OHIO, MICHIGAN, FLORIDA AND INDIANA REAL ESTATE AND AUCTION EXPERTS

Our company has been selling real estate at auction in Ohio, Michigan, Florida and Indiana for decades. We help sellers identify their goals and reach market value (or better). In this market we hear questions like, "The market is so good, why would I auction my home when I can list it and sell it in a day?" Yes, you can list your house, and we do traditional listings as well, but we invite to think about your investment from a different angle.

McLaren St. Luke's | Best Heart Care Facility finalist

Listen to Your Heart – Concerns about medical conditions in recovered COVID-19 patients

Heart problems are usually not sudden, out-of-nowhere events. Sometimes, an issue with heart disease goes undiagnosed or ignored until it gets bad enough to cause heart failure or a heart attack. It's important to know what your heart is telling you if you experience a change in your normal condition, including breathing changes, pain and fatigue.

Among those who have recovered from COVID-19, however, physicians are seeing some patients develop new and sudden heart conditions. Because COVID-19 is considered a respiratory infection, one of the more serious and telltale COVID-19 symptoms is shortness of breath, which can leave the heart with an inadequate level of oxygen. A low level of oxygen can cause blood cells to inflame, possibly creating blood clots and potentially leading to a heart attack and strain on the heart.

Myocarditis, the heart condition often associated with COVID-19 in recovery, is an inflammation of the heart muscles, with viral infections of any type being a main cause. Symptoms most associated with myocarditis are:

- Chest pain
- Dizziness
- Fatigue
- Heart palpitations
- Arrhythmia
- Shortness of breath
- Swelling in extremities

Another serious condition that can develop after people have recovered from COVID-19 is a pulmonary embolism, which is a clot that travels to the lungs. A clot is formed when blood thickens and coagulates into a clump-like, semi-solid state. If they don't naturally dissolve, clots can travel through the body's blood vessels, increasing the likelihood of that clot obstructing blood flow.

Many conditions, including myocarditis and pulmonary embolisms, don't display signs that are immediately identifiable. It may take time for symptoms to surface, but be on the lookout for:

- Shortness of breath and/or difficulty catching your breath. This may be most apparent when you are active or when you lie down in bed.
- Weakness or lightheadedness, especially if you are too weak to do your normal activities, feel dizzy or even pass out.
- Chest discomfort. You might feel pressure on your chest when you attempt activity or are exposed to cold air.
- Palpitations including rapid heart rhythm, irregular heartbeat, skipped beats or a flip-flop feeling in your chest.

In the limited studies of recovered COVID-19 patients, about 25 percent

of hospitalized patients have been shown to develop a heart condition. While heart disease is a major risk factor for developing this lasting effect, it's also been found in many patients who have no history of heart disease.

Sometimes, a healthy heart can spell the difference between life and death. Know your risks and turn to your physician and McLaren St. Luke's to help you keep your heart healthy.

McLaren St. Luke's Heart and Vascular Center offers comprehensive tests and procedures to help your physician determine if you have a heart condition and the most effective treatments if you do. The center is accredited as a Chest Pain Center by the American College of Cardiology. To find a cardiologist or cardiothoracic surgeon at McLaren St. Luke's, visit www.mclaren.org/stlukesheart.

Thank you for nominating McLaren St. Luke's as a Readers' Choice Finalist for the **Best Heart Care Facility** in northwest Ohio.

Epworth United Methodist Church Best Attraction winner, Best Place of Worship winner

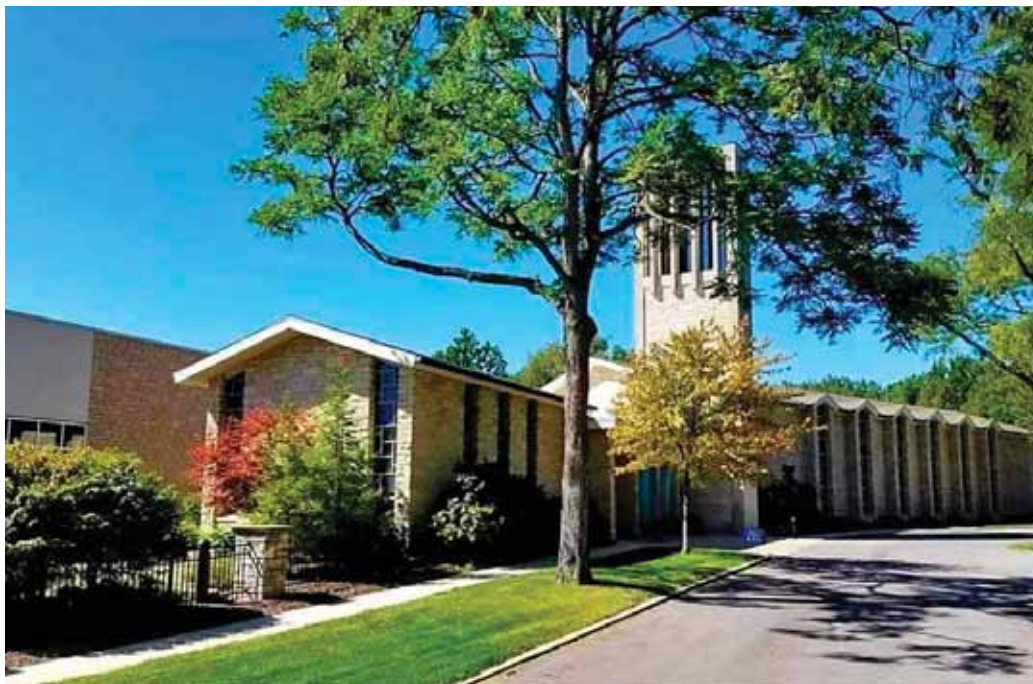

Epworth United Methodist Church, one of the largest and most active churches in Ohio, was voted by The Toledo Blade readership as the Best Attraction and Best Place of Worship in Toledo. This is a significant accomplish-

ment and shows how this dynamic ministry has inroads in every area of our community and region.

The church is led by Dr. Stephen Lowell Swisher and has made a specific and concerted effort to offer help for today, hope for tomorrow, and a place to call home for all people. They do this through a number of areas, including outreach to inner-city Toledo and the homeless, the Epworth Furniture Ministry that serves thousands of Toledoans each year, their outreach to the Hawkins School, a dynamic preschool, and exciting outreach to children and young adults. Perhaps they are best known for their media ministry that stretches throughout the Midwest on many television stations and worldwide through their online ministry.

Dr. Swisher puts it this way, "We want to offer God's love, hope, and relevant message on every available voice."

In response to prevailing in The Blade's Readers' Choice Awards, Dr. Swisher commented, "We are honored and thrilled to have been recognized by our many friends throughout Toledo as the Best Attraction and Best Place of Worship in the area. This is a fantastic tribute to God and the ability all of us have daily to make a positive, uplifting difference in the lives of our neighbors and fellow citizens."

THANK YOU TOLEDO!

La-Z-Boy Galleries of Toledo Winner: Best Furniture Store, Best Mattress, Best Interior Designer

La-Z-Boy Furniture Galleries of Toledo was started in 1974 by Don Durocher and continues to be a leader in home furnishings for northwest Ohio and southeast Michigan.

But La-Z-Boy Furniture Galleries, a licensee of the national company headquartered in Monroe, Michigan, is much more than a furniture store for every room in your house. Supporting local charities is one of many ways La-Z-Boy Furniture Galleries gives back to the community.

It is heavily involved in supporting the local Ronald McDonald House, the St. Jude Hospital Dream House Giveaway, and the Toledo SeaGate Food Bank.

"We stage the home for the St. Jude Hospital Dream House and proud to have helped raise millions of dollars for research at St. Jude Hospital," said Matt Simpson, sales and marketing director for La-Z-Boy Furniture Galleries. "We are very excited to be involved again this year."

La-Z-Boy Furniture Galleries also participated in Nationwide Marketing's No Child Hungry campaign to end child hunger around the corner and around

the world. Since then, the Nationwide community has collectively packed more than 685,000 meals at various events around the country, delivering a portion of those packed meals within the local host cities and the rest to children and their families in Haiti and the Bahamas.

"Giving back is all part of being a good steward to the communities where we work and live. Helping the people in our neighborhoods that we serve is the right thing to do. If you can give ... give," said Chris Durocher, La-Z-Boy Furniture Galleries President & CEO.

The selection at the La-Z-Boy Furniture Galleries has gone so far beyond recliners — something for the living room, dining room, family room, bedroom, and every place in the home. But the family-oriented business is especially proud of its employees who volunteer for many of the charity events.

"Being locally owned and operated, your neighbors are working at our stores," Simpson said. "We're very proud of the fact that we have so many longtime employees."

ProMedica

"Time is brain" – Know the signs of a stroke

The saying, "Time is brain," emphasizes the importance of knowing the warning signs of a stroke and the need to get immediate medical care.

"Strokes need specialized attention right away," said Mouhammad Jumma, MD, Medical Director, ProMedica Stroke Network. "That's why we created the ProMedica Stroke Network, led by ProMedica Toledo Hospital, the area's first comprehensive stroke center. This collaborative care team supports 12 regional ProMedica sites and 21 area hospitals. This enables us to use technology to help deliver more brain-saving care to more areas. Patients get the immediate care they need in their local emergency room because it is connected to a stroke intervention team."

ProMedica Toledo Hospital was one of 46 (out of 4,313) hospitals in the country with better than average rates of 30 days mortality after stroke for Medicare patients. May is National Stroke Awareness Month. Learn and remember the warning signs of stroke by remembering the acronym, BE FAST:

B – Balance trouble and dizziness.

E – Eyes. Blurry, double or vision in one or both eyes.

F – Face drooping or numbing. A person's smile may look uneven.

A – Arm weakness. When a person lifts both arms at once, one of them may drift downward.

S – Speech difficulty. The person may have a hard time repeating a simple sentence.

T – Time to call 911. Call 911 immediately if you recognize these signs. Make note of the time the symptoms first appeared.

Congratulations!

We are ProMedica Proud.

Walker Funeral Homes Best Funeral Home finalist

At Walker Funeral Homes & Crematory, we help families who are faced with the loss of a loved one. Whether choosing a traditional funeral, a cremation ceremony, or a creative Beautiful Farewell, our team will work hand-in-hand with you to plan and conduct a memorial event that reflects your values and honors the story of a lifetime.

At Walker, we do not dictate traditions and require you to conform to a single style of funeral. Instead, we invite you to explore new styles of end-of-life ceremonies knowing that we are here to support you every step of the way.

Recently, we created the "Walker Promises," which identifies the seven major promises we make to every family we serve. We promise:

- Your budget will be respected
- You will have 24-hour access to our team
- You will have the opportunity for a private goodbye with your loved one
- Your service can be as creative or traditional as you like
- You will be given the opportunity for a spiritually significant ceremony
- Your comfort and the comfort of your guests will be our focus
- You will value the experience
- You can learn more about the Walker Promises at

WalkerFuneralHomes.com.

We're so confident that you will be pleased with our services, that if you are not satisfied with any part of our services, we will either make it right or not charge for that part of the service. It's that simple.

Thank You! We are honored to be a Reader's Choice finalist for 2021.

Toledo Museum of Art

Winner: Best Art Classes, Best Art Gallery, Best Place to Work

Finalist: Best Attraction

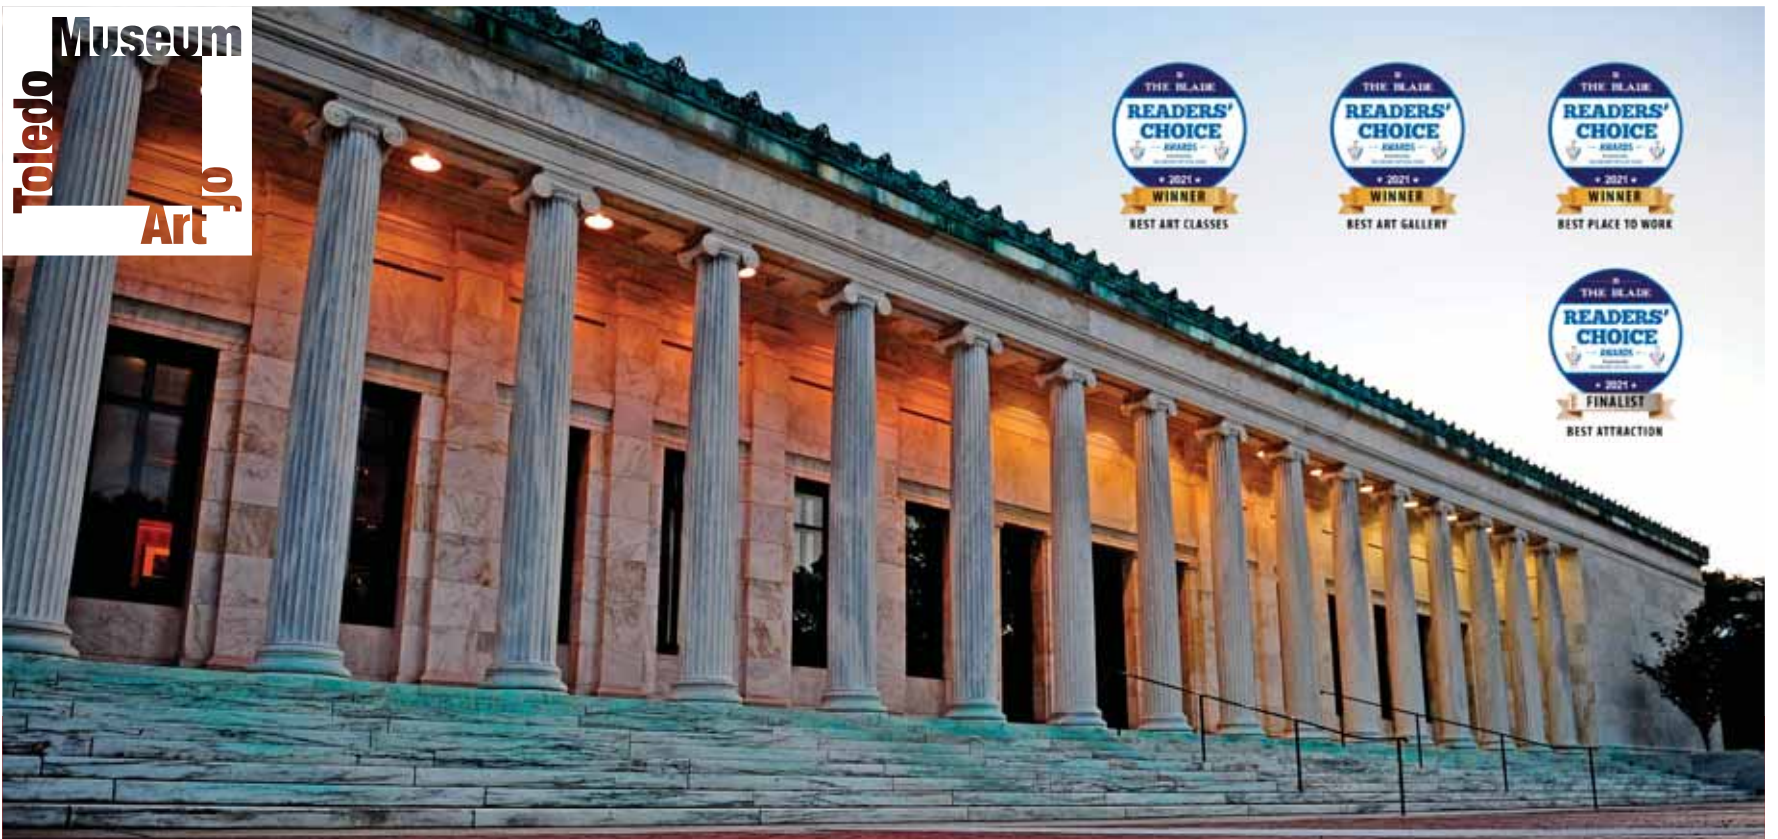

The Toledo Museum of Art is the city's masterpiece.

Since its founding in 1901, the museum has earned a global reputation as one of the greatest museums in the country for the quality of its collection, its innovative education programs, and its architecturally significant campus.

TMA strives to integrate art into the lives of people through experiences across the campus, opening its doors to nearly 400,000 visitors each year. Whether one wants to simply walk the galleries or more actively engage in their wide variety of classes, lectures, tours, or hands-on activities just for fun, the TMA provides avenues for art enthusiasts of all ages to engage in understanding and creating art. One can also spend time with family and friends dining in their café, buying local art in their store, attending wine-tastings, or participating in their annual festivals like the summer Block Party and fall Glass Harvest and winter Great Art Escape.

Although the way we navigate through the world looks and feels different these days, walking through the TMA reminds us that museums are secure spaces to reflect, connect and analyze the past and future of our world. The Toledo Museum of Art has been providing these safe and engaging experiences for our community for over 120 years.

Thanks to the benevolence of its founders, as well as the continued support of its members, TMA remains a privately endowed, nonprofit institution and opens its collection to the public, free of charge.

Thank you, Toledo, for choosing TMA!

Home Solutions of Maumee Valley Winner: Best Building Contractor, Best Bath Remodeler, Best Kitchen Remodeler

Q&A with Mike Phillips, owner of Home Solutions of Maumee Valley
 What would a community look like if there were no locally owned businesses? It would be sterile without the flavor of the born and raised citizens, neighbors and friends

As a locally owned business, why should the community support you instead of a national chain competitor? The community should not support a local business just because they are local. A company needs to earn the community's respect and support through practice of The Golden Rule.

We support the community, and the community supports us.
 How does your business support the local community? By contributing to Habitat for Humanity, Donations to Shop with a Cop, The Wounded Warrior Project, Sparrows Nest, Butterflies 15, Gloves of Love for Parkinson's, and by employing local citizens above scale wages.

What do you want our readers to know about your business that may not be obvious? We are a pure spirited group of local tradesmen/administrators that insist on the rights of all to live and prosper with freedom of choice and expression.

Something most people don't know about me is: I was fortunate to have parents who insisted upon following through on my commitments and instructed me to look to the heavens for wisdom.

What is the one piece of advice that most changed your life? You only live once, WRONG – You only die once, and you live Every Day!

Central Catholic High School Best Private High School winner

For over a century, Central Catholic High School has been a cornerstone of the Toledo community. It is one of the largest co-educational, college prep Catholic high schools in Ohio. Our extensive programs provide something for every ability and interest. Dedicated teachers are invested in students' success, and our unmatched learning opportunities prepare students to go out and make an amazing impact in their communities and the world.

Central Catholic has worked diligently to provide a safe and effective in-person learning environment throughout these difficult times. We partner with families who are committed to Catholic education to provide the best educational opportunities possible. We celebrate our diversity and recognize how diversity in the school environment helps build

well-rounded students and prepares them for the real world.

Central Catholic offers nearly 100 merit and need-based scholarships, and we have awarded an average of \$1.375 million in scholarships and financial aid over the last three years. The Class of 2020, the 100th graduating class in school history, earned over \$4.6 million in college scholarships, and graduates were accepted into top universities across the country.

Our challenging academics, successful athletic programs, opportunities for faith formation and spiritual wellness, history of excellence in visual and performing arts, and our famous Irish Spirit have made Central Catholic "CENTRAL" to our lives in so many ways: Central To Faith, Academics, Arts, Athletics, Community, Family, Future, Relationships, Success. Central to Life!
