PAY-to-PLAY NEW WORLD ORDER

This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box from which to steal new ideas.

parentage. The Allan family appears not to be working class, as the parliamentary historian indicated. All four Allan grandparents were raised in houses with servants.

Baron Richard's father (the chauffeur) attended the elitist [Haileybury College](#), founded by the [British East India Company](#), whose graduates include [Clement Attlee \(prime minister after Churchill\)](#), [Rudyard Kipling](#) and [Thomas Malthus \(eugenicist\)](#). Attlee founded the National Health Service (NHS) where Richard Allan worked for six years. Allan's father had one brother and one sister (birth, marriage and army documents are being sourced). Allan's grandfather lived in the exclusive Cartwright Gardens crescent—a five minute walk from [Tavistock House](#) (pregentor of C.I.A. MKUltra mass brainwashing techniques used in the MSM and social networking). [The Tavistock Institute](#) was a part of the British WWII effort and it is possible that grandfather Allan worked at the Tavistock war office. Baron Richard has not disclosed any of this family background to the public. [More detail requested.]

FACEBOOK NO-NAME SENT TO SPOOK THE MARKETS

(DEC. 04, 2018)—Last week, an unprecedented European policy panel on censorship and fake news skewered Baron Richard Beecroft Allan—Facebook's UK director of public policy—when he appeared for a hearing, but [Mark Elliot Zuckerberg did not](#).

Nothing about Facebook's conduct that day made sense.

Just weeks earlier, Facebook had announced that Sir Nick Clegg, the former British deputy prime minister, had been appointed vice-president of global communications.

At the very least, it would have made more sense that Sir Nick face the grilling instead of the no-name Baron Allan. Perhaps Sir Nick was laying low after the scathing AFI exposé of his globalist misconduct a few weeks earlier. See [AFI. \(Oct. 25, 2018\)](#). Queen's Privy Council infiltrates Facebook to destroy MAGA Brexit and take control of Project Dragonfly. *Americans for Innovation*.

WHO IS LORD RICHARD BEECROFT ALLAN AND WHY HASN'T HE DISCLOSED HIS FINANCIAL HOLDINGS?

This question took a while to answer because his resume is full of fluff and obfuscation. For example, he never disclosed his financial holdings to Parliament, nor has he filed Form D insider trading disclosures while an officer at Cisco or Facebook.

If Allan is true to form as compared to other titled British NWO interlopers, he is probably loaded down with such a twist of interlocking holdings that he cannot pass ethics scrutiny, so he hides them.

BARACK OBAMA'S DARK POOLS OF CORRUPTION

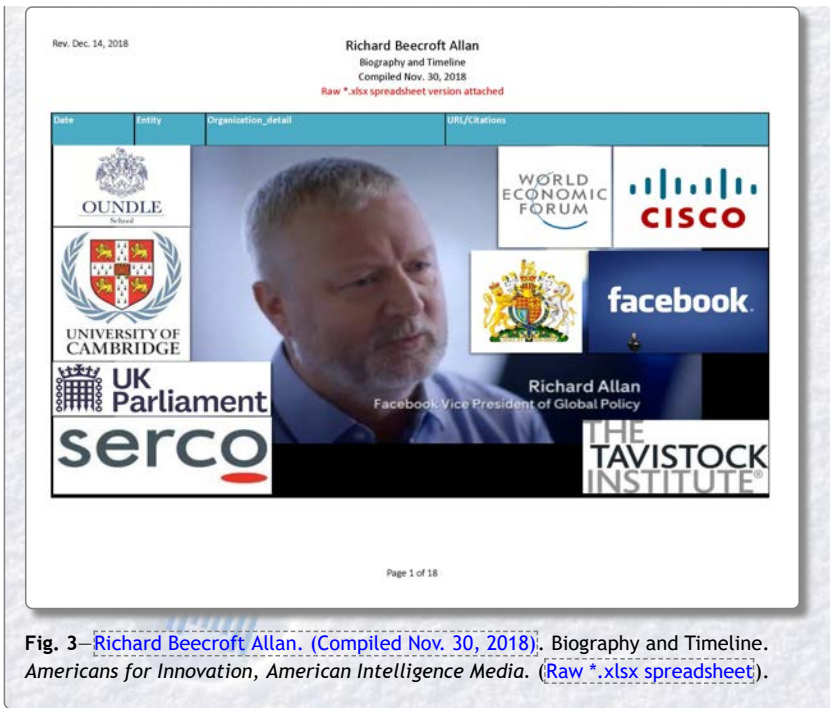

Fig. 3—Richard Beecroft Allan. (Compiled Nov. 30, 2018). Biography and Timeline. Americans for Innovation, American Intelligence Media. (Raw *.xlsx spreadsheet).

He was born Richard Beecroft Allan on Feb. 11, 1966 in Sheffield UK to a chauffeur father (John) and personnel manager mother (Elizabeth born Beaumont). [Note: New geneological research shows that Lord Richard's father was not a chauffer, but rather the son and grandson of British elites associated with the the British East India Company, Haileybury College, Thomas Malthus, Cambridge and the Tavistock Institute (C.I.A. mind control) in London.]

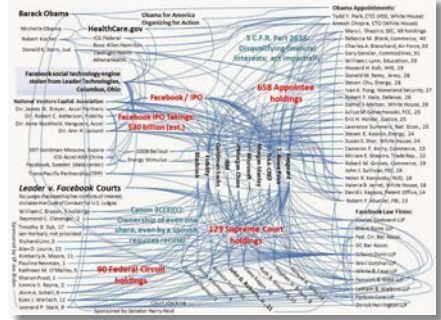

Baron Allan of Hallam, of Ecclesall, Sheffield, in the County of South Yorkshire

He attended Oundle School, an expensive co-ed private school that sources say is notorious for rampant promiscuity. Such a school is normally beyond the reach of Britons on blue collar salaries.

He also tells us nothing about his parents. We had to dig their names out of an obscure book published by

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

[ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!](#)

Click image above to download a poster-quality PDF optimized for a 11in. x 17in. (ledger-size) poster. America should not be in the business of cheating its entrepreneurial investors simply because the cheaters buy off judges with the money gained from their theft. Such permissiveness is obscene.

Parliamentary archivists, confirmed by birth and marriage public records. See Allan's biography above, [Fig. 3](#), for more detail.

Normally, *Burke's Peerage*, a British genealogical publisher founded in 1826 and devoted to the ancestry and heraldry of the peerage, baronetage, knighthood and landed gentry of the United Kingdom, is a quick source for information about a Lord's parents, siblings and children.

So what achievement or parentage (some call it the "lucky sperm club") distinguished Richard Allan to be honored as "Baron Allan of Hallam, of Ecclesall, Sheffield, in the County of South Yorkshire?"

After Oundle School, Allan attended Cambridge and received a BS in Anthropology and Archeology. Following archeology projects in Britain, France and Ecuador, he attended Bristol Polytechnic where he received a master of science in information science.

Bristol Polytechnic does not distinguish Allan in science. Such institutions are generally where people go when they cannot get into the top programs at schools like Oxford, Cambridge or Imperial College. Since he attended Bristol Polytechnic for only one year, he could have barely picked up technology lingo like SQL, Java, PERL, and HTML. Notably, he sprinkles these acronyms liberally in his subsequent writings, which may impress a novice, but to AFI researchers it is cheesy.

Allan was married to Louise Maria Netley from Bath, Avon for ten years from May 9, 1991 to 2001. They had one daughter (we could not find her name).

In 2001, Allan and Lousie dissolved their marriage.

In Sep. 2006, Allan fathered twin daughters [Eleni Clara Allan Padilla](#) and [Alicia Sophia Allan Padilla](#) with an unidentified "partner." So his family life too is unremarkable.

[Note: British geneologists have now identified Allan's "partner" as [Dr. Ana Padilla Jargstorf \(Allan\)](#)). Allan worked for six years as a manager in the British national health system without notable achievement.

Then remarkably, in 1997 he rocketed to become the Liberal Democrat MP for Sheffield Hallam—the place where he was born and his father was a “chauffeur.” He immediately joined Parliament’s Information Committee.

In 1999, he became an unpaid trustee for the Sheffield Leisure and Recreation Trust Limited, later renamed Sheffield City Trust.

During Allan’s eight years in Parliament, he oversaw the repeated selection of [Sir Geoffrey E. Pattie](#)’s [SERCO](#) in essentially no-bid contracts for prisons, leisure centers, rail systems and recruiting in his district.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook’s *Leader v. Facebook* attorney Gibson Dunn LLP. She credits this firm with the reason why not

a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article “Everybody hates whistleblowers.” *Examiner.com*, Apr. 10, 2012. Here’s an excerpt:

“Skillful manipulation of the firm’s extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage.”

This statement followed right after Davis cited Facebook’s chief inside counsel in the *Leader v. Facebook* case, Theodore Ullyot, who appears to have helped lead the *Leader v. Facebook* judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. While an MP, Allan became a fellow at the Oxford Internet Institute. The Institute was formed with a £15 million donation from **Dame Stephanie Shirley** on Aug. 17, 2001, just weeks before the IBM Eclipse Foundation received a \$40 million donation from IBM (on Nov. 29, 2001). The timing is evidently not coincidental. Hindsight shows that the IBM Eclipse Foundation had been formed to distribute the social networking inventions of Columbus inventor Leader Technologies that IBM and others stole via patent attorney James P. Chandler, III. Shirley’s software companies are notoriously known to be in alliance with IBM, Cisco, SERCO and British nuclear companies managed by Lockheed Martin and the Queens’ Golden Shares.

Notably, in 2007, Dame Stephanie sold her software company Xansa Plc to a French conglomerate now named **SOPRO Steria Group** (see p. 40). Remarkably, SOPRO Steria Group appears to be a primary infrastructure to do carbon credits accounting and runs the information infrastructure for the UK Ministry of Justice, Home Office, Ministry of Defence and National Health Service. The ecosystem of partners

Special efforts are being made to establish targeted partnerships with leading players in the digital ecosystem by vertical and by major technology area (start-ups and niche players, institutions of higher education and research laboratories, major software publishers and the "big four" - Google, Apple, Facebook and Amazon, etc.). In this regard, a (collaborative) observatory of start-ups works with teams of "digital champions" and Group entities.

It is within this framework that a strategic partnership has been forged between Sopra Steria and Axway, giving the Group the essential building blocks for its solutions and services activities in the area of digital technology.

3. [Two Policy Changes That Will Make America More Democratic \(and less contentious\)](#), Dec. 21, 2012

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from *Leader Technologies* that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S.

THREAT ALERT #1: SOPRO STERIA's U.S. subsidiary [Cassiopae US Inc.](#) had a 4+ year \$4.9 million GSA contract to design the "IT and Telecom Strategy and Architecture" for U.S. Housing and Urban Development (HUD). Patriots should warn HUD Secretary Ben Carson that his infrastructure is likely compromised to plug in globalist carbon credit accounting.

THREAT ALERT #2: SOPRO STERIA's subsidiary [Axway](#) has been awarded \$8.7 million in [81 GSA contracts](#) (([raw *.xlsx file](#))) with DoD, DoI, DHS, NTSB, GSA, Treasury, DOC and DoT between 2006-2015. Axway's seemingly sappy mission is: "Who we are: We unlock digital experiences for everyone by connecting individuals, systems, businesses and ecosystems as if they were peers of each other" [2017 Annual Report PDF, p. 4.](#) When One World Government control and tax layers pushing carbon credits is understood, then the mission can be understood for the takeover mechanism that it is.

Allan's anti-patent sentiment is especially ironic since his next two employers ([Cisco](#) and [Facebook](#)) hold 16,372 patents between them! While an MP, Allan was wined and dined by Cisco in Stockholm. Knowledgeable insiders now know that Cisco is a creation of the rogue C.I.A.

Then, between 2005-2009, Allan served as director of European government affairs for Cisco. Nothing about Allan's resume, other than his likely secret association with the rogue C.I.A., SERCO, Lockheed Martin and [Sir Geoffrey E. Pattie](#), distinguishes him for this Cisco policy position. He was very evidently doing the globalist Deep State shadow government's bidding at Cisco.

[On Jun. 27, 2010](#), Cisco gave Secretary of State Hillary Clinton \$1 billion to give to Vladimir Putin to build the Skolkovo Innovation Center Project in the Moscow suburbs as a part of Hillary's Uranium One conspiracy between Putin and The Clinton Foundation. Two days later [Bill Clinton](#) was paid \$500,000 for a one-hour speech in Moscow.

On Jun. 26, 2009, Facebook hired Allan as vice-president of public policy. This occurred just a few months into the Obama-Clinton Presidency.

Facebook was at that time embroiled in the *Leader v. Facebook* patent infringement fight. Allan became a member of the World Economic Forum and was made a baron.

One is left scratching one's head to understand what distinguished Allan to make him a baron, much less assign him to lead public policy for Cisco and Facebook.

Remarkably, Allan became a baron just two days before the end of the *Leader v. Facebook* patent infringement trial.

CODE OF CONDUCT FOR U.S. JUDGES

"CANON 2: A JUDGE SHOULD AVOID IMPROPRIETY AND THE APPEARANCE OF IMPROPRIETY IN ALL ACTIVITIES"

GALLERY OF JUDICIAL MISCONDUCT

Judge Leonard P. Stark, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision *without any evidence other than speculation*, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add

the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. ([See that Jury Instruction No. 4.7 here.](#)) He

also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Readers are of course free to draw their own conclusion from the facts. Here's what we think until proven otherwise:

Allan was groomed by [Sir Geoffrey E. Pattie](#), [Lord Mark-Malloch Brown](#) and others to be their eventual replacements in the New World Order they are building under the protection of the aged Queen's Privy Council. These groomers probably paid his Oundle School bills that cost as much as Harvard.

Consistent with other notorious British grooming of spies in Britain (e.g., Philby, Maclean, Blunt, Carincross, Burgess, Rothschild, Long. Liddell, Gow), Allan was likely sexually abused by spies and pedophiles at Oundle—to ensure control of his mind. He was then sent to Cambridge to complete the pedophile grooming, and then topped off his college training at Bristol Polytechnic for a year to develop his software technology vocabulary.

After six years as a nondescript healthcare manager in Bath, Avon, he was thrust into Parliament representing his home town of Sheffield.

Along the way he “volunteered” to be an unpaid trustee of the Sheffield Leisure Centre. During his time as an MP, SERCO attained numerous contracts in Sheffield for prisons, rail, customer service and technology. This seems to have been his assignment: to make sure long term SERCO contracts were tied up in and around Sheffield.

Also while MP, he became a “fellow” at the Oxford Internet Institute which began promoting anti-patent “open source” at exactly the same time that IBM Eclipse Foundation was doing the same in the U.S. Ironically, IBM newly-minted promotion of open source (at the same time they distributed Leader Technologies' software source code they had stolen) stands in stark contrast to their history as the largest holder of patents in the world—[114,043 IBM patents](#)

benefit financially from undisclosed holdings in Facebook. [See analysis of Judge Lourie's T. Rowe Price holdings re. the Facebook IPO.](#)

Judge Lourie also failed to apply his own law-test in *Group One v.*

Hallmark Cards to the evidence.

After debunking all of Facebook's evidence on appeal, Judge Lourie created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Kimberly A. Moore, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Moore stood to benefit financially from undisclosed holdings in Facebook. [See disclosure of substantial holdings in Facebook and Facebook-related stocks.](#)

Judge Moore failed to follow the long-held precedent for testing on-sale bar evidence in *Pfaff*

v. Wells Electronics, Inc.—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook's evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Evan J. Wallach, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although

at last count. Evidently IBM is all for open source when the inventions being given away are not theirs.

MISDIRECTION ON PATENTS

Very clearly, Baron Allan's anti-patent comments are a lie and designed to dissuade real inventors from challenging the hegemony of his globalist handlers.

As an MP, Allan trotted the world giving hackneyed speeches promoting Open Government, eGovernment and eDemocracy on behalf of his rogue C.I.A. handlers. Note that Hillary began secretly promoting "[eDipolomacy](#)" through Facebook, Google and Twitter as soon as she became Obama's Secretary of State, despite the fact that her actions obstructed justice in the *Leader v. Facebook* patent infringement litigation.

Then, as quickly as his rise into Parliament, Allan landed the top policy positions at Cisco, and now at Facebook.

So, the only thing remarkable about Allan's resume is its *un-remarkability* for someone who started life as the son of a chauffeur and became a baron in his first 44 years.

Allan's royal honors beg the question, are most people with a title in the U.K. frauds at heart?

Inquiring minds want to know.

Staff. (Dec. 04, 2018). 'ORGY ISLAND' CREEP, CLINTON PAL EPSTEIN, SETTLES BEFORE 'SEX SLAVES' TESTIFY - Former president took 26 trips on 'Lolita Express'. WND.

The Bill Clinton-linked financier accused of sexually abusing women on his "Orgy Island" getaway agreed to a last-minute settlement that likely means none of his accusers will testify in court.

Jeffrey Epstein, 65, allegedly operated a sex ring at his mansion in Palm Beach, Florida, a residence in New York City, and his private-island estate in the Virgin Islands, dubbed by some "Orgy Island."

The deal was announced Tuesday as jury selection in a civil lawsuit brought by a lawyer for his accusers was set to begin, Fox News reported.

Fox News said court documents it obtained in 2016 showed former President Bill Clinton took at least 26 trips on Epstein's private jet, known as the "Lolita Express."

The former president apparently ditched his Secret Service detail on some of the excursions, Fox News said.

Epstein's jet was said to be outfitted with a bed where passengers had group sex with young girls.

Discovered in trash seized by authorities outside Epstein's home were invoices for the purchase of how-to manuals on sex slaves.

Larry Klayman. (Dec. 01, 2018). WITCH HUNT: BIG MISTAKE FOR MUELLER TO INDICT JEROME CORSI. WND.

Exclusive: Larry Klayman says he's proud to now represent 'modern-day hero'

There is an old expression: What goes around comes around! In the context of my client Dr. Jerome Corsi - a 72 year-old, vibrant, renowned and distinguished conservative journalist, investigative reporter and accomplished New York Times best-selling author now in the cross-hairs of Special Counsel Robert Mueller's "witch hunt" to take down President Donald J. Trump - should Mueller and his prosecutorial comrades indict the good doctor, they will have made a huge mistake.

Unlike other subjects or targets of Mueller's runaway investigation, Dr. Corsi does not labor from the near-universal notion that one has to play "nicey nice" with the special counsel to escape unjust prosecution. Indeed, the president himself, at least from a legal perspective, notwithstanding his daily tweets, apparently has been counseled to effectively roll over to Mueller. With the "advice" of his lawyers, The Donald has produced over a million documents and somehow got bamboozled to now submit written "interrogatory" responses to the special counsel, answers that, when compared by Mueller to what others have testified to, could put the president in greater jeopardy by way of a so-called "perjury trap." If I were in Trump's shoes, I would have to say to my lawyers a la Laurel and Hardy, "A fine mess you have gotten me into now!"

When a House subcommittee chairman bangs his gavel next week to convene an unprecedented investigative hearing into the Clinton Foundation, two questions will linger as preeminent: Is the Clinton family charity really the international do-gooder that earned a perfect four-star rating from Charity Navigator, or does it suffer from corruption and illegalities as conservatives allege? And if it is the latter, how much evidence of wrongdoing does the government possess?

Tom Fitton. (Dec. 06, 2018). U.S. Subsidizes Soros Radical Leftist Agenda Worldwide, New Judicial Watch Special Report Shows. Judicial Watch.

The U.S. government subsidizes billionaire George Soros' radical leftist agenda dedicating hundreds of millions of dollars to his deeply politicized Open Society Foundations (OSF) worldwide, records uncovered by Judicial Watch show. In a special investigative report Judicial Watch documents the financial link between U.S.-funded entities and OSF affiliates to further the Hungarian-born philanthropist's agenda seeking to destabilize legitimate governments, erase national borders, target conservative politicians, finance civil unrest, subvert institutions of higher education, and orchestrate refugee crises for political gain. The special report also illustrates the financial and staffing nexus between OSF and the U.S. government.

In 2018 OSF projected expending more than \$530 million to promote Soros' radical globalist agenda in every corner of the world under the guise of supporting democratically elected governments, strengthening the rule of law and promoting fairness in political, legal and economic systems. The reality is far different, the report shows. Soros, with the help of American taxpayer dollars, bolsters a radical leftwing agenda that in the United States has included: promoting an open border with Mexico and fighting immigration enforcement efforts; fomenting racial disharmony by funding anti-capitalist racialist organizations; financing the Black Lives Matter movement and other organizations involved in the riots in Ferguson, Missouri; weakening the integrity of our electoral systems; promoting taxpayer funded abortion-on-demand; advocating a government-run health care system; opposing U.S. counterterrorism efforts; promoting dubious transnational climate change agreements that threaten American sovereignty; and working to advance gun control and erode Second Amendment protections.

Jonathan Levy. (Dec. 06, 2018). SECOND .IO FRAUD LAWSUIT FILED
LAWSUIT CLAIMS .IO IS DEN OF CRYPTO THIEVES. Surety No More.

Diego Garcia, British Indian Ocean Territory (BIOT)[i]:

There is something fishy in the British Indian Ocean Territory according to crypto lawyer Dr. Jonathan Levy who has just sent a second lawsuit for filing to the British Indian Ocean Territory Supreme Court registry. British Indian Ocean Territory is a remote set of islands known best for the joint US-British naval base at Diego Garcia. It is also the home to the well-known Top-Level Domain .IO which has proved so popular with ICOs (Initial Coin Offerings) and crypto scammers.

Levy's first lawsuit was filed against the dark web crypto laundering outfit Bitblender.io which has washed the blockchain out of millions if not billions of dollars of Bitcoins right under the noses of the British authorities. The lawsuit in the process of being filed is against the fake crypto trading outfit AXECC.IO which has raked in millions from victims worldwide using false accountings, advance fee scams, and even impersonations of British tax authorities.

Crypto currency and trading platforms have reeled after the recent tumble in prices. According to Dr. Levy: "The recent crash and instability in the crypto market is directly related to the massive fraud that undermines crypto credibility. The .IO domain hosts the worst collection of crypto pirates and thieves. These groups are often eastern European organized crime organisations and even linked to terrorist funding. The British authorities have the power and even a functioning court system in the territory to easily shut down and prosecute the criminals who are literally killing crypto currencies and ICOs. The lack of interest by the Foreign and Commonwealth Office in policing .IO is both astounding and inexplicable."

Levy has suggested on dollar volume alone, .IO constitutes the largest offshore financial center the world has ever seen. Unfortunately, much of that volume is in stolen funds, ransomware proceeds, fraudulent trading platforms and ICOs, and trade in contraband. The British government wittingly or not have created a pirates' cove in cyberspace that far outshines anything seen since the 18th Century when pirates roamed the Spanish Main and threatened world commerce.

The lawsuits are:

John Solomon. (Dec. 06, 2018). Feds received whistleblower evidence in 2017 alleging Clinton Foundation wrongdoing. The Hill.

When a House subcommittee chairman bangs his gavel next week to convene an unprecedented investigative hearing into the Clinton Foundation, two questions will linger as preeminent: Is the Clinton family charity really the international do-gooder that earned a perfect four-star rating from Charity Navigator, or does it suffer from corruption and illegalities as conservatives allege? And if it is the latter, how much evidence of wrongdoing does the government possess?

The answer to the first question is that the foundation and its projects reported collecting about \$2.5 billion to help global crises, from AIDS to earthquakes, even as its own auditors, lawyers and employees privately warned of problems over the years.

Jim Hoft. (Dec. 08, 2018). CLINTON NIGHTMARE! Chief Financial Officer of Clinton Foundation Turns Government Informant on Crime Family. Gateway Pundit.

Donations to the Clinton Foundation plummeted by 90% over a three-year period since Hillary Clinton lost the 2016 election to President Donald Trump.

But that may be the least of her worries.

John Solomon from The Hill dropped another bombshell that will keep the Clintons up at night.

The former Chief Financial Officer of the Clinton Foundation has turned on the crime family and is now working as a government informant.

This could spell doom for the Clinton Crime Family.

American Thinker reported:

John Solomon of The Hill reveals the story that has been percolating for a long time but kept tightly under wraps - because that is what serious prosecutors do, especially when grand juries are poring over evidence and issuing indictments that remain sealed until the right moment comes. The trigger for the story coming out now probably is a House subcommittee hearing scheduled next week by Mark Meadows, chair of the House Freedom Caucus, while the GOP still can set the agenda of House hearings.

[A] GOP-led congressional subcommittee, led by Rep. Mark Meadows (N.C.), is planning to hold a hearing next week to review the work of John Huber, the special U.S attorney named a year ago to investigate all things Clinton.

It turns out that whistleblowers inside and outside the Clinton Foundation have amassed "6,000 pages of evidence attached to a whistleblower submission filed secretly more than a year ago with the IRS and FBI." Among that evidence can be found:

Staff. (Dec. 07, 2018). GOP CONGRESSMAN Exposes Republican Cover-Up Of Comey Crimes: "Republican Leadership Did Not Want Us to Get to the Bottom of the Facts". 100% Fed Up.

Republican Congressman Matt Gaetz was on Lou Dobbs tonight when he dropped big news about the Deep State and how they worked to keep investigators from getting to the bottom of what Comey and others did to spy on the Trump campaign.

Gaetz mentioned that Democrats are running out the clock on the investigation.

Democrat Jerry Nadler even commented that his party plans on shutting down any investigation into Comey/DNC/Clinton once they're in charge:

"I think that the Republican leadership did not want us to get to the bottom of the facts. They did not want to truly unearth the extent of the Deep State and that's why we're here, with the clock running out and the Democrats about to be in control."

A federal judge blasted former Secretary of State Hillary Clinton for her use of a private email server to conduct official business last Thursday as a grave offense against government transparency.

D.C. District Judge Royce Lamberth denounced Clinton's use of a private email server as "one of the gravest modern offenses to government transparency."

He also slammed the Department of Justice and the Department of State for the way these departments responded to a Freedom of Information Act (FOIA) lawsuit for emails related to the Benghazi terrorist attack from 2014.

"At best, State's efforts to pass off its deficient search as legally adequate during settlement negotiations was negligence born out of incompetence," Lamberth wrote in the ruling, which was obtained by Politico.

Soros Mimics Hitler's Bankers: Will Burden Europeans With Debt To 'Save' Them

After the Second World War, many economists racked their brains to answer the question of how Hitler managed to finance his armament, boost the economy and reduce unemployment.

Today his trick is well known. The economic miracle of Führer's time became possible thanks to the so-called Mefo promissory notes.

The notes were the idea of the then President of the Reichsbank, Hjalmar Schacht, and served not only to finance the armament of the Wehrmacht for the Second World War, but also to create state jobs, which would otherwise not have been possible through the normal use of the money and capital markets, i.e. the annual increase in savings in Germany.

HOW TO FILE A FRAUD COMPLAINT AGAINST A UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

(1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;

'KICK THEIR A**,' 'CRUSH THESE PEOPLE' – 'TIME FOR POLITENESS IS OVER'. Infowars.

Don't look for billionaire Tom Steyer and the Democrats to tone down the rhetoric any time soon

Tom Steyer violent rhetoric against Republicans: 'Kick their a**,' 'crush these people' – 'time for politeness is over'

Speaking to dozens of people – maybe – the impeachment proponent tore into Republicans.

"So basically when you think about how we're going to succeed and actually kick their ass, it's going to be based on justice," Steyer said, "environmental justice, economic justice and coloration."

The few people in the room applauded.

"That is how California worked, we lead with justice," he continued.

"And so when we look at what's going to happen in 2020, we are going to have to crush these people," he added.

"Honestly," he continued, "I think the whole idea that they're going to compromise, they're going to come to their senses, they don't really understand what's going on," he said, disputing that notion.

He called on Yale alumni to rise up and take on Trump.

Email comment by Roger Stone:

Roger Stone. (Dec. 10, 2018). THE LIES OF ADAM SCHIFF TIME TO "PUT UP OR SHUT UP". StoneColdTruth.com

Despite the partisan claims of Congressman Schiff, a huckster and conman of the first magnitude and others of his ilk, my submitted statement and testimony to the House Intelligence Committee was and is entirely accurate. I recently released text messages that absolutely establish that, as I informed the committee, now unemployed radio talk show host Randy Credico was my source regarding the significance and the October release of the WikiLeaks information, the existence of which Julian Assange had made public in June 2016 on CNN. Claims that I urged third parties to whom Credico had confided his true role to come forward in public forums and say so truthfully somehow constitute "witness intimidation" are ludicrous and fall well within my and their first amendment rights.

I entirely reject the contentions of Dr. Jerry Corsi, as suggested to him by prosecutors from the Special Counsel's Office, that he was the source of any information pertaining to the WikiLeaks disclosures. In fact, Dr. Corsi predictions regarding the WikiLeaks disclosures turned out to be incorrect and based on speculation. My contention that Dr. Corsi briefed me on the Podesta brothers' lucrative dealings in Ukraine and Russia prior to my "iconic" August 21, 2016 tweet about the brothers, is accurate and entirely supported by email and text message records. The contention that the memo he subsequently gave me regarding the Podesta brothers business dealings was some type of "cover-up" defies both logic and the written record.

(2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and

(3) the mistreatment of OSU Marching Band Director Jon Waters regarding fabricated Title IX charges that were used to pave the way for Steinmetz to announce UIA.

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale... Zero Hedge. (Dec. 11, 2018). CHINA ARRESTS FORMER CANADIAN DIPLOMAT AS GOV FEARS REPRISAL FOR HUAWEI CFO. Infowars.

International Crisis Group working to secure his safe release

Is this one of the "severe" reprisals threatened by Beijing when it summoned Canada's ambassador to Beijing for a meeting over the weekend?

According to Reuters, former Canadian diplomat Michael Kovrig has been detained in China. Kovrig's employer, International Crisis Group, is working to secure his "safe" release.

The reason for Kovrig's detention wasn't immediately clear, and Beijing has refused to comment on his detention. However, Reuters noted that the arrest of Huawei CFO Meng Wanzhou has "stoked fears of reprisals."

"International Crisis Group is aware of reports that its North East Asia Senior Adviser, Michael Kovrig, has been detained in China," the think-tank said in a statement.

Staff. (Dec. 13, 2018). The Caravan Leader Exposed As a Terrorist. The Conservative.

A suspect in a 1987 bombing that wounded six American soldiers in Honduras is leading a group of migrants demanding entry into the United States.

Alfonso Guerrero Ulloa organized a march of approximately 100 migrants to the U.S. Consulate in Tijuana, Mexico, on Tuesday, The San Diego Union-Tribune reported. Ulloa delivered a letter to the consulate on behalf of the migrants, asking for either entry into the U.S. or a payment of \$50,000 per person.

“It may seem like a lot of money to you,” Ulloa told the Union-Tribune. “But it is a small sum compared to everything the United States has stolen from Honduras.”

Ulloa has lived in Mexico since 1987 after fleeing Honduras in the wake of a bombing that wounded six soldiers. Ulloa was suspected of planting a bomb in a Chinese restaurant, but received asylum from Mexico, whose government described the suspected terrorist as a “freedom fighter.”
