STAGE ONE

New Zealand Post Superstar Cricket Academy

The New Zealand Post Superstar Cricket Academy is a junior development programme that teaches the fundamentals of batting, bowling and fielding within an exciting and competitive environment. Designed for children aged 5-10 years (boys and girls), it is the first step on a pathway that can lead to a lifelong involvement in cricket, whether it's playing, coaching, umpiring, scoring or becoming a fan or maybe one day running on to the field as a BLACKCAP or a WHITE FERN.

Cricket is a great team sport with a rich variety of roles for all children, no matter what gender, age or ability. Through New Zealand Posts Superstar Cricket Academy's skills-based sessions, children develop skills, movement and techniques to enjoy the game of cricket. Children will be learning the rules of the game as well as learning the skills of bowling, attacking batting, fielding and wicketkeeping – so that hitting sixes, taking wickets and holding on to catches are within the grasp of all involved.

The aim of the New Zealand Post Superstar Cricket Academy is to get children involved in our sport and to build a new generation of cricketers by helping children discover, explore, and learn to love the game. Cricket is one of New Zealand's most popular summer sports and by taking part in the New Zealand Post Superstar Cricket Academy helps our youngest participants join in on the fun of cricket.

Introduction

The New Zealand Post Superstar Cricket Academy is designed as a practical resource which assists parents, teachers and coaches to effectively and confidently organise and run a New Zealand Post Superstar Cricket Academy programme in a school or club.

It will help standardise the coaching of cricket skills to players throughout New Zealand. The programme focuses on teaching children the essential skills of the game through a series of activities, drills and modified games in preparation for their successful introduction to New Zealand Post Superstar Cricket, a modified format of the game.

To ensure the New Zealand Post Superstar Cricket Academy is well organised and delivered successfully it requires coaches to have a familiarity with the objectives and requirements of the programme.

Objective

- To provide a positive cricket experience for every child that is involved.

Requirements

- Ensure that each session is planned and prepared.
- Be familiar with the structure of each session.
- Ensure there is enough equipment to run the session.

Each session within the New Zealand Post Superstar Cricket Academy is broken down into five sections:

- Warm-up drill
- Batting drill
- Bowling drill
- Fielding drill
- Modified game

Each session is broken down to include the instructions for that drill, coaching points/ success criteria and progressions to make the drills more complex. There are even some key questions you can ask your players to get them thinking!

BATTING

How to hold the bat – **Grip**

Where to Stand – **Stance**

How to swing the bat – **Backswing, Straight bat shot, Horizontal bat shot**

Running between the wickets

Grip

1

2

-
- 1 Pick up bat with both hands close together in the middle of the handle.
 - 2 Thumb and fore finger should be making a 'V' shape, pointing to the back edge of the bat.

Stance

-
- 1** Stand side on in a comfortable upright position, with head and front shoulder facing the bowler.
 - 2** Feet are to be shoulder width apart and parallel to the batting crease.
 - 3** Head is still and eyes are level.
 - 4** Knees should be slightly bent and weight evenly distributed.
 - 5** The bottom of the bat is rested behind the back foot.

Backswing

-
- 1 Head still and eyes level.
 - 2 Coordinate the backswing with the bowlers delivery stride.
 - 3 Swing bat backwards 'cocking the wrists', at the same time dip the front shoulder and step forward, swinging the bat down to hit the ball with the full face of the bat.

Straight Bat Shot

1

2

3

-
- 1 Head still and eyes level and focused on the ball.
 - 2 When the bowler is in delivery stride, swing the bat back 'cocking the wrists' As the ball is bowled towards the batter, step forward with the front foot.
 - 3 Head and shoulders should move forward towards the ball.

Horizontal Bat Shot

-
- 1 Head still and eyes level and focused on the ball.
 - 2 When bowler is in delivery stride, swing the bat back 'cocking the wrists'. At the same time quickly move your back-leg back and across into the crease.
 - 3 Having got into a stable base position the bat is swung horizontally from high to low from the backswing with the arms extended and the front foot acting as a pivot.

Running Between The Wickets

-
- 1 Be prepared to run every ball.
 - 2 Hold the bat in the hand that is nearest to the bowler (standing side on with visual awareness of both the bowler and batting partner).
 - 3 As bowler is in delivery stride and about to bowl, begin walking towards batting partner, ready to run if required.
 - 4 Three main calls which need to be called loudly and clearly – ‘YES’, ‘NO’ or ‘WAIT’.
 - 5 If making a run, run fast and slide the bottom of the bat across the crease line.
 - 6 If running more than 1 run, always turn facing the fielder with the ball.

BOWLING

Bowling Grip

1

2

3

-
- 1 Players should grip the ball with their thumb underneath and the first two fingers on top (making 'bunny ears' on either side of the seam).
 - 2 Grip is light and relaxed with the ball in fingers and not held in the palm of the hand.
 - 3 As the ball is bowled the seam will be upright, pointing towards the batter.

Basic Action

There are two main types of bowling action – ‘Side on’ and ‘Front on’. The bowling action referred to through the coaching resource is ‘side on’. This means that the bowler runs up and jumps into a ‘side on’ position to deliver the ball;

- Back foot lands parallel to the crease.
- Front foot, shoulders and hips point down towards the batter.
- Head looks over shoulder of the front arm.

Some players may have a ‘front on’ action. This is when the bowler runs up in a front on position to deliver the ball;

- Both feet point down the pitch towards the batter on landing.
- Shoulders and hips are parallel to the crease.
- Head looks inside a raised front arm.

Both actions are equally acceptable as long as they are safe and carried out correctly.

PHASE 1

- 1 Stand side-on
- 2 Feet shoulder width apart
- 3 Back foot parallel to the stumps
- 4 Head towards the batter
- 5 Hands together with the ball under the chin

PHASE 2

- 1 Stretch hands apart
- 2 Reaching high with the front arm
- 3 Look over the front shoulder
- 4 Push the bowling arm down towards the back knee

PHASE 3

- 1 Rotate the arms
- 2 Pull the elbow of the front arm down to the front hip
- 3 Swing the bowling arm over straight, brushing the ear
- 4 Release the ball at the top

PHASE 4

- 1 Swing the arms through
- 2 Front arm down passed the front hip
- 3 Followed by the bowling arm across the body to the front hip
- 4 Keep the head still, eyes level and focused on the batter

Walk/Run Up And Follow Through

-
- 1** Start from three paces behind the stumps.
 - 2** Step right, left and right turning side on and swinging the left leg across the body to point towards the batter (left arm bowlers begin by stepping onto the left foot first in the step sequence).
 - 3** Reach high with front arm.
 - 4** Look over front shoulder.
 - 5** Push bowling arm down from under the chin to the back hip.
 - 6** Make a windmill-like motion, bringing the non-bowling arm down and the bowling arm over.
 - 7** Pull elbow of the front arm down to the front hip.
 - 8** Swing the bowling arm over straight, brushing the ear.
 - 9** Release the ball at the top.
 - 10** Swing the arms through, with front arm down past the front hip.
 - 11** Bowling arm comes across the body to the front hip.
 - 12** Step through with the back leg so the bowling arm shoulder points towards the batter.
 - 13** Follow through, keeping head still and eyes level, focused on the batter.

Progression

Progression from walking through the action is running through the action.

- 1** Measure the run up.
- 2** Run in gradually building pace.
- 3** Jump into the delivery stride, turning side on.
- 4** Reach high with front arm.
- 5** Look over front shoulder.
- 6** Push bowling arm down from under the chin to the back hip.
- 7** Make a windmill-like motion, bringing the non-bowling arm down and the bowling arm over.
- 8** Pull elbow of the front arm down to the front hip.
- 9** Swing the bowling arm over straight, brushing the ear.
- 10** Release the ball at the top.
- 11** Swing the arms through, with front arm down passed the front hip.
- 12** Bowling arm comes across the body to the front hip.
- 13** Step through with the back leg so the bowling arm shoulder points towards the batter.
- 14** Follow through, Keeping head still and eyes level, focused on the batter.

FIELDING

Ground Fielding

1

2

-
- 1 Be alert and walk in slowly whilst the bowler is running in to bowl.
 - 2 Keep head still, eyes level and focused on the ball.
 - 3 Move in quickly to attack the ball behind the line of the ball, bend with knees and have both hands low and ready.
 - 4 Watch the ball into your hands.
 - 5 Stand and prepare to throw the ball.

Backing Up

Move quickly behind a nearby fielder who is attempting to stop the ball. The backing up player is ready to assist if the player fielding the ball misses it.

Move quickly behind the bowler or wicketkeeper to back up throws from other fielders to assist if the bowler or wicketkeeper misses the ball.

Catching

1

2

-
- 1 Move into position quickly.
 - 2 Keeping head still and eyes on the ball at all times.
 - 3 Cup hands together with the little fingers touching.
 - 4 The palms of hands should be facing the ball, ready to cushion the ball as it is caught.

Underarm Throw

These are short distance throws and are used for speed and accuracy.

- 1 Extend throwing arm back with straight arm.
- 2 Step forward towards the target with the opposite leg to the throwing arm.
- 3 Swing your throwing arm forward and release the ball. Allow the palm of the hand to continue through towards the target.

Overarm Throw

1

2

3

4

These are longer throws and are used for power and distance.

- 1 Stand side-on to the target.
- 2 Throwing arm moves back and up with the fingers on top of the ball.
- 3 The non-throwing arm points towards the target.
- 4 Step towards the target throwing the ball keeping the elbow high.
- 5 Throwing arm follows through across the body and the players should also transfer their body weight into the throw.

Wicketkeeping

Standing back - fast bowler

Standing up - slower bowler

It's important for the wicketkeeper to catch deliveries from the bowler that a batter misses or from throws that are thrown by fielders.

- 1 Crouched behind the stumps (at a comfortable distance from the stumps) with bent knees in a low position.
- 2 Hands together, palms open and facing the bowler and fingers pointing downwards.
- 3 Head still, eyes level and focused on the ball.
- 4 When receiving a ball from a fielder, wicketkeepers should be standing close to the stumps.

Snowball Tag

5 MINS

4 CONES, BALLS
(ONE PER PLAYER)

LARGE GROUPS: 10+

AIM: To avoid being tagged

Instructions

- 01 Create a marked off zone which all players need to stand inside.
- 02 The coach gives a ball to one player – this person is now the tagger that everyone must avoid!
- 03 The tagger must run around trying to 'tag' the other players, who cannot run outside the marked zone.
- 04 Once tagged, a player has to collect a ball from the bucket outside the marked zone, and they then become another tagger.
- 05 The last player to be tagged is the winner.

Progressions

- When a player is tagged and collects their ball, they must bounce-catch it five times before they can become an active tagger.
- Make the area either larger or smaller.
- For a further challenge you could have more than two taggers to begin with.

Coaching points / Success criteria

- Look for the spaces to move into.
- Work together as a team of taggers.
- Ensure the taggers do not throw the balls at the players.

Key questions

- What can you do as a team of taggers?
(*Work together to isolate a player.*)
- How can you make sure players know they are tagged?
(*Ensure they have a tennis ball in their hands.*)

- 03 Players must race to retrieve the balls and put them back into the bucket.

Progressions

- Set a tough time limit for the fielders to retrieve the balls.

- Swap the bat into the opposite hand, stretch over the line, and turn.
- Get low when stretching the bat over line.

Key questions

- Why should you stretch for the line with the bat? *(It makes the distance you have to run shorter.)*
- How can you make your turn quicker? *(Turn in a smaller circle.)*

Box Bowling

 15 MINS

 4 CONES, BALL

 SMALL GROUPS: 2-4

AIM: Bowl the ball accurately

Instructions

- 01 Using the cones, set up a boxed area that is 3 metres x 3 metres, approximately 10 metres in front of the bowling cone (as per diagram).
- 02 One partner bowls the ball towards the target so that it bounces within the coned zone, the other partner is outside of the zone and is ready to catch the ball and return back to the bowling partner.
- 03 Bowlers bowl five balls before swapping with their partner.
- 04 Each successful bowl that bounces in the coned zone is worth 1 point.

Progressions

- The coach can make a smaller target within the main target zone, or may wish to add two sets of stumps (side-by-side) as a large target.

Coaching points / Success criteria

- Ensure players are keeping their front arm and bowling arm high to make the ball go straight.
- Eyes are locked on the target zone!

Key questions

- Where do we look when we bowl?

Beat The Ball

 20 MINS

 4 CONES, BALL,
BAT, BATTING TEE

SMALL GROUPS: 2-4

AIM: To score as many runs as possible

Instructions

- 01** Create equal numbered teams (players bat in pairs while the others field).
- 02** Set up four bases in a diamond shape.
- 03** One batter hits the ball off a batting tee and into the field, and then runs as fast as possible around each of the bases.
- 04** It's up to the fielding team to collect the ball and pass it around each of the bases, starting from base one.
- 05** The batter scores a run for getting home before the ball, and vice versa.

Progressions

- Choose to either bowl or throw underarm.
- Increase or decrease the size of diamond.
- The batter is 'run out' and cannot run further if the ball is thrown past them. The next batter has their turn to try and get the first batter back home.

Coaching points / Success criteria

- Hold the bat with two hands in the correct grip.
- Stand side-on to the batting tee.
- Swing the bat backwards cocking the wrists.
- Step forward with the foot beside the ball.
- Swing the bat down straight hitting the ball with the full face of the bat.

Instructions

- 03** Each time the stumps are hit, one stump is removed.
- 04** The first team to remove all their stumps is the winner.

Progressions

- When there is only one stump left, the stumps are replaced one at a time for every successful hit.
- Increase or decrease the distance between the sets of stumps.

Coaching points / Success criteria

- Stand side-on to the target.
- Fingers should be on top of the ball, and the throwing elbow higher than the shoulder.
- Non-throwing arm should be pointed towards the target.
- Step forward with opposite foot and follow through down and across the body.

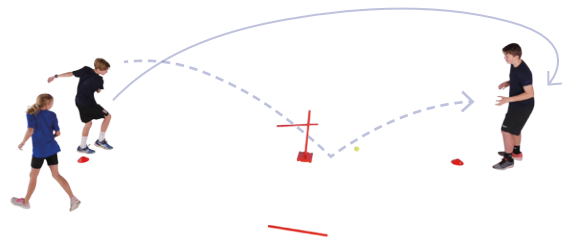

Key questions

- How do you make your throw more accurate?
(*Point at the target with your non-throwing arm.*)

15-20 MINS

5 CONES, BALL

LARGE GROUPS: 6-8

Instructions

- 01** Split the group into two equal teams (ideally eight per team). Aim to have an even number of batters and fielders.
- 02** Create a diamond shape using four cones, with five metres between each.
- 03** Batters take turns to throw the ball out into the field and run around the cones. Each cone passed is worth 1 run.
- 04** Fielders need to quickly return the ball back to the home base. When the ball is back at home base, the batters must stop running.
- 05** The teams swap over after the batters have had two turns each.

AIM: To have the least amount of rubbish (balls) on your side

Instructions

- 01** Create two equal teams, facing each other, with a dividing line inbetween.
- 02** The balls are rubbish!
- 03** Divide the balls/rubbish between the two groups. The aim is to throw the rubbish onto the other team's side.
- 04** After a predetermined amount of time, the balls are counted to see who has the least.

Progressions

- Make the area between the players larger so that the children have to move around more and throw harder.
- Increase or decrease the amount of balls for some extra fun.

Coaching points / Success criteria

- Throwing underarm.
- Opposite foot forward when throwing.
- Swing backwards with your arm first, then brush the ball past your thigh and follow through.

- Why is calling for the ball important?
(*To avoid collisions with other players in your team.*)

Run-Up Rabbits

 15 MINS

 2 CONES, 2 SETS OF STUMPS, BALL

 SMALL GROUPS: 2-4

AIM: Run up, jump, gather and bowl to target

Instructions

- 01** Set up two cones as bases, facing opposite each other.
- 02** Lay a stump on the ground, running parallel to the bases so that it's essentially a 1 inch hurdle.
- 03** Firstly without a ball, players should practice jumping off their non-dominant foot and landing on their dominant foot (same side as bowling arm) to bowl. The player is to do this jumping over the laid down wickets (hurdle).
- 04** Now players can repeat that step with a ball, and bowl towards a target.
- 05** Finally, get the player to run in from 5 metres and repeat step four.

Progressions

- Place cones to make a target zone about 1 metre from the bowler's stumps. The bowler should look at and aim for the target when running in.

Coaching points / Success criteria

- Make sure players run in a straight line from their first step until they release the ball. If you think this might be difficult, use cones to make a channel and guide the bowler.
- Make sure player jumps off the correct foot to bowl.

Key questions

- Do we run in a straight line or a wobbly line?
(*Straight, or else who knows where the ball might end up!*)

- 04** Each shot is scored 2 runs in the 10 metre zone, 4 runs in the 20 metre zone and 6 runs in the 30 metre zone.
- 05** After three hits you swap over with a fielder.

Stuck In The Field

 5-10 MINS

 4 CONES,
10-20 BALLS

 LARGE GROUPS: 10+

AIM: For players to avoid being tagged, and catch correctly

Instructions

- 01** Set up a coned area of approximately 30 metres x 30 metres.
- 02** Two players are chosen as 'catchers', who get to tag the 'runners'. Each runner is given a ball.
- 03** If a 'runner' is tagged by a 'catcher', then the 'runner' must stand still with their legs apart and throw catches up in the air to themselves.
- 04** Any other runner can free a stuck runner by rolling their ball between the stuck runner's legs. The stuck runner is then free to run around again.

Progressions

- Instead of the runners throwing to themselves they can throw to another stuck runner who is closest to them.
- Stuck runners can clap their hands before catching the ball.
- Area can be made larger or smaller to increase or decrease difficulty.

Coaching points / Success criteria

- Underarm throw to yourself (just above head height).
- Eyes on the ball.
- Cup your hands together with little fingers touching
- Palms should always face the ball when catching.
- Always cushion the ball into your hands.

Key questions

(*At gaps between the fielders.*)

Line 'em' Up

 15-20 MINS |  3 CONES, BALL, BAT, 2 SETS OF STUMPS, BATTING TEE |  LARGE GROUPS: 6-8

AIM: Hit the ball straight into the field and run between the wickets

Instructions

- 01** Set up two sets of stumps 10 – 15 metres apart, having the batting tee at one end of the stumps and the fielders are all at the other end behind the cones.
- 02** Players are assigned a number – this is where they will be in the batting order.
- 03** Player one will bat first, all of the others will be fielders.
- 04** The batter hits the ball off the batting tee and then runs between wickets.
- 05** One fielder collects the ball, while all of the other fielders line up behind this fielder, and the ball is passed back between them. The last fielder to get the ball must run the ball back and put it on the batting tee.
- 06** Once the ball has been placed back on the batting tee, the batter stops running. The batter must count how many runs they get before the ball is placed back on the batting tee.

Progressions

- Introduce batting and fielding teams.

Coaching points / Success criteria

- Grip the bat with both hands around the middle of the handle.
- Stand side-on to the batting tee or the bowler.
- On impact, head must be still and eyes on the ball.
- Transfer weight onto back foot to allow your bat to come down and under in a scooping motion.
- Remain side-on at contact point.
- Extend hands fully through the ball.

Key questions

- Where is the best place to hit the ball?
(In the gaps between the fielders.)
- Why is that the best place to hit it?
(Because the fielders will be slower to reach that area, meaning the batter has the opportunity to score more runs.)

Coaching points / Success criteria

- Vary the game with progressions to keep the kids on their toes.
- Create even teams for fair competition.

Key questions

- Are we allowed to go before our teammate tags us or passes us the bat/ball?
(No.)
- Do you have to go around the cone or just touch it?

Returning Rebounds

 15 MINS

 CONES, BALL,
BAT, STUMPS,

 SMALL GROUPS: 2-4

AIM: To bowl the ball and react quickly

Instructions

- 01** Set up the stumps and a cone 18 metres apart.
- 02** The bowler bowls the ball to the stumps with a wicketkeeper behind. A fielder stands next to the stumps out of the line that the bowler is bowling to with another ball. The wicketkeeper collects the bowled ball, fielder underarm throws a catch to the bowler after they have bowled, testing their reaction time.
- 03** The bowler then becomes the wicketkeeper, the wicketkeeper becomes the fielder and the fielder becomes the bowler.

Progressions

- The player (or coach) throwing the ball can throw it flat or high to be caught.
- Two separate catches in quick succession can be thrown.

Coaching points / Success criteria

- Follow through towards the target, don't stop at the crease.
- Looking at the target will give a better chance to catch the ball.

Key questions

Traffic Light Strike

10 MINS

6 CONES,
BALL, BAT

SMALL GROUPS: 2-4

AIM: Test if you can control how far you hit the ball

Instructions

- 01** This game is best played in groups of four, (1 batter and 3 fielders).
- 02** The coach should set up four cones in a line, each 5 metres apart (thereby creating zones).
- 03** The batter gets to test their accuracy by trying to hit the ball off the tee into the first zone, then the second zone, and finally the third zone.
- 04** When the batter is finished, the fielders collect the balls and return them to the batting tee.
- 05** Continue until all of the players have had a turn batting.

Progressions

- If the ball lands in the correct zone then the player is awarded a point.
- Mix things up by changing the order of where the batter has to hit, e.g., third zone to first zone, and then second zone.

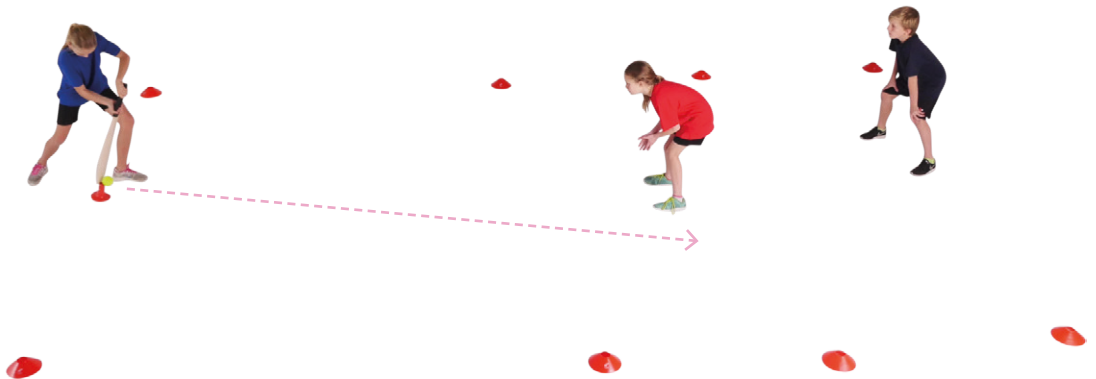

- Or get the fielders more involved by having them call out which zone the batter should hit into.

Coaching points / Success criteria

- Make sure the bat is held with the correct grip.
- Stand side-on to the tee when striking.

Key questions

- What do you need to do if the ball went too far or not far enough?

Progressions

- Use different body movements to chase each other, e.g. having to hop or skip.
- Increase the number of catches that pairs have to do once they are caught.

Coaching points / Success criteria

Catching

- Underarm throw to just above head height.
- Keep your eye on the ball.
- Create a kind of nest shape with your hands.

- 02** One batter hits two balls off two batting tees. While two fielders run after the balls, the batter can then run between the wickets with their batting partner.
- 03** As soon as the fielders return the balls to the hitting tees, the batters must stop running.
