Masters Age Records 1980 is an official publication of The Athletic Congress (TAC) Masters Athletic Committee. Bob Fine, Chairman. This book was published with the help of the National Masters Newsletter, Masters Sports Association, Nike, Mimi Gerard (compiler of womens records ages 35-39), Nolan Fowler (compiler of 35 pound weight throw) and the late Peter Pozzoli whose contributions to womens world record compilations provided an invaluable source.

A special thanks to the former publisher of **Masters Age Records**, Track & Field News, for their introduction of this publication and their support of the masters program through it.

These pages contain the known world age records in every standard men's track and field event, age 35 and above, as of January 1, 1980. If an American does not hold the world record, the American record is listed after the world record holder's.

Information, from left to right: age, performance, athlete's name and residence (or country of origin), and date of meet.

Key to abbreviations: n=non-winning time; h=heat; m=metric event; i=indoor mark; dec=mark made in decathlon; pen=mark made in pentathlon; w=wind-assisted mark; y=mark recorded during an English measurement (yards, feet, miles) race; p=verification of birthdate, etc. pending.

ON THE COVER: **Jack Greenwood** enroute to one of his two hurdle victories in the 1979 World Games. A consistent winner since his entry into masters competition, he has amassed an unprecedented 11 gold medals in world competition and was awarded world athlete of the year in 1975.

MASTERS SPORTS ASSOCIATION

The **Masters Sports Association** was formed in October, 1971, as an organization to sponsor events for men and women over the age of thirty and to generally aid the development of athletics. We do not sponsor teams or individuals. Our membership is open to everyone regardless of where they live.

We are now one of the largest Masters organizations in the world. We have sponsored everything from local development meets, to District, Regional and National Championships in cross-country, indoor and outdoor track and distance running.

We annually sponsor over two dozen Masters races. We have been one of the sponsors of the National Masters Newsletter and the Masters Age-Record book. We have underwritten the costs of medals and championship patches throughout the country, taking back those medals not used. In that way we have helped to cut the cost of prizes and, in turn, lower entry fees. We also provide equipment for various races. We have also worked with youngsters and women in sponsoring races and giving donations. We are the founding club of the American Masters Athletic Association.

We welcome runners of all calibre.

We are now able to offer as part of our \$12 membership dues both the National Masters Newsletter, which sells for \$10 per year, and the Age-Record Book, which sells for \$3. The National Masters Newsletter is published monthly and consists of at least sixteen pages. It is the only national Masters publication. It contains the entry blanks for all Regional and National Championships; the Metropolitan Championships; results of all major Masters meets, general information about what is happening in Masters athletics; profiles of leading Masters; articles of general interest; training tips; and a forum for discussion of current questions facing the movement. It is a must for anyone engaging in Masters competition. The Age-Record Book is compiled by Pete Mundle and Kathy Brieger. It contains all the age-group records from ages 35 to 90 for men and women, in track and field, race walking, the marathon, plus the indoor and outdoor records and the American A.A.U. records.

We are able to offer the Newsletter and Record book, which retail for \$13 as part of our \$12 dues since we can obtain discounts through our sponsorship of both publications.

RECORDS SECTION

There are five categories of AAU Masters records (American citizen and championship meet records, indoor and outdoor, along with American all-comers records). These records are approved in the same manner as any world or U.S. track and field record, i.e., the record application must be accompanied by a properly filled out IAAF record form and approved by an AAU committee. AAU-approved marks therefore can sometimes be inferior to the Age Records listed previously.
