

LEADER TECHNOLOGIES Inventor Protection Act (Proposed)

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

—a technology upon which the President and U.S. government now rely;

—a technology *stolen* by the “Facebook Cabal” who recruited the federal courts and Patent Office into their club of corruption.

Rescind. Investigate.
Sanction. Certify.

Contact your representatives. Ask them to pass it.

Real American inventors need your support.
