

Department of Law and Public Safety  
Division of Gaming Enforcement  
Approved Leagues/Events for Sports Wagering

Last Updated: February 29, 2024

### **Summary**

Pursuant to *N.J.A.C. 13:69N-1.11*, the Division has prepared this document for informational purposes only to answer frequently asked questions about how new events and bets are reviewed as well as to provide a list of currently approved leagues and events.

### **Procedure for Approval of New Events/Wagers**

*N.J.A.C. 13:69N-1.11*: A sports pool operator shall not accept any wager on a sports event unless it has provided written notification to the Division of Gaming Enforcement of the first time that wagering on a category of wagering event (for example, wagering on a particular type of professional sport) or type of wager (for example, an in-play wager or exchange wager) is offered to the public. . . . The Division reserves the right to prohibit the acceptance of wagers and may order the cancellation of wagers and require refunds on any event for which wagering would be contrary to the public policies of the State.

To give the Division sufficient time to review a submission, sports pool operators should email [SBEEventNotification@njdgc.org](mailto:SBEEventNotification@njdgc.org) at least 72 hours prior to offering the new event or wager to the public. Pursuant to *N.J.A.C. 13:69N-1.11(a)*, this notice must include (1) the name of the sport's governing body in charge of administering the event or wager and (2) a description of the policies and procedures regarding the event or wager's integrity. Additionally, operators should submit updated house rules, as necessary, for each new event, pursuant to *N.J.A.C. 13:69N-1.7*.

**Operators must receive Division approval prior to offering the new event or wager type. Approvals are granted at the discretion of the Division. This procedure applies to both new events not previously approved in New Jersey and those events on this list which the operator has not yet requested to offer, even though the event is already approved.**

### **Types of Wagers Permitted**

Unless otherwise restricted, for all approved leagues, operators may request to offer any wager or proposition bet where the results are determined on the field of play and can be proven by a box score or statistical analysis. Additionally, the Division has pre-approved seasonal awards for all approved leagues where such awards are voted on by individuals covered under the league's integrity policy. Wagering on awards must cease at the time votes are due. Wagering on any events like a draft lottery must cease when the lottery is held, not when it airs on television.

**Any other type of wager must be sent to the Division for approval the first time it is offered and may not be made available for wagering until approved by the Division.**

## **Prohibited Events**

*N.J.S.A. 5:12A-10*: “Prohibited sports event” means any collegiate sport or athletic event that takes place in New Jersey or a sport or athletic event in which any New Jersey college team participates regardless of where the event takes place. A “prohibited sports event” does not include the other games of a collegiate sport or athletic tournament in which a New Jersey college team participates, nor does it include any games of a collegiate tournament that occurs outside New Jersey even though some of the individual games or events are held in New Jersey. A “prohibited sports event” includes all high school sports events. A “prohibited sports event” includes electronic sports and competitive video games that are sponsored by or affiliated with a high school or electronic sports and competitive video games and tournaments in which a majority of the competitors are under 18 years of age. A “prohibited sports event” does not include sports, electronic sports, or competitive video game events in which persons under age 18 make up a minority of the participants.
