## Compton Jaycee

LOS ANGELES COLISEUM

June 4, 1972

PROCEEDS USED FOR THE COMPLETION OF THE COMPTON COLLEGE ATHLETIC STADIUM

During the past three decades, the Compton Invitational Track and Field Meet has become recognized as the finest Meet of its kind in the world. The 1972 running, scheduled for Sunday afternoon, June 4, at the Los Angeles Memorial Coliseum, will be no exception . . . it figures to go down in track and field history as one of the greatest meets ever.

While most of the nation's top outdoor track and field carnivals are relay-type meets, the Compton Invitational retains its dedication to individual performers. Entries are by invitation only and emphasis is placed on high performance standards. Only the world's finest track and field athletes are invited for each event. The list of events includes only a few relays, giving the world's topnotch athletes the opportunity to concentrate on individual events and assuring spectators the best performance of the season.

Keeping with tradition, the 1972 Compton Invitational Track Meet promises to be another sports spectacular. Invitations have been extended to such outstanding athletes as Martin McGrady, Lee Evans, Curtis Mills, Charlie Greene, Bill Gaines, Gerry Lingren, Tracy Smith, Bob Seagren, and Martin Liquori. These are only a small number of the track notables who will appear at the 1972 Compton Invitational.

The Meet management promises that this year's event will be the season's greatest meeting of individual track and field performers. Assure yourself of good seats, mail your order right away and attend the event "Where Champions Meet"... at the Los Angeles Memorial Coliseum, Sunday afternoon, June 4, 1972.

Fred Jones Meet Director

#### WELCOME TO THE COMPTON JAYCEE INVITATIONAL

The Compton Jaycees wish to thank you for attending the 32nd Annual Compton Invitational. This year's Invitational is dedicated to the completion of the Compton Multipurpose Municipal Stadium. All proceeds from the Meet will go into a fund for the completion of this stadium.

In the community of Compton, the accent is on youth. With a population over 78,000, the median age of a Comptonite is 19.2 years. One of the fastest means of effective communication with youngsters is through sports activities. The Compton Jaycees have one of the most extensive and comprehensive sports programs anywhere in California. The past two years Compton has produced the California State Team Champions in track & field. The list of successful athletes and productive citizens from Compton is very long indeed. The names of Don Wilson, Reggie Smith, Wayne Simpson, Duke Snider, Joe Perry, Paul Lowe, Roy Jefferson, Art Williams, Ronald Knight, Mickey Cureton, Mitch Johnson, Larry Hollyfield, Ulis Williams, Edesel Garrison, and Reynaldo Brown are all well known in their respective sport fields.

The Compton Jaycees are a group of young men between the ages of 21 and 35, that are dedicated to developing their community. By completing a 20,000 seating capacity stadium on the Compton College campus, we will be able to expand our programming for the under-privileged youth of our community and hopefully turn out highly successful citizens for our and your community. In addition, once the stadium is completed the Compton Invitational will be returned to the city in which it was born thirty-four years ago.

Through the cultural, scholastic, spiritual and sports programs now in effect and ever expanding, the Jaycees are determined to keep Compton "The City on the Move". Your participation today as a spectator will help to make our efforts as fruitful as possible.

The Compton Jaycees again thank you for your participation. Enjoy the Meet and may your favorite athlete give his greatest performance ever.

Reynaldo Brown is a young man with an uncommon name -- and an uncommon talent.

Reynaldo Brown is a product of Compton, of the community which today's 33rd Annual Compton Invitational Track and Field Meet hopes to benefit through the proceeds.

Reynaldo Brown is one of the finest high jumpers in the history of track and field competition.

Reynaldo Brown is typical of the meaning of today's meet and the worthwhile reasons for such an event.

Success has been almost synonomous with his own name for this great athlete since his sophomore year at Compton High School, where he competed under the tutelage of coach Willie Williams, now head coach at the University of Arizona. As a sophomore Reynaldo progressed from lower heights to a peak of 6 feet  $9\frac{1}{4}$  inches by the end of the season and it was obvious that he could only continue to improve.

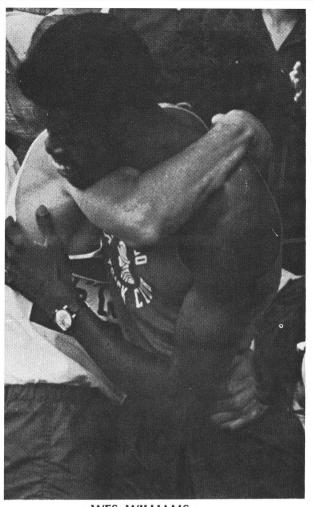

As a high school junior in 1968, he won the State CIF meet, had a best of 7 feet 3/4 inch against prep competition, then placed second in the final Olympic Trials at Lake Tahoe with a best-ever high school leap of 7 feet 3 inches. He went on to Mexico City to place fifth with a mark of 7 feet  $\frac{1}{4}$  inch. He was rated fifth in the world.

In his final year at Compton High, Reynaldo repeated as State CIF champion in a meet record 7 feet even. The following season, 1970, he was ranked no. 2 in the world, leaping 7 feet 3½ inches for a personal best and winning the National AAU meet. In his second year at Cal Poly, San Luis Obispo, in 1971, Reynaldo went 7 feet 3 inches, claiming both the NCAA and National AAU championships—and again he was rated no. 2 in the world.

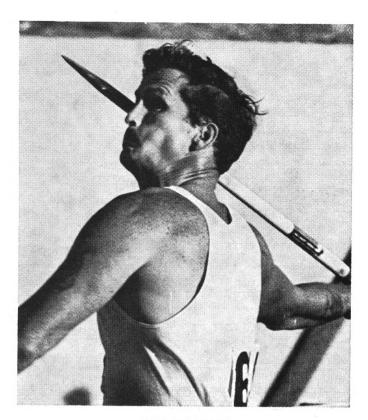

Now, with six national indoor and outdoor titles and a world indoor record of 7 feet 4 3/4 inches to his credit, Reynaldo is going about the business of striving to become no. 1. He has been slow in starting this Olympic year, but what counts will be the final Olympic Trials (in which he distinguished himself four years ago) and the Games late this summer in Munich.

Today's Compton Invitational is proud to recognize Reynaldo Brown as a hometown product who is making a great name for himself through athletics. His success and example should be an inspiration to countless youngsters who may borrow a page from this fine young champion and work to emulate his feats in the future.

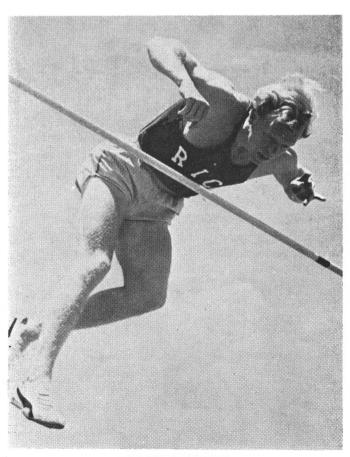

Nothing could be more appropriate of the feeling his many friends and admirers have for Reynaldo than that simply direct bit of popular slang: "Right on, Reynaldo!"

# WASHINGTON JACKSON HARRISON and LIEBENBERG

A top Capitol Hill law firm? Nope—just a few of the stars covered every issue in TRACK & FIELD NEWS. Herb Washington (Michigan State) and Harrington Jackson (El Paso) are two of America's top dashmen; Tarry Harrison and Jeromee Liebenberg (both of Club West) are fine distancemen. Follow their progress— in T&FN—and the progress of hundreds of other Olympic team hopefuls—as they vie to qualify to compete for Uncle Sam in Munich. Every issue (18 a year) brings you the latest news and results, action photos, features, interviews, profiles, stats and lists, and much more.

No track fan should be without T&FN—especially in this Olympic year! One-year, subscription, \$7.00 in US; two years, \$13.00.
