Welcome
to Mt. Hood
Community
College
Gresham, Oregon

Hosting the 1976 AAU Masters National Track and Field Championships is certainly an honor for Mt. Hood Community College and a great athletic event for the east county communities. This college, and its staff, welcomes the opportunity to have our facilities used for one of the most competitive gatherings in the nation. We are particularly proud that you chose to return here, after your highly successful 1974 national meet.

May I extend a personal welcome to each and every one of you and commend you for your achievements in physical fitness. Enjoy the spirited competition and comradeship that make the master track meet so outstanding. Good luck to each of you, 'master' athletes.

Mr. Robert C. Scott
Interim President

MASTERS TRACK PROGRAM
Athletic Director Welcome

On behalf of the college athletic staff I want to welcome you to what I sincerely believe will be the finest National AAU Master's Track and Field Championship yet.

In the two-years since Mt. Hood Community College first hosted this event I have received nothing but notes of praise from the community, on not only the caliber of competition, but also the friendliness of the participants. I'm nearly positive that the enthusiasm generated then can be equalled, or surpassed, in this bicentennial year.

I wish you the best of luck, and hope that the results from this weekend's meet are comparable to the amount of time and energy you have spent in preparation.

DUTCH TRIEBWASSER

Masters Background

In nine short years the National AAU Master's Track and Field Championships have grown to become the premier event on the summer tour.

Sprouted from a meet for "over forty" athletes in the San Diego area, the championship has grown to encompass nearly 800 athletes from all 50 States in the Union. In addition representatives from Europe, Africa and South America are expected to be on hand this weekend.

Three years ago the championship left it's previous six-year site in San Diego, California, and moved to Mt. Hood Community College in Gresham, Oregon. After a one-year stint in White Plains, New York, last summer, the meet returns to East County, in what shapes up as the largest ever.
