

Statement by TCS iON on the Central Teacher Eligibility Test (CTET).

TCS iON has been entrusted by the Central Board of Secondary Education (CBSE) to conduct the Central Teacher Eligibility Test (CTET) 2021 examination from 16th December 2021 to 13th January 2022. On day one of the examination, unexpected technical issues impacted operations in certain venues, in the first shift. As a result, candidates in affected venues could not complete the exam. Consequently, we had to cancel the second shift examination. We are working to fully understand and quickly address these issues. TCS iON is committed to delivering superior candidate experiences across the country and ensuring that the exams are conducted in a secured and inclusive manner. Towards this, we are rescheduling the candidates of CTET Shift 2 of 16th Dec and both the shifts on 17th Dec 2021 to a later date. All the shifts starting Monday, 20th Dec 2021 remain as is. We will shortly announce the revised dates for the candidates affected by the rescheduling of CTET shifts of 16th and 17th December 2021. We regret the inconvenience caused to the candidates.
