

Department of Economic & Social Affairs

Committee for Development Policy

The Least Developed Country Category 2015 Country Snapshots

UNITED NATIONS

DESA

The Department of Economic and Social Affairs of the United Nations Secretariat (DESA) is a vital interface between global policies in the economic, social and environmental spheres and national action. The Department works in three main interlinked areas: (a) it compiles, generates and analyses a wide range of economic, social and environmental data and information on which Member States of the United Nations draw to review common problems and to take stock of policy options; (b) it facilitates negotiations among Member States in many intergovernmental bodies on joint courses of action to address ongoing or emerging global challenges; and (c) it advises interested Governments on the ways and means of translating policy frameworks developed in United Nations conferences and summits into programmes at the country level and, through technical assistance, helps build national capacities.

CDP

The Committee for Development Policy (CDP) is a subsidiary body of the United Nations Economic and Social Council. It provides inputs and independent advice to the Council on emerging cross-sectoral development issues and on international cooperation for development, focusing on medium- and long-term aspects. The CDP is also responsible for reviewing the status of least developed countries (LDCs) and for monitoring their progress after graduation from the category.

Acknowledgements

This publication reflects a collaborative effort of the Committee for Development Policy and the United Nations Department of Economic and Social Affairs. It relied on the support of the secretariat of the CDP under the general supervision of Ana Luiza Cortez, Secretary of the Committee, who counted on excellent substantive support from Annette Becker and Matthias Bruckner. The contributions of Leah C. Kennedy, Mary Lee Kortes, and Nancy Settecasi in producing this publication are also acknowledged.

SUMMARY

The *2015 Country Snapshots* compile the key statistical data used by the Committee for Development Policy (CDP) at the 2015 triennial review of the least developed country (LDC) category.

LDCs are defined as low-income countries suffering from structural impediments to sustainable development. To identify LDCs, the CDP uses three criteria: gross national income (GNI) per capita; human assets index (HAI) and economic vulnerability index (EVI). HAI and EVI are indices composed of four and eight indicators, respectively. These twelve indicators, together with the indices for per capita GNI, HAI and EVI, are presented in one-page profiles for each of the 48 countries classified as LDCs in 2015, thus providing a snapshot of each country's situation at the 2015 triennial review. The snapshots also illustrate the gaps in progress towards the LDC graduation thresholds for each country, while comparing individual outcomes with corresponding results for all LDCs and developing countries.

A brief introduction to the LDC category and the inclusion and graduation procedure precedes the country snapshots.

More detailed information on the LDCs and the complete dataset from the 2015 triennial review can be found on the CDP website at http://www.un.org/en/development/desa/policy/cdp/ldc_info.shtml

The LDC category

The LDC category

LDC definition

- ▶ Low-income countries confronting severe structural impediments to sustainable development

LDC identification criteria

- ▶ Per capita GNI
- ▶ Human assets index (HAI)
- ▶ Economic vulnerability index (EVI)

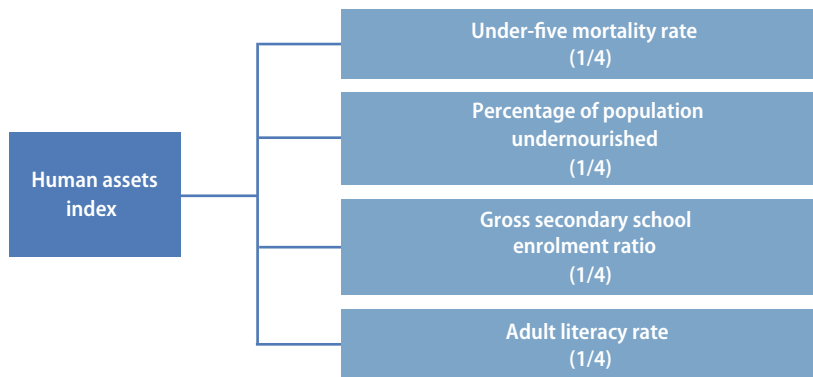

LDC review

- ▶ List of LDCs reviewed triennially by the Committee for Development Policy (CDP)
- ▶ Currently 48 countries are included in the list of LDCs

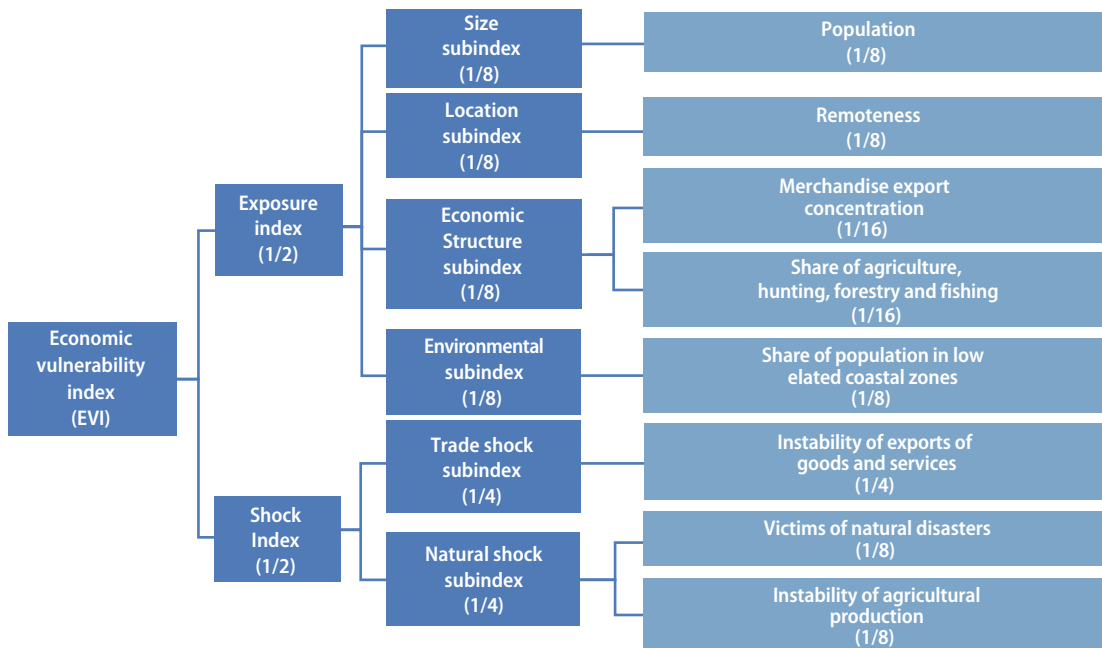

Measures in favour of LDCs

- ▶ Exclusive access to specific international support in the areas of trade, development assistance, and general support: <http://esango.un.org/ldcportal/>

Composition of HAI

Composition of EVI

Inclusion from the LDC category

Inclusion eligibility

- ▶ Inclusion threshold must be met for all three criteria (per capita GNI, HAI, EVI) at one triennial review
- ▶ Population must be less than 75 million inhabitants

Inclusion thresholds (2015 triennial review)

- ▶ Per capita GNI: \$1,035 or above
- ▶ HAI: 60 or below
- ▶ EVI: 36 or above

Inclusion procedure

- ▶ DESA formally notifies country of eligibility finding
- ▶ CDP submits inclusion recommendation to the Economic and Social Council of the United Nations (ECOSOC)
- ▶ ECOSOC endorses the recommendation by the CDP
- ▶ Country formally notifies the Secretary-General of its acceptance
- ▶ General Assembly takes note of the ECOSOC recommendation
- ▶ Inclusion takes effect immediately

Graduation from the LDC category

Graduation eligibility

- ▶ Graduation threshold must be met for two of the three criteria (per capita GNI, HAI, EVI)
- ▶ Alternatively, per capita GNI is at least twice the graduation threshold

Graduation thresholds (2015 triennial review)

- ▶ Per capita GNI: \$1,242
\$2,484 for income only
- ▶ HAI: 66 and above
- ▶ EVI: 32 and below

Graduation procedure

- ▶ Eligibility for graduation has to be met at two consecutive triennial reviews
- ▶ After country has been found eligible for graduation for the first time, UN/DESA prepares an ex ante impact assessment, and UNCTAD prepares a vulnerability profile of that country as inputs to the CDP decision-making process
- ▶ Country is invited to present its views on the possibility of graduation at the CDP expert group meeting preceding the next triennial review
- ▶ CDP recommends the country for graduation on the basis of the LDC criteria and the additional information provided by the country, UN/DESA and UNCTAD
- ▶ ECOSOC endorses the recommendation by the CDP
- ▶ General Assembly takes note of the decision of ECOSOC
- ▶ Graduation takes effect three years after the decision by the General Assembly

Preparation for graduation

- ▶ During the three-year period before graduation is effective, country still belongs to the LDC category and is entitled to receive all benefits available to LDCs
- ▶ Country is invited to prepare a transition strategy in cooperation with development partners
- ▶ CDP monitors development progress of the country and the preparation of the transition strategy

Smooth transition from the LDC category

- ▶ After graduation is effective, country no longer belongs to the LDC category
- ▶ LDC-specific support should be phased out gradually and in a predictable manner after graduation
- ▶ Country implements the transition strategy, supported by development partners
- ▶ CDP monitors development progress of the country and the implementation of the transition strategy for three consecutive years after graduation takes effect, then triennially for two triennial reviews

Country snapshots

Afghanistan	Madagascar
Angola	Malawi
Bangladesh	Mali
Benin	Mauritania
Bhutan	Mozambique
Burkina Faso	Myanmar
Burundi	Nepal
Cambodia	Niger
Central African Republic	Rwanda
Chad	Sao Tome and Principe
Comoros	Senegal
Democratic Republic of the Congo	Sierra Leone
Djibouti	Solomon Islands
Equatorial Guinea	Somalia
Eritrea	South Sudan
Ethiopia	Sudan
Gambia	Timor-Leste
Guinea	Togo
Guinea-Bissau	Tuvalu
Haiti	Uganda
Kiribati	United Republic of Tanzania
Lao People's Democratic Republic	Vanuatu
Lesotho	Yemen
Liberia	Zambia
