**WORLD MASTERS & 2nd CANADIAN MASTERS TRACK & FIELD
CHAMPIONSHIPS 1975
ETOBICOKE CENTENNIAL STADIUM**

**TORONTO CANADA
AUGUST 11-16**

The Right Honourable ROLAND MICHENER, P.C., C.C., C.M.M., C.D., Q.C.
Governor General of Canada From 1967 to 1974

Track and field events have generally been thought the prerogative of young people, but not by "The Masters". They have learned that these sports can be enjoyed throughout life, almost without limit, and deserve much credit, for their initiative in organizing competition for older athletes. In doing so they have recognized the truth of the ancient Greek adage, which points to the relationship between a healthy body and a sound mind, and have put it into practice. By these means they have contributed greatly to the fitness and, in consequence, to the health and happiness of senior men and women.

PAUL V. GODFREY
Chairman, Metropolitan Toronto Council

It is always a pleasure to welcome visitors to Metropolitan Toronto. And, on behalf of our two and a quarter million citizens, I am especially delighted to welcome the "seasoned" amateur athletes who have accepted our invitation to participate in the First World Masters Track and Field Championships.

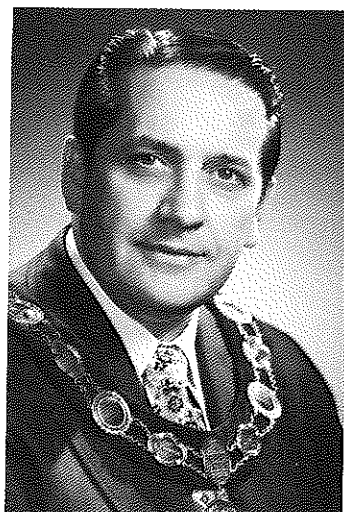

At Etobicoke Stadium and Sunnybrook Park many of us will be on hand to cheer you on and, not without envy, witness your skill and fitness.

You have come from around the globe to participate in this "first". We hope that each and every one of you will feel very much at home in our lively community.

Athletes such as yourselves must surely epitomize good sport and good sportsmanship. You have an important role in the maintenance of international goodwill.

To all of you, and to those who have made this First World Masters possible, our very best wishes.

Sincerely,

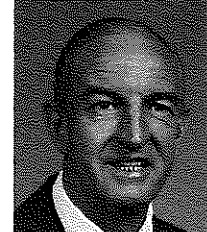

DENNIS FLYNN
Mayor, Borough of Etobicoke

May I, on behalf of all the Members of the Council of the Borough of Etobicoke, extend a warm welcome to all those participators and visitors attending the World Masters Track and Field Championships being held at Etobicoke's Centennial Park, August 11th - 17th, 1975.

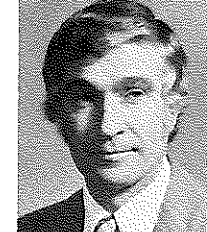

We are especially pleased to have these championships held in the Borough of Etobicoke this year as 1975 marks the 125th Anniversary of Etobicoke as a corporate community.

It is indeed gratifying to have so many outstanding athletes from throughout the world competing in these championships and I trust that you, your coaches, families and friends will enjoy your stay with us.

Good luck to you and a safe return home!

MEET SCHEDULEFIRST WORLD MASTERS TRACK AND FIELD CHAMPIONSHIPS

AND

SECOND CANADIAN MASTERS TRACK AND FIELD CHAMPIONSHIPS

The massive entries, particularly in the distance events, necessitated adding three mornings to the programme and the cancellation of all relay events.

MEN'S PENTATHLON

Because of the entry size, three long jump pits, three javelin areas and three discus areas are required. Each group of competitors is then split into three sub-groups so that the competition can proceed without any delays, except the one hour stagger to get everything rolling. Ian Hume in complete charge.

10,000M CROSS COUNTRY COURSE DESCRIPTION

The start (Point A) is located on the flat open field of a high plateau and runs straight for 800 metres before making an anti-clockwise circuit of the plateau, all in open field in order to spread the runners. At Point B (2,000 metres), the course enters a woods and takes a narrow downward path for 200 metres with a sharp left turn at the bottom, on to open field again. After a short undulation and a road crossing, the course continues on a broad wood-chip and earthen path to make a right turn over a wooden bridge (Point C) spanning an arm of the Don River.

Once again the course twists across an open grassy area, this time with two short sharp rises before entering a narrow wooded trail (Point D) with another short uphill and downhill. This brings us to an oxbow in the river (Point E) which we cross diagonally, about 30 metres of water. If it rains, anyone under 5'6" needs a swimming certificate. Distance to this point is 4,000 metres.

Shortly after emerging from the water, the course recrosses the road and, after a short flat section, reaches the largest hill on the course (Point F), which rises back up to the plateau. On the first lap, a sharp left turn here sends the field across the lower corner of the field to enter the second loop at Point B, at this stage the half way mark. The previously described section Point B to top of Hill "F" is repeated and now, at 7,500 metres, the course swings East across the field and enters a twisting, undulating, narrow (two runners) trail at "G" into the woods for about 700 metres. Emerging, (Point H) it swings South across open field before turning West (Point J) 400 metres from the finish (K).

All entrants should have received a course map by the time of this publication. With the brief exception of road crossings, the course is suitable for spikes or, of course, flat shoes.

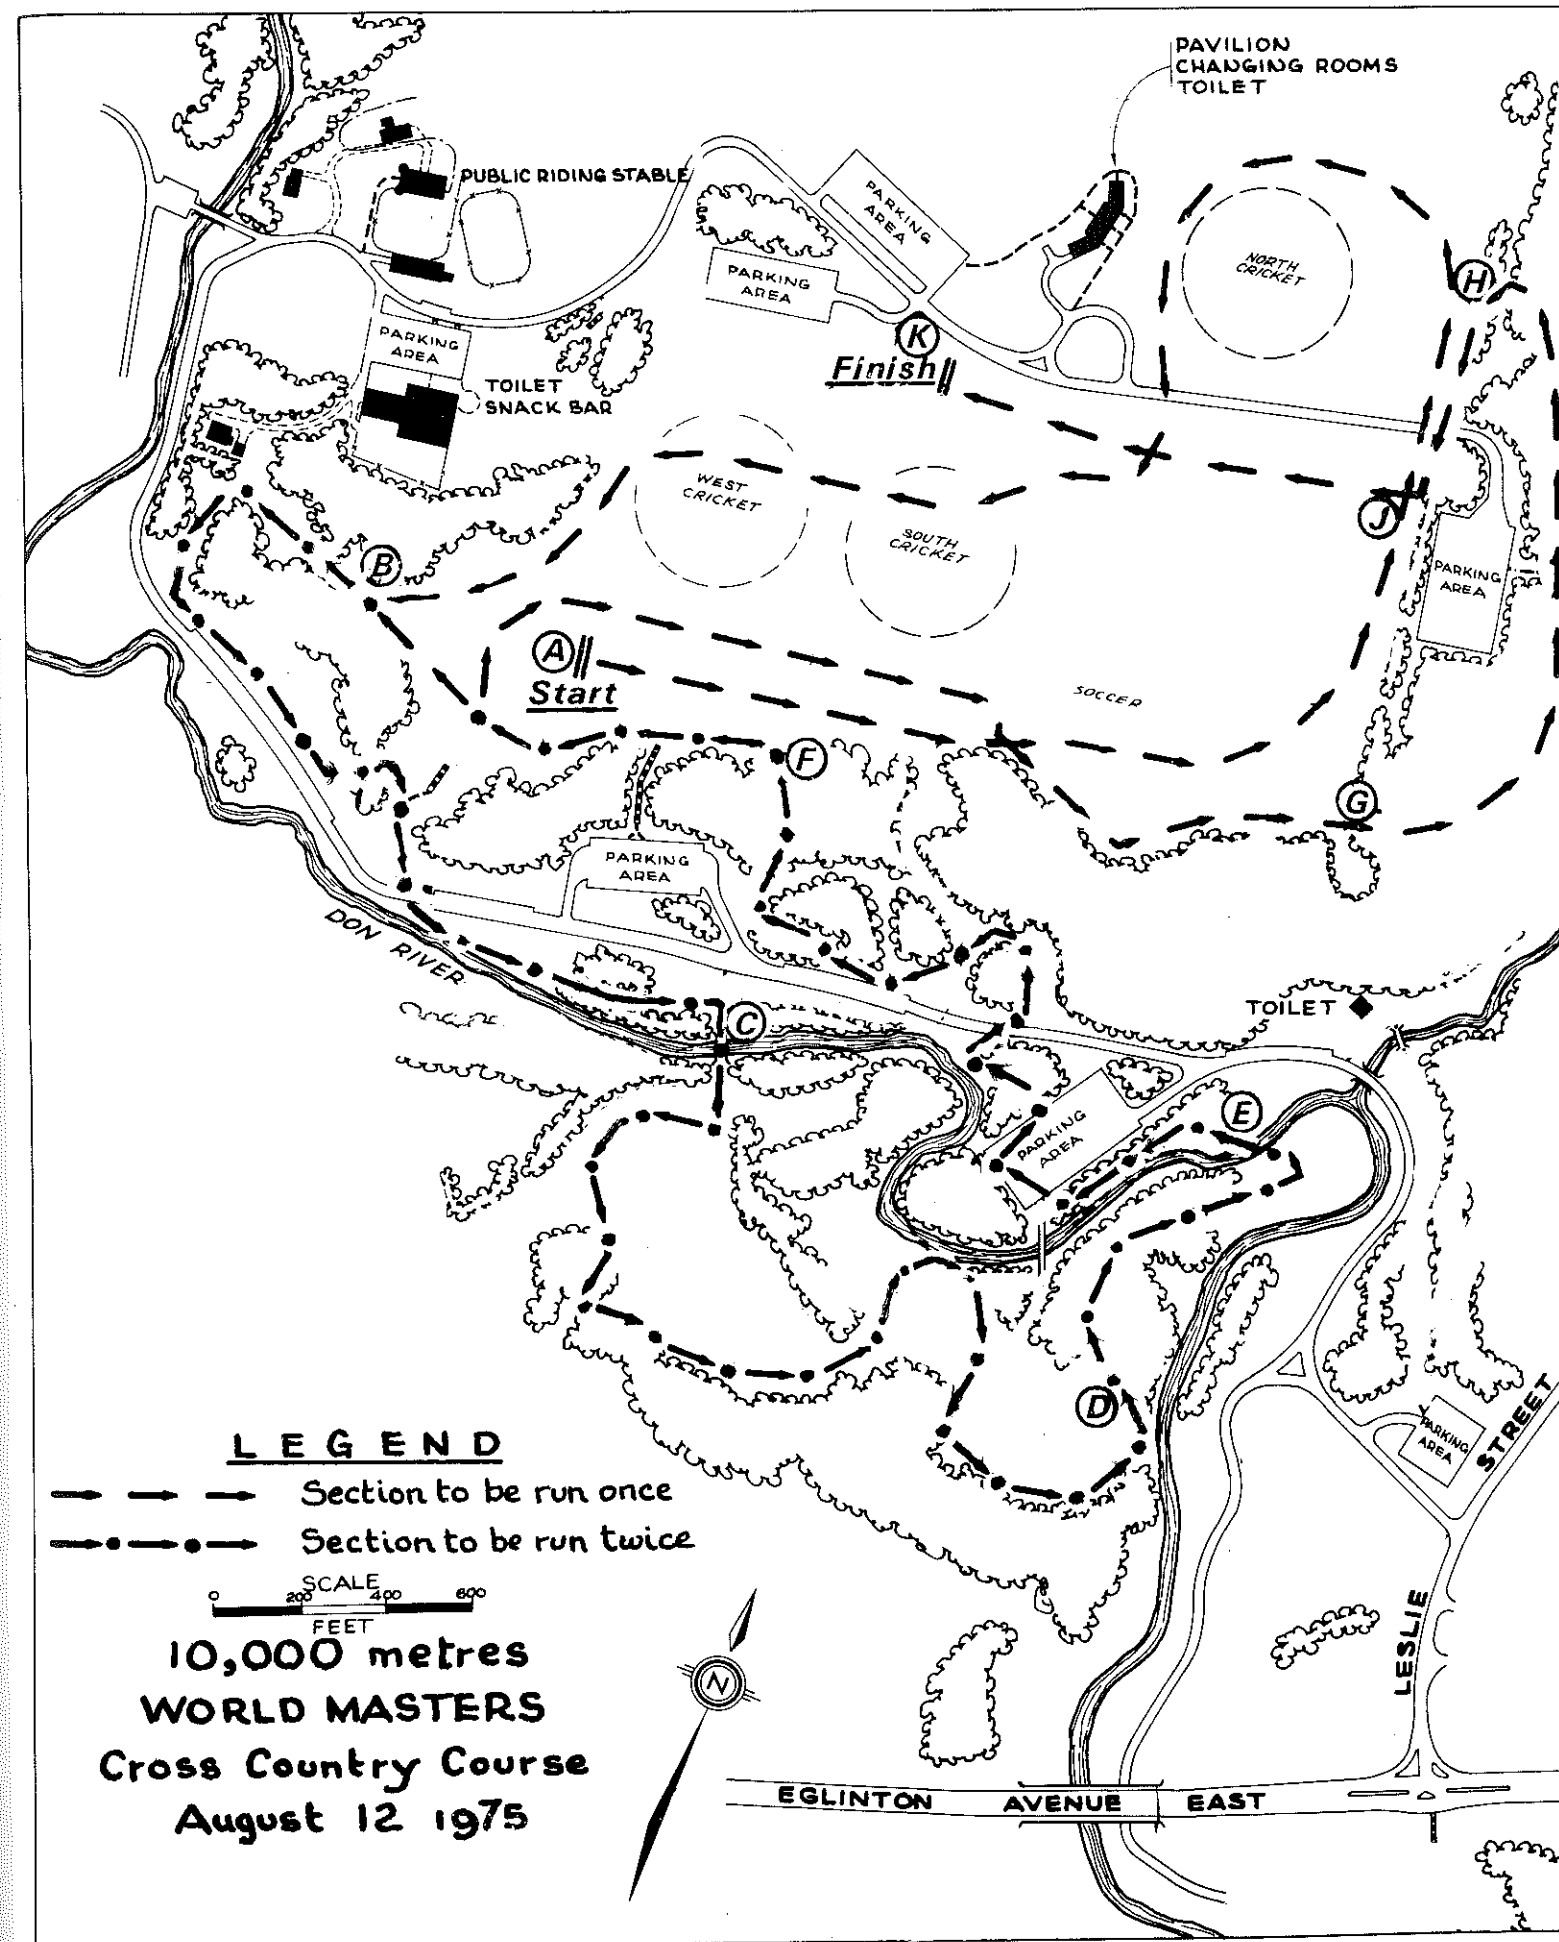

SCORING. No limit to the number in a team.

Overall Championship	6 to score	(9 Teams)
Class 1A Championship	5 to score	(6 Teams)
" 1B "	5 to score	(4 Teams)
Class 2A "	5 to score	(5 Teams)
" 2B "	4 to score	(5 Teams)
Class 3A "	3 to score	(5 Teams)
" 3B and 4 (combined)	2 to count	(5 Teams)

All teams are national, all runners whether on a team or individual entries occupy a place. Scoring based on places, lowest team wins. Sections are combined by comparing times. Where times of runners in different sections are identical the runner in the higher age Class finishes ahead.

ATTENTION CROSS-COUNTRY RUNNERS

This course is both physically and mentally demanding in the true tradition of X-C running. It would be to your advantage to jog or walk the course prior to the race to save any confusion which might put you off course.

MASTERS WORLD RECORDS

To date there has been no official body to ratify Masters records as such. They should therefore, more correctly, be referred to as World Best Performances until such time as such a body is set up. This is not to suggest that the following marks have not been fully authenticated. They have, in fact, been recorded in open competition or at Masters meets by the requisite standard of officiating. The following records stood at June 1st, 1975 and have been kept in 10 year classes. It is hoped that in the near future the 5 year records will be established.

Canadian open records may be established anywhere in the World by a Master currently resident in Canada for at least one year and also by any person of any nationality competing in Canada.

Canadian Native Records may only be established by Canadians (Masters currently resident in Canada for at least one year or a Canadian Citizen).

The medical team is composed of experienced physicians and trainers or sports therapists with extensive involvement in athletic injuries.

Many of the team are runners themselves, and all spend a large proportion of their time looking after athletes.

Several have worked with Team Canada, and our Olympic teams at national and international events in Canada and Europe.

We have super specialists in all disciplines and some experts that are classed as world authorities on the knee, for example.

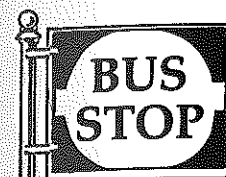

All are available during the week, although specific therapists are assigned to each day, and extra will be on hand for troublesome events (marathon and cross country).

Three nurses are on call for the entire duration and ambulances (up to 3) will be on call for all events.

We will try and look after all the athletes families, of course. We strongly advise everyone to enroll in the Blue Cross. It is a special low rate public relations gesture, courtesy of Blue Cross, and should cover all the medical expenses.

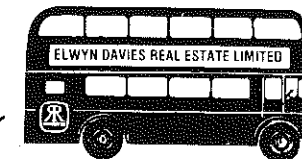

The Meet Organizers wish to thank the following firms and individuals who have kindly sponsored the medals for the following events:
