Holiday Inn®

Headquarters of the California Relays

An innovative new concept in Modesto hospitality is our totally enclosed and temperature-regulated SOLARDOME. Here the family can swim indoors in a delightfully heated pool and top off the dip with a visit to our Sauna. You'll also enjoy our ping-pong and pool tables, miniature golf, shuffleboard court, and gym. Whirlpool baths are available to soothe any over-exercised muscles and, for those who favor simply sitting and relaxing, try our sun deck and take advantage of poolside dining and beverage service. There's no need to worry about the weather interfering with your fun-times, thanks to our SOLARDOME.

The Modesto Junior Chamber of Commerce welcomes you and your family to the 33rd Annual California Relays.

In 1942 a group of Jaycees formed the California Relays as a standing committee of the Modesto Chamber of Commerce with a budget of \$400. Since that inception, the Jaycees have spearheaded the California Relays into what you are witnessing today. The budget — \$40,000.

I wish to thank you for your attendance and your continued support of our various projects throughout the year. Through the very nature of our organization, we strive to make our community a better place to live.

If you are between the ages of 18 and 35, I solicit your help to join us in reaching our goals.

We're a local outfit...in 19 different towns.

We do business a little differently than many savings and loan associations. We're subject to the same Federal regulations, of course. And we offer the same services and protections. The difference is, we really are local...and in 19 different towns.

We invest our savings deposits in the communities we serve. Many savings associations invest their deposits in far-distant areas. But at State, you can count on most of your deposits going right back into your community. We've found that it's good business. The people at each State office are part of the town they serve. They're involved in its activities, in its problems and its progress.

So, no matter how large we grow, we'll always be a local business.
