MEAT.

It costs less to buy—gives more miles to the gallon—is lighter on tyres, and spares for every part are always immediately procurable. No Ford owner ever regretted his purchase.

Ford cars are ideally suited for the country, they can take you where other cars cannot. Rough roads have no terrors to the man behind the driving wheel of a Ford. Why pay the exorbitant price demanded for other cars when a Ford will give you equal service?

There is sure to be a Ford owner in your district. Ask him what he thinks of his car? We leave the verdict to him.

"YOU DO LOOK WELL!

A very pleasing change is soon noticeable in the health and appearance of those who take Beecham's Pills. Instead of the old languid, jaded air of the senu-invalid there is the vigorous, active manner of the happy individual who is conscious of being perfectly fit. The complexion is fresh and clear, the eyes are bright, and the quick firm step is eloquent of abundant energy. If your health is not entirely satisfactory, you should take a dose of Beecham's Pills daily until you feel perfectly well.

Worth a Guinea a Box.
