**Abstract of Proposed Collection**

The Department proposes requesting the following information, if not already included in an application, from a subset of visa applicants worldwide, in order to more rigorously evaluate applicants for terrorism, national security-related, or other visa ineligibilities:

• Travel history during the last fifteen years, including source of funding for travel;

• Address history during the last fifteen years;

• Employment history during the last fifteen years;

• All passport numbers and country of issuance held by the applicant;

• Names and dates of birth for all siblings;

• Name and dates of birth for all children;

• Names and dates of birth for all current and former spouses, or civil or domestic partners;

• Social media platforms and identifiers, also known as handles, used during the last five years; and

• Phone numbers and email addresses used during the last five years.

Regarding travel history, applicants may be requested to provide details of their international or domestic (within their country of nationality) travel, if it appears to the consular officer that the applicant has been in an area while the area was under the operational control of a terrorist organization as defined in section 212(a)(3)(B)(vi) of the Immigration and Nationality Act, 8 U.S.C. 1182(a)(3)(B)(vi). Applicants may be asked to recount or explain the details of their travel, and when possible, provide supporting documentation.

This information collection continues implementation of the directive of the President, in the *Memorandum for the Secretary of State, the Attorney General, the Secretary of Homeland Security* of March 6, 2017, to implement additional protocols and procedures focused on “ensur[ing] the proper collection of all information necessary to rigorously evaluate all grounds of inadmissibility or deportability, or grounds for the denial of other immigration benefits.” Consular posts worldwide regularly engage with U.S. law enforcement and partners in the U.S. intelligence community to identify characteristics of applicant populations warranting increased scrutiny. The additional information collected will facilitate consular officer efforts to apply more rigorous evaluation of these applicants for visa ineligibilities. In accordance with existing authorities, visas may not be denied on the basis of race, religion, ethnicity, national origin, political views, gender, or sexual orientation.

In our emergency information collection request, we stated that relevant State Department officials estimate that 0.5% of U.S. visa applicants worldwide, or in the range of 65,000 individuals per annum, will present a threat profile, based on individual circumstances and information they provide, that will lead

U.S. consular officers at posts around the world to conclude the applicant warrants enhanced screening for visa ineligibilities. At this time, this continues to represent the Department's best estimate. Given the short period since the collection's implementation, the data from consular posts at this time would not represent an accurate estimate of how many applicants might be subject to this collection annually. A lengthier period of post implementation will better inform this estimate, and the Department will update the estimate accordingly. An updated estimate that reflects post experience will be provided in the Department's 30 day notice.

Failure to provide requested information will not necessarily result in visa denial, if the consular officer determines the applicant has provided a credible explanation why he or she cannot answer a question or provide requested supporting documentation, such that the consular officer is able to conclude that the applicant has provided adequate information to determine the applicant's eligibility to receive the visa. The collection of social media platforms and identifiers will not be used to deny visas based on applicants' race, religion, ethnicity, national origin, political views, gender, or sexual orientation.

**Methodology**

Department of State consular officers at visa-adjudicating posts worldwide will ask the proposed additional questions to resolve an applicant's identity or to vet for terrorism, national security-related, or other visa ineligibilities when the consular officer determines that the circumstances of a visa applicant, a review of a visa application, or responses in a visa interview indicate a need for greater scrutiny. The additional questions may be sent electronically to the applicant or be presented orally or in writing at the time of the interview. In furtherance of this collection, consular officers are directed not to request user passwords; engage or interact with individual visa applicants on or through social media when conducting assessments of visa eligibility; not to violate or attempt to violate individual privacy settings or controls; and not to use social media or assess an individual's social media presence beyond established Department guidance. Consular staff are also directed in connection with this collection to take particular care to

avoid collection of third-party information.

## **SURFACE TRANSPORTATION BOARD**

**[Docket No. AB 290 (Sub-No. 388X)]**

### **Norfolk Southern Railway Company— Abandonment Exemption—in Atlanta, Ga.**

Norfolk Southern Railway Company (NSR) has filed a verified notice of exemption<sup>1</sup> under 49 CFR part 1152 subpart F—*Exempt Abandonments* to abandon approximately 1.0 mile of rail line between milepost DF 632.10 and milepost DF 633.10 in Atlanta, Ga. (the Line).<sup>2</sup> The Line traverses United States Postal Service Zip Codes 30324 and 30309.

NSR has certified that: (1) No local traffic has moved over the Line for at least two years; (2) no overhead traffic has moved over the Line for at least two years and overhead traffic, if there were any, could be rerouted over other lines; (3) no formal complaint filed by a user of rail service on the Line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the Line either is pending with the Surface Transportation Board (Board) or with any U.S. District Court or has been decided in favor of a complainant within the two-year period; and (4) the requirements at 49 CFR 1105.7(c) (environmental report), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.

<sup>1</sup> NSR initially filed its verified notice on March 27, 2017. After submitting the filing, NSR discovered that its combined Environmental and Historic Reports (E&HR) contained an incorrect milepost designation which, when changed, impacted the E&HR. At the request of NSR, the proceeding was held in abeyance by a decision served on April 5, 2017. NSR now has corrected and reissued its E&HR. NSR filed its revised verified notice on July 14, 2017, which therefore is the official filing date.

<sup>2</sup> NSR states that the Line includes the portion of NSR's right-of-way that the Board found not to have been abandoned in *Atlanta Development Authority—Verified Petition for a Declaratory Order*, FD 35991, slip op. at 9 (STB served Dec. 15, 2016), *reconsideration denied*, FD 35591 (STB served May 26, 2017). NSR states that it plans to convey the easement and wye right-of-way to Atlanta BeltLine, Inc. for urban development and to improve the City's infrastructure upon consummation of the proposed abandonment.

As a condition to this exemption, any employee adversely affected by the abandonment shall be protected under *Oregon Short Line Railroad—Abandonment Portion Goshen Branch Between Firth & Ammon, in Bingham & Bonneville Counties, Idaho*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on September 2, 2017, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,<sup>3</sup> formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),<sup>4</sup> and interim trail use/rail banking requests under 49 CFR 1152.29 must be filed by August 11, 2017. Petitions to reopen or requests for public use conditions under 49 CFR 1152.28 must be filed by August 23, 2017, with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423-0001.

A copy of any petition filed with the Board should be sent to William A. Mullins, Baker & Miller PLLC, 2401 Pennsylvania Ave. NW., Suite 300, Washington, DC 20037.

If the verified notice contains false or misleading information, the exemption is void ab initio.

NSR has filed a combined environmental and historic report that addresses the effects, if any, of the abandonment on the environment and historic resources. OEA will issue an environmental assessment (EA) by August 8, 2017. Interested persons may obtain a copy of the EA by writing to OEA (Room 1100, Surface Transportation Board, Washington, DC 20423-0001) or by calling OEA at (202) 245-0305. Assistance for the hearing impaired is available through the Federal Information Relay Service at (800) 877-8339. Comments on environmental and historic preservation

<sup>3</sup> The Board will grant a stay if an informed decision on environmental issues (whether raised by a party or by the Board's Office of Environmental Analysis (OEA) in its independent investigation) cannot be made before the exemption's effective date. See *Exemption of Out-of-Serv. Rail Lines*, 5 I.C.C.2d 377 (1989). Any request for a stay should be filed as soon as possible so that the Board may take appropriate action before the exemption's effective date.

<sup>4</sup> Each OFA must be accompanied by the filing fee, which is currently set at \$1,700. See 49 CFR 1002.2(f)(25). Effective September 1, 2017, the filing fee will be \$1,800. See *Regulations Governing Fees for Servs. Performed in Connection with Licensing & Related Servs.—2017 Update*, EP 542 (Sub-No. 25) (STB served July 28, 2017).

matters must be filed within 15 days after the EA becomes available to the public.

Environmental, historic preservation, public use, or trail use/rail banking conditions will be imposed, where appropriate, in a subsequent decision.

Pursuant to the provisions of 49 CFR 1152.29(e)(2), NSR shall file a notice of consummation with the Board to signify that it has exercised the authority granted and fully abandoned the Line. If consummation has not been effected by NSR's filing of a notice of consummation by August 3, 2018, and there are no legal or regulatory barriers to consummation, the authority to abandon will automatically expire.

Board decisions and notices are available on our Web site at "[WWW.STB.GOV](http://WWW.STB.GOV)."

Decided: July 31, 2017.

By the Board, Rachel D. Campbell,  
Director, Office of Proceedings.

### **Federal Motor Carrier Safety Administration**

**[Docket No. FMCSA-2015-0239]**

#### **Parts and Accessories Necessary for Safe Operation; Hino Motors Manufacturing U.S.A., Inc.**

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of final disposition.

**SUMMARY:** The Federal Motor Carrier Safety Administration (FMCSA) announces its decision to grant Hino Motors Manufacturing U.S.A., Inc.'s (Hino) application for a limited 5-year exemption allowing motor carriers operating commercial motor vehicles (CMVs) manufactured by the company to use an Automated Emergency Braking (AEB) system and a Lane Departure Warning (LDW) system camera mounted in the windshield area at a height lower than currently allowed. The Agency has determined that lower placement of the AEB/LDW system camera would not have an adverse impact on safety and that adherence to the terms and conditions of the exemption would achieve a level of safety equivalent to or greater than the level of safety provided by the regulation.

**DATES:** This exemption is effective August 3, 2017 and ending August 3, 2022.
