

September 24, 2021

Attn: Tonya Y. Hatten, Records Custodian
Metro Public Health Department
2500 Charlotte Avenue
Nashville, TN 37209

Dear Tonya Hatten:

Please provide all records in the possession, custody, and/or control of the Metro Public Health Department describing the isolation of a SARS-COV-2 virus, directly from a sample taken from a diseased patient, where the patient's sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka vero cells; liver cancer cells, etc.).

Please note that I am using "isolation" in the everyday sense of the word: the act of separating a thing(s) from everything else. I am not referring to the "isolation of SAR-COV-2" as it relates to:

- the culturing of something,
- the performance of an amplification test (i.e. a [RT-]PCR test), or
- the sequencing of something.

Please provide all records in the possession, custody, and/or control of the Metro Public Health Department describing the complete matching genomic sequences of the SARS-COV-2 virus sample isolated from a diseased patient in Metro Nashville, Tennessee, with the SARS-COV-2 virus sample isolated from "patient zero" in Wuhan, China.

Please also note that my request is not limited to records that were authored by the Metro Public Health Department or that pertain to work done by the Metro Public Health Department. My request includes any sort of record, for example (but not limited to) any published peer-reviewed study that the Metro Public Health Department has downloaded or printed. If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each record with certainty (i.e. title, author(s), date, journal name, where the public may access it).

Please provide the records of studies (i.e. title, author(s), date, journal name, where the public may access it) that indisputably show that SAR-COV-2 virus has been proven to exist (complete purification, isolation, and definition of biochemical properties plus electron micrograph).

Please provide the records of studies (i.e. title, author(s), date, journal name, where the public may access it) that indisputably show that the aforementioned virus causes a disease called COVID-19 (and also that other factors like malnutrition, toxins, electromagnetic wave interference, etc. do not at least co-determine the course of disease). Please note that electromagnetic wave interference, industrial poisons, various drugs, and/or other non-germ factors (such as antipsychotics, opioid analgesics, anticholinergics, and/or antidepressants) may be a cause of respiratory diseases, such as pneumonia and thus also COVID-19.

Please provide the records of at least two studies (i.e. title, author(s), date, journal name, where the public may access it) that indisputably show that vaccinations are completely safe and effective.

PUBLIC RECORD REQUEST RESPONSE FORM

Metro Public Health Department
2500 Charlotte Avenue, Suite 115
Nashville, TN 37209

September 29, 2021

Irucka Embry:

In response to your records request received on **September 24, 2021**, our office is taking the action(s)¹ indicated below:

The public record(s) responsive to your request will be made available for inspection:

Location: _____

Date & Time: _____

Copies of public record(s) responsive to your request are:

Attached;

Available for pickup at the following location:

2500 Charlotte Avenue, First Floor, Suite 115 (Medical Records); or

Being delivered via: USPS First-Class Mail Electronically Other: _____.

Your request is denied on the following grounds:

Your request was not sufficiently detailed to enable identification of the specific requested record(s). You need to provide additional information to identify the requested record(s).

Questions which seek information rather than the reproduction of record(s) does not require a response under TPRA.

No such record(s) exists, or this office does not maintain record(s) responsive to your request.

No proof of Tennessee citizenship was presented with your request. Your request will be reconsidered upon presentation of an adequate form of identification.

You are not a Tennessee citizen.

You have not paid the estimated copying/production fees.

The following state, federal, or other applicable law prohibits disclosure of the requested records:
_____.

It is not practicable for the records you requested to be made promptly available for inspection and/or copying because:

- ☐ It has not yet been determined that records responsive to your request exist; or
- ☐ The office is still in the process of retrieving, reviewing, and/or redacting the requested records.

The time reasonably necessary to produce the record(s) or information and/or to make a determination of a proper response to your request due to the volume of emails located for inspection is:

___ **weeks** given the volume of emails produced by the requested production and the resulting pages when produced by PDF. The request should be produced by _____; however, the Department may contact you if there are additional delays. The Department will produce the request by email unless another means of production is requested.

If you have any additional questions regarding your record request, please contact [Records Custodian or Public Records Request Coordinator].

Sincerely,

Touya W. Foreman
