

150th Year Celebration

Jersey City Public Schools 2023-24
District Calendar
Superintendent - Dr. Norma Fernandez

Board Of Education President—Natalia Ioffe

Superintendent's Message

Superintendent-Dr. Norma Fernandez

Dear Parents and Colleagues,

With immense pleasure, I extend a warm and heartfelt welcome to each of you as we embark on the exciting journey of Mission Possible during the 2023-2024 school year. Within the Jersey City Public Schools District, we are united by our shared commitment to equity, community, high expectations, inclusivity, and integrity as we serve every student.

*I am deeply honored to serve as your Superintendent, and I want to express my gratitude to all of you for choosing to work together with the District. Together, we form a diverse and dynamic community that fosters a learning environment where all students can thrive. Our district's success rests on the collaborative efforts of each individual, and you inspire me with the collective dedication I witness daily. As we enter this academic year, I invite you to join me in embracing our guiding principle, **Mission Possible**.*

***"Mission Possible"** is more than just a catchphrase; it embodies our promise, unwavering commitment, and pledge to the community. Our strategic priorities align with Mission Possible: High-Quality Teaching and Learning. We are dedicated to providing an exceptional educational experience that empowers students to reach their full potential. Our educators are committed to fostering academics, critical thinking, creativity, and a love for learning. Safe and Orderly School Environments are paramount to creating a secure and nurturing atmosphere for our students. We are committed to authentically engaging families and the community in supporting schools to ensure the development of responsible, fulfilled, and successful citizens.*

We understand the importance of improving our aging facilities and are committed to investing resources through efficiencies and sound fiscal practices. By working together, we can achieve greatness and bring about positive change in the lives of our students. Working together, our students flourish, and it is together that we can ensure they receive the finest educational experience possible. I invite you to join hands and hearts to create an educational landscape where every student has equitable access to opportunities and academic resources that engage and support growth.

*Sincerely,
Superintendent*

IMPORTANT MEDICAL INFORMATION FOR STUDENTS

Medical Emergency - In the event of a medical emergency that may require your immediate presence, your child's school must have on file a phone number and address at which you, the child's parent or guardian, can be reached. The telephone number of a relative or neighbor who will know where you may be contacted is also needed. If you move or change jobs, please remember to update your child's emergency information by contacting the school office. This information will be used only in medical emergencies. No treatment beyond first aid can be given at any hospital without parental consent.

Medications – Any student who must receive medication during the school day must have the medication hand-carried to school by a parent or guardian and given to the school nurse. Physician's orders for dispensing of medication must also accompany the medication. Students may not carry medication with them during the school day.

Health Policies – Please notify the school if your child is absent because of a communicable disease so that we may safeguard the health of the other students. For more information, please call your child's School Nurse. For emergencies that require immediate attention, please dial 9-1-1.
