest children are saying is true? Thanks to a brave adult supporter they were able to speak out on video. Now another brave adult support has uploaded them on YouTube, Now Aang is being brave enough to support them, too.

What is it that makes you think all these brave adult supporters know less than you? Personally, when I listen to the children I get a "ring of truth" vibe. And trust me, I am not the only one.

Anonymous 4 February 2015 at 19:50

You may suggest that, but for me, personally, the jury is still out. I believe that ritual abuse occurs. I don't have any reason to doubt these children or the people who made the videos. I am asking for clarification on a few points, that's all.

If I were to film children giving testimony of such horrible acts I would not post them on a channel filled with videos that 'might be of interest to my young kids' or other people's young kids. It seems that someone with children's best interests at heart would take three minutes and set up a separate account so as to protect children from seeing the videos. That is what makes me leery.

Anonymous 6 February 2015 at 04:20

The boy's Mother's boyfriend shot the video.

Anonymous 17 February 2015 at 16:34

Yes but the children involved may benefit by seeing that you can speak out and also parents not involved need to hear what is going on. These children have far too much information that they speak without any hesitation and if they were coached then they would be trying to recall their lines. They speak naturally and frankly and I don't know any 8 or 9 year old that even if coached could treat the subject matter so matter if factly if they were lying. When taken by the police they would have been scared as they say police were involved and were told they would die if they told I would recant under this circumstance and I am 60 years old. There is most definitely truth in what they are saying and anyone who thinks this does not merit the most thorough investigation by 'trusted' investigators is either plain stupid, a pervert themselves or part of those trying to cover this matter up! We owe it to these and all children to take the allegations seriously until proven false!

You'll find him up at Christ Church School on Wednesdays "doing sex" to the 20 "special" children.

Mothers who do not know - and there are good parents at CCS who are not involved - do not understand that they are not part of the privileged group of "20 special children" who are abused by governors, teachers, parents, social workers (Cafcass), police people, Ricky Dearman, school nurse and other locals.

Ricky Dearman is the leader of the cult in that area.

My kids is supposedly one of the 'special kids' that he is 'doing sex to'. Happily for me all these claims are just BS and I have a happy, well nourished kid that loves the school and all of his mates there. There's no cult. There's no abuse. There's just a school that its the Top 10 primary schools in England. The two kids don't go to that school anymore. They don't go because they were taken into care. Just as they were being taken into care these allegations were published. Why? You join the dots.

You have a Mother that's incapable of looking after her kids, and a boyfriend that is weird and gets stoned the whole time. They've made up spectacular allegations against the school and the whole community.

Your reaction? Pull the kids out of school and live in fear.

My reaction? Understand the facts and accept it for what it is. Even talking about it on here gives the story a tiny % of credibility. It's utter BS.

Anonymous 17 February 2015 at 16:47

We cannot believe a word this alleged parent says - could be involved and trying to cover up. Medical examinations should be demanded and then we can take it from there. Just because some anon person comes on here and says its BS means nothing - it could be anyone even the childrens father! We have a duty to listen to the children and should make no apology about that!

This statue was recently erected in front of a mansion, on West Heath Road, not far from the Hollycroft Avenue address.

<https://www.flickr.com/photos/rodwey2004/13104893513/>

Very Eyes Wide Shut. The statue is clearly visible from the street. The house has a very interesting history. It is called Sarum Chase, and was built in 1932 as the home and studio of portrait artist Frank O. Salisbury. On 7 June 1968, it was the setting of a photo shoot for The Rolling Stones, for their Beggars Banquet album. The house was also the setting for a low-budget horror-glamour 8mm short film, Miss Frankenstein. It was also used for some of Andy Milligan's London-based movies such as The Body Beneath and The Rats Are Coming! The Werewolves Are Here! It also appeared briefly in Disney's live-action movies 101 Dalmatians and 102 Dalmatians as the exterior of Cruella De Vil's home. Just another piece of Hampstead History

The artist of the sculpture on the Sarum Chase estate is by the Phillip Jackson. His work has a very dark under current.
http://www.philipjacksonsculptures.co.uk/Large_works/index.htm
One of the galleries that reprints him is the Catto Gallery on Health Street in Hampstead village.

Anonymous 18 February 2015 at 16:23

A set of those sculptures is in Milton Keynes as shown in this article about the film Eyes Wide Shut (scroll halfway down).

<http://kentroversypapers.blogspot.co.uk/2006/03/eyes-wide-shut-occult-symbolism.html>

There is a side-by-side photo of one of the sculptures and a character from the film which attends the ritual. The link to the Satanic ritual makes it all the more creepy. Coincidence? What might be going on in the neighborhood of those sculptures in MK?

Good.

It is clear that the rampant rape of children is institutionalised in Britain and elsewhere, beyond the eyes wide shut of those who prefer to ignore it as it scares them, no matter how many children are sacrificed to the Bablyonian Talmud and those it tricks into bowing down to its evil.

Hampstead is home to such secret societies, as is the City of London, Tel Aviv and anywhere their acolytes inhabit.

It is a pity that the CSA inquiry in Britain is now to be head by a 'New Zealander'; a country taken over and led by the Talmudists at the highest levels; a country where common folk also complain about institutionalised secret child abuse .

You guys are misunderstanding the boy. The boy said, "they rub until the white stuff comes out". I believe he was referring to the men that abused him, that the men rub themselves on him until their white stuff comes out. The interviewer then said "they rub your willy", and the boy might not have understood what the interviewer meant. Before the question, the boy said about the rubbing, and don't assume that he meant his privates. He meant the privates of the men, and the men's "white stuff". He just got confused, he is a child.

There we go, that makes the best sense. I was trying to imply that above but just couldn't get the point across. It is the language that this child and his sister uses that solidifies it for me in my head that ritual abuse did happen. Even if it was partially scripted from the movie 'Zorro unmasked' as it said in one of the articles revolving around this case, those children should not have remembered such details. Obviously there is some coaching which throws an incredible amount of incredulity to these accounts, which may end up getting these poor children in much more harms way. Either way, we have to bring coverage to this case simply to garner enough public attention that they WILL be protected.

Anonymous 5 February 2015 at 12:50

Great suggestion, thanks - that makes things much clearer.

I live near Hampstead and am very concerned about what the children have said in the video's. So much so that i was thinking of reporting the videos to the local police or council but I don't trust either to not cover up something as horrendous as this, if what the children say is true. What to do?

Dear 12.37

The cover up is already on. The police and judiciary have had all the information but are, basically, ignoring it.

There are, however, lots of decent "normal" people around. Do you know any in your neighbourhood/London with whom you could discuss your concerns and come up with a plan of action?

Or you could perhaps support the mother at the Royal Courts of Justice on 16th, when a secret family court meeting has been scheduled. (Check first that this is taking place and has not been cancelled). If you go there you might meet other supporters who share your concerns and could give you ideas about what to do.

Please don't forget that these people are in the minority. Yes, our society faces a serious problem but that does not mean that it cannot be resolved.

Sabine K McNeill 7 February 2015 at 11:53

Exactly! The veracity of the children's allegations is 'proven' by the depth of cover-ups and the number of institutions involved: first Barnet Police with Camden Council, then Barnet Council with Barnet Court and now the High Court with the Commissioner of the Metropolitan Police. They even got a barrister from Haringey Council going, too.

We are indeed in the minority! But since we can't overpower them, we must outsmart them!

There are over 200 signatures on the petition now!!!

Anonymous 8 February 2015 at 04:41

Sorry, Sabine, I agree with you in general but not that we are in the minority. We are, in fact, in the majority. It is the placement of corrupt officials in power and in the public services that makes it seem as if we are in the minority.

None of the people I know are Satanists....I don't think. I believe/observe that the majority of people are good and just want to get on with their lives.

Sabine K McNeill 9 February 2015 at 15:05

I just meant that we who are there to support the mother in court in person are in the minority. In fact, she is expected to be there TOMORROW even though she and I are supposed to be in 'contempt of court'!

Meanwhile I keep waiting to hear from Theresa May...

Wednesday 4 February 2015 in News

WILTSHIRE'S top police officer has announced he will retire from the force in May in the midst of an ongoing investigation into the way he handled historic sexual abuse allegations.

In September the Independent Police Complaints Commission launched an inquiry into an alleged cover-up of information regarding allegations made in 2008 and 2009, which included looking at the conduct of Chief Constable Pat Geenty.

It was said that in 2009, a then detective inspector and detective constable, having examined the way the force dealt with the sexual abuse allegations, withheld information from the complainants as to the extent of the force's failings.

It is also alleged Mr Geenty, then the Assistant Chief Constable, withheld information and misled the complainants. The investigation is proceeding but if Mr Geenty is no longer a serving officer by the time they report their findings, he will not be subject to a gross misconduct panel.

A spokesman for the IPCC said further interviews will be conducted in relation to Mr Geenty and the two other officers.

“Our investigation is ongoing. All three officers were served with gross misconduct notices in September 2014 and were interviewed by IPCC investigators the following month, “ the inspector said.

...followed by U-turn as police force says chief constable under investigation over handling of sex abuse allegations WON'T quit
Wiltshire Police perform major U-turn on Chief Constable's retirement
Pat Geenty said he was retiring in May, three years before end of contract
He is under investigation by IPCC about his handling of sex abuse case
But now the force say he can't quit until the investigation is complete

There are so many dots being connected here, it's shocking. I must say the man filming asks stupid questions in a very non sensitive way, that said it's very clear these children have been abused.

I think all people want is for this to be properly investigated which seems highly unlikely given how far up the chain this appears to go.

I feel that we need to have a few clear demands:

1. Who is investigating this case?
2. Why is mainstream media avoiding this story?

Has anyone arranged any protests or contacted the school, any formal statements made? Surely, head teacher would have made a statement by now rejecting the claims?

The way they were questioned is actually about right. My daughter disclosed to me that she was abused and when she did so I had to hide the horror and speak in a very casual way whilst being told of her watching porn where 'a man must have had water from the tap in his willy because he squirted it in a womans mouth' and what she was made to do. I didn't want to make her think she had done something wrong by telling me or worry her into silence. If I show anger she will think it is her who has mad me cross or sadness she will think she has upset me see? Only after I got the full story could I cuddle her and explain and give proper reassurance. The problem with people believing it is that as I have learned, it is easier to believe a child is lying than it is to face up to the horror of what happened.

Looks like on huge group operating across Germany, France, Belgium, Netherlands, and I suspect probably Austria. You really believe Josef Fritzl operated completely alone for over 20 years? He HAD to have been running other dungeons with girls other than his daughter, and made money by selling them sexually. Natascha Kampusch also taken in Austria, may have been on of several or many taken by her captor, Wolfgang Priklopil, who supposedly killed himself, when she escaped. I feel strongly that the 'Fall Pascal' at the Tosa-Klause bar, near the French border was involved. Pascal's body was said to have been dumped across the French border near some bulldozer pit. The kids in both the French and German SRA documentaries describe each other's countries, or people from there, and the Germans speak of being taken to the Wewelburg near Paderborn GER in the castle dungeon, chained and abused where US Army Psyops expert and high up Intelligence officer, a former Church of Satan member (Magister?), and founder of the Temple of Set, and SS aficionado Michael Aquino writes on his website, that he did a ritual to call up the spirit of Heinrich Himmler, who made Wewelsburg a spiritual capital for the SS, with it's own slave

labor camp. Aquino was named by some witnesses as a major player in the Franklin Coverup scandal, also acting bag man for the underage sex and drug trafficking ring money in part going to support the US congress support banned Nicaraguan Contras, which ban Oliver North and a covert shadow group of CIA drug traffickers and arms traffickers, even dealt restricted Stinger missiles to Iran, in exchange for holding US hostages past the end of the Carter vs Reagan election time. Terrorism, drugs, the sex trafficking of children and teens, and the blackmail based corruption that comes with it, is the order of the day, the week, the month, and the years. Government business as normal. It's time the People went cloak and dagger, you think?

I believe these children. Even if they had been told what to say, for them to go so in depth with what they have been through. The mother and stepfather surely wouldn't have gone into such detail and the kids wouldn't have remembered so much stuff. I'm deeply disturbed by this and have messaged a friend of mine in the police where I live to ask for advice on what I personally can do to help these innocent children. Surely the adults accused should be examined to see if their personal distinguishing marks match the children's allegations. Anyone with children (unless involved themselves) would be horrified to hear of this and would want proof from the adults involved that they don't have the marks etc that these kids are describing. Surely that would prove or disprove what these children are saying. If I was one of those alleged to have committed such a terrible act and knew I was innocent then I would prove it by showing that I didn't have such marks.

I'm really, really, scared for all of our children's futures if anyone can say they are lying without proof of innocence.

Is it just a coincidence that the school website isn't available due to maintenance issues just as all of this is made public?

I agree with you. They should WANT to clear their names. I sure would. And the little girl never stops to look like she has to think up a good response. They aren't smiling like they are getting away with something. And honestly if a little kid was confronted by a police man (remembering when I was confronted by one for the first time) they would be very nervous lying to the police in fear of getting in trouble and even if they weren't that scared they would be stumbling on their words with A LOT LESS detail. The little girl you can tell is recalling all these places from her photographic memory. She is positioning herself at different angles to make it easier for her brain to describe the rooms better. If she was lying, her hands would not be moving around pointing and the "memory" doors, they would be by her side and sitting back thinking about a fictional place to describe. This is true on their behalf. I think the boy made up a little about the parties, but the abuse is real. Something needs to be done. This town has

already been in the news for a child molester at the same school and a witch coven in high stead or whatever that High place is called. These people are sick. And you are right I don't understand why more has not been done as far as confronting the accused. They made Micheal Jackson show his Willie when a child said he saw it with no proof. Why not the others in this case? Something is foul a foot. I hope we as the concerned can bring more of this to light and remove any sick people that may be involved in this.

[Reply](#)

Anonymous 13 February 2015 at 14:36

Isn't it the case that it's a created mixture of truth and lies? Perhaps the abuse took place and that is the truth...it was when the kids went into care that they were coached to say all of the other stuff. When the Police investigate the wilder claims they predictably find nothing and so can close the case. Or is it just me praying too hard that no Mother would allow her kids to believe in a fantasy created by a boyfriend? Whatever the truth is I hope you will join me in Praying for those children. I send them all my love.

Police failed to properly investigate allegations of sexual abuse in Nottinghamshire children's homes, a former senior social worker has said. Police have received more than 100 complaints of abuse since starting to investigate the homes in 2010. But the social worker said reports she made in the 1990s were not believed because of the children's backgrounds. Police and Crime Commissioner Paddy Tipping said: "Historically, victims haven't been listened to enough." Mr Tipping, who was a social worker in Nottinghamshire in the 1970s, was interviewed as a witness in December. 'Listen to victims' Speaking to BBC Radio 4's Today Programme, the former social worker - who wished to remain anonymous - said she made three complaints as recently as the early 2000s after children disclosed sexual abuse to her. "The difficulty that we had was that the residential staff would deny it. They would provide alibis for each other," she said. "The children or the young people: Where were they going to go? Even if we moved them... the staff moved around."

Great Article

The writing is on the wall..

In 2012 check out the WTF? reaction of MANY of parents at an un-named Hamstead primary school do when one of the teachers gets caught sexually abusing a 9 year old girl??? WTF they go to court in his DEFENCE claiming the teacher a "stalwart" and said: "This was so completely out of character that I cannot believe I am standing here even to discuss it."

here's the article judge for yourself...

I cant help but wonder weather there is a link between the large amount of folk belonging to a particular religious cult living in and around hamstead and what appears to be organised satanic sexual abuse?? Sabbat Sabbath Saturday Saturns day... Satans day.... ????

here is a copy of a comment an anomonus reader left on another thred but it complements my question perfectly.. thanks and respect to the Author

Reference the epidemic of child abuse sweeping the world:

It is difficult for us to deal with it as it is led by the Talmud whose adherents in the upper levels of finance, government, law, media and education believe secretly that it is perfectly acceptable behaviour - and only abhorred by the non-jews who must be managed into accepting it.

'Homosexuality with a male child under the age of nine years and a day is not punishable (Sanhedrin 54b-55a,). Scholar Rabbi Dr. Freedman's clear statement of the doctrine:

Sodomising a boy aged less than nine years and one day is not against Talmudic law; intercourse with a girl less than the age of four is permitted. No guilt is incurred by the adult. Samuel makes three the minimum age for a girl to be a 'concubine' or 'wife' for sex.

— Rabbi Dr. Freedman (21)

Moses set this precedent by urging the killing of all the adults captured by the Hebrews, but they could keep the children for themselves.

Our problem in most places is that pederasty and sex with children is considered wrong, by our ways. But the Talmudic and Kabala jews permit it and spread it wherever they can get away with it.

That explains the sexualisation of children in jew-controlled places, eg entertainment, the media, education, and the advance of the Paedophile Information Exchange in Britain under Thatcher's jew dominated government, eg Brittan and others - and the Labour Party under the likes of known boy rapist, Labour peer Greville Janner, Vice President of the World Congress of Jews and President of the British jew Board of Deputies when he was at the height of his offending in Britain, by British law - but perfectly acceptable to his Talmudic

law.

I saw Ricky Dearman business activities from 2008 onwards: weight-loss scams, 'underground actors' recruiting, Green Schools Promotions. He's a 'humna resources' hunter, so to speak.

Nothing to see here, Moms. Move along.

Anonymous 20 February 2015 at 06:17

More or less nothing. That's the second page with an honest person - a mother probably - asking about this.

Both pages are about mothers or females in general.

Both have been expunged, deleted or ignored.

Same for the many threads on various forums. Here's my hint: if you find a forum on current events that has NO DISCUSSION on this, that's a proof that the forum is heavily manipulated.

Anonymous 20 February 2015 at 10:19

The local paper, the Ham&High finally had some coverage on this story this week. But mainly focused on The council's urgency to get the videos off the Internet. Did not name the school. Also, the story is noticeably absent from it's website. I assume the reason for this is that people can comment on stories online, and they want to prevent it. One story, and then move on.

Thanks for sharing all this, just one small point, something caught my eye, that horrible wire sculpture of the tortured looking baby, according to the website featuring it, its infact by created by Judith Jeffrey not Roz Evans Flagg just to clarify. Not that it makes much difference, its so minor in the scheme of the rest of this.

I also find it strange that people are saying its too far fetched to be true... if two children had said 5 years ago that Jimmy Saville was having his way with dead bodies people would have said the same and yet we know that not made up. Its a sad fact that in this society nothing is too far fetched

As the authors of the post about Ms Evans Flagg, we'd like to say the following: if, as aangirfan says above, "There is no suggestion that any of these people are involved in anything improper", then how about deleting the photos and the link to my blog? It's silly to keep the photos up, especially as the "horrible wire sculpture" you mention, is made by a different artist. Don't worry, the minute we have anything satanic to post, we'll be sure you let you know.

I watched the youtube reel of Ricky Dearman 'acting'. He's a HORRIBLE actor and clearly thinks a lot of himself as does every sociopath. His eyes are so empty. Had I never heard of this situation and had viewed his acting reel- I would've gotten the same impression. He's got serious issues. I'm wondering what drugs he is on. He's got some dark shit going on inside.

I think it is simple what has happened here. The children were shared in a cuckolding and sex-ring, but they were also drugged and hypnotized to as to distort their memories. Also, the father works in Hollywood, so the "baby-sacrifices" are in all probability special effects tricks done in poor lighting that seem totally real to these drugged and young children.

Wow, so simple. Why didn't anyone think of asking you initially what actually happened? because I'm assuming you were there? I'm just amazed how people come forward with a story of what happened when they obviously don't know. Of course no babies died.. that just doesn't happen in our society. Duh. Wake up and smell the coffee.

Kathryn Holland 27 March 2015 at 04:46

Of course, so simple. Why didn't we think of asking you initially what went down because you were obviously there? I'm just amazed at how many people will give their account of what really happened as if it's anything more than their story. Babies weren't killed no, that just can't happen, the kids must have been making that up, it's drugs and movie tricks. How about an actual investigation..

I hate to be the typical Anomytard here, but I consider that the Church of Scientology may well be involved here, as they not only practise hypnosis and memory-confusion-tactics, but also spy on their members, keep tabs on their sexual proclivities, and, out of the mouth of the „prophet“ himself, blackmail them thereby. I am not a super-hacker so this is only speculation. I leave it to you.

Even if the children recanted their stories (maybe they were brainwashed to do so, or maybe they were brainwashed to tell the story in the first place) the fact remains the children had scarring in the rectum from sexual abuse. IT IS A FACT THESE CHILDREN WERE SEXUALLY ABUSED. The only thing in question is, who is responsible. From what I've read, it could be either the father, or the boyfriend (interviewer). Is there an open investigation? someone needs to be held accountable.

I have always thought the young boy believed all he was saying as truth. The video of him on 17th also seemed to be his genuine response, so not easy to say anything categorically. For that reason alone, I despair of how people have allowed the names and addresses of so many people, including those of the children's classmates, to be put on the net.

As much as I am appalled that children with signs of abuse could have the case closed, I still don't think anyone can be so certain of everything that was said to publish names and addresses. Do you people never ever have any doubt? These are the worst things anyone could be accused of! You can't just point the finger at people as if the case has been proven. One day someone might do that to you and you would then know how pernicious it is.

I plead with all sites who carry these videos to be responsible. You will need to find some way of masking the audio where names and addresses are said aloud.

And no way should addresses and names be written down for public access. It is an incitement to violence. As long as the MacKenzie Friends have this information so that it is not lost, then that is the only thing that matters.

These poor kids have anal scarring as a result of rape! Why have none of the teachers mentioned by these children given a full examination to prove they had no such markings on their bodies? If I was accused of something so fantastic I would be the first to proclaim my innocence by proving that I dont. This does not sound like a satanic panic Salem witch hunt as much as it sounds like a blatant satanic cover up! Disgusting!

Ritual sexual abuse is not confined to the Satanic seat of power, it has filtered down through society, from the top to the bottom, to a local level. People regarded as upstanding members of the community, often in influential positions, are involved in paedophilia and their respectable public face is far removed from their sordid private lives. They are operating in our schools, churches, hospitals and even the council.

In the 1990's, senior staff members in Lambeth council were producing pornographic material of a "sadistic, bestial and paedophile" nature in the basement of the housing department, where they knew they would not be interrupted. A female member of staff disclosed how she was subjected to a rape on council premises "of horrendous proportions" which she was still suffering serious injuries from one month later. She described being raped alongside children and animals by senior figures in the council.

The findings of a report which included rape, assault and posession of indecent images of children, was never formally investigated by the police at the time or made public. Bulic Forsythe, a housing manager who told a colleague he was about to 'spill the beans' was found three days later, bludgeoned to death in his burnt out flat. The BBC's crimewatch launched an appeal for information, like they didn't already have the answers.

Bulic's daughter, who was born three months after his murder said, "It's really clear the fear that operated in the council - it seems from the report my father felt that fear," she added, he was scared that if he moved jobs "people in power could still get to him." He clashed with an individual who held a senior position and is named in the report as the head of this ring.

I 100% believe this is a cover up. I hear children make up stories. They involve fantasy like "then a big ghost or devil flies down and he is on fire"....these kids are too knowledgable. The fact that no wants to clear their name. The way the little girl stops the interviewer if he gets something crossed that she is explaining to him to correct him. My brother had his step children make up false alegations using their real father as a coach. They said my brother urinated on them which was actually pretend and they knew as they were all having a water balloon fight. When the father heard them saying something about him urinating on them, he ran with it. The story changed a million times. First it was he urinated on them, then he plays with himself in front of them, then those were canceled and it became he just walks around them naked in the house. Needless to say without a BIT of evidence...my brother can no longer go ANYWHERE near them and they are living with their shitty father now. So the fact this father can still see the children is VERY strange. Also the foster carer as heard the's children point out vasoline in a drug store and heard them say is that what they use in my bottom? If you leave your kids in this school you must have something wrong with you. The kids speak too smoothly about this. And that they made it up after watching Mask of Zorro is retarded. I've never seen a Mask of Zorro episode that had plastic strap on Willies and little babies being drained of blood and eaten. Wake up people. I feel like another guy that posted on here and want to travel myself over there and infiltrate these wackos just to call them out on it. And if I saw ANYTHING like this happening I'd take matters into my own hands and rid the earth of the evil they are bringing down on it. Good luck with your misplaced optimism in these so called elite members of society. Have yall nor forgot about the news article about the witch coven from Highgate? That is 100% true?! It's a fact. That place has some real sickos there. And if you were any such of a decent human being you'd at least keep the father and anyone who had contact with these kids before the accusations way way way away from them. Sad day in Hampstead people.

The Child Abuse, Trafficking, Rape, Pornography, and Murder is completely out-of-fucking-control. It goes on with no problems because of the rich and powerful people involved in it. Or in poorer countries where they take kids for these activities protect their "child farms" with armed guards that will just kill you if you try anything. This should be A HUGE issue that's talked about on a daily basis instead of the nonsense that the news talks about, but it's all swept under the rug. Sickening
