GOLDFIELDS GOSSIP

Mrs. Frank Everett, of Burt-street, has the pleasure of her mother's company just now. Mrs. Williams will remain here another two months.

After an enjoyable holiday with her sister and brother, Mr. and Mrs. Tomkin, of Menangle Station, Mrs. Nelson Hancock has returned to her home in South Perth.

Whilst Mr. S. M. Bruce, P.M. Minister of Australia, accompanied by Senator W. Kingmill, were receiving deputations from local governing organisations, Mrs. E. Leslie (Mayores) was around the district, afterwards entertaining them at her home in M'Donald-street, Kalgoorlie.

MAKING UP FIGURED MATERIAL

Points to be Considered

When you are making up figured materials, be careful. Figures are all very well if they are cleverly used. But they must be cleverly used.

FASHIONS IN CRADLES

Hygiene and Comfort

The cradle is one of the oldest pieces of furniture in the world, and its shape and general design has changed curiously little through the centuries.

ASHTON & PARSONS' INFANTS' POWDERS

Infants' Powders make Baby happy and contented.

Mrs. E. WYNNE, writes: "I think your Infants' Powders are unequalled for making babies happy and contented, and bringing them safely through the teething period—and once used always used, and I bless the day they were brought to my knowledge. I have given your powder from birth, and baby is now nine months old, and cuts her teeth without any knowing, all the result of your splendid Infants' Powders. Our boy, Geoffrey, was very backward till after his first birthday, when your powder was recommended. We had tried very nearly all the powders made, but not until we got yours did he start teething. He is two years and nine months now, and has splendid teeth, with no trouble at all."—Mount Cottage, Flint Mountain, N. Wales. Feb. 10, 1927.

EVERY WOMAN SHOULD TAKE IRON JELLOIDS WITH MEALS NOW AND AGAIN.

They are the great Blood Enrichers. If you feel weak, depressed and tired and get out of breath easily, you should really try a few Iron Jelloids. You have no idea what a difference they may make to you. When you consider the thousands of women (men, and also children) who have derived benefit from them, you must be sure they are a good thing. They are most inexpensive—14 days' treatment 2/6 only—sufficient for 40 days'—all chemists stock them. They don't interfere with the digestion, they don't stain the teeth—in fact they do you nothing but good—ask for Iron Jelloids No. 2. These with Quinine are Iron Jelloids No. 2A, and are put up as a tonic for men. Children can take an Iron Jelloid No. 2, or if young an Iron Jelloid No. 1. Remember, however, a constant supply of good red blood—how necessary therefore if you are nervous it is to take Iron Jelloids No. 2. For Rheumatism, take Iron Jelloids No. 2A.
