## MR. BONAR LAW'S DEALS CONSERVATIVE AND CAUTIOUS POSITION OF MR. LLOYD GEORGE "DOES NOT KNOW WHERE HE IS."

LONDON, November 2. Mr. Bonar Law addressed a meeting of women voters in London to-day. He said women have a tendency to be conservative, not in a political sense, but they are cautious, and that is what we want in the government of this country. Mr. Lloyd George recently spoke of simplicity, but he was good enough to couple "honesty" with it. I wonder if Mr. Lloyd George knows where he is. So far he has not issued an election address. It is not fair to suggest that he is waiting on Providence before he puts his views on paper. There is absolutely no foundation for the statement that the Unionist Party has been unfair to Mr. Lloyd George.

Wanted to Do It Himself. If the war had ended under the Aquith regime instead of that of Mr. Lloyd George I believe the Coalition would have been between Mr. Asquith and Mr. Lloyd George, and he would have been the dominant figure. He would have been the dominant figure. He would have been the dominant figure.

New and Younger Men. My idea is that the man at the head of a big business should allow the work to be done by others under his general supervision. That is the change we intend to make. It is a great mistake to suppose that the man at the head of a big business should allow the work to be done by others under his general supervision.

Sit Still and Go Slow. There are times when it is good to sit still and go slow. I hope America will gradually take an interest in the League of Nations in some form or other, and that she will gradually feel it is her duty to help to discontinue the post-war chaos of the world.

## STOP PRESS NEWS. THE NEW CABINET. FRANCE AND ITALY.

CONFIRMED IN EXECUTIVE COUNCIL. THE TUNIS QUESTION. DEMAND BY MUSSOLINI. A special meeting of Executive Council was held on Friday morning for the purpose of reconstituting the Barwell Cabinet. Consequent upon the resignation of Mr. Ritchie as Treasurer and Minister of Education, and the inclusion in the Government of Mr. Jenkins as Minister of Agriculture and Assistant Minister of Education, the rearrangement of portfolios has caused the resignations of several Ministers from office and their reappointment to other departments.
