ERC grants: Leading-edge research

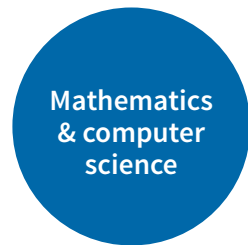

102 ERC grants have already been awarded to researchers from the University of Vienna since 2007.

To receive funding from the European Research Council (ERC), research projects must have a high potential for innovation. The funding of pioneering basic research is one of the priorities of the European Union.

Degree programmes: individual specialisation through a wide range of degree programmes

- There are 1.9 million people living in Vienna, more than 10 % of whom are students from 130 different nations. About 89,000 students are enrolled at the University of Vienna.
- The University of Vienna offers 184 degree programmes (bachelor's, master's, diploma programmes and doctoral programmes).
- Together with cooperating university colleges of teacher education, the University of Vienna is also the largest teacher education institution in Austria. It offers 28 teaching subjects/specialisations.

Students: Student numbers in 2021/2022 at a glance

88,900

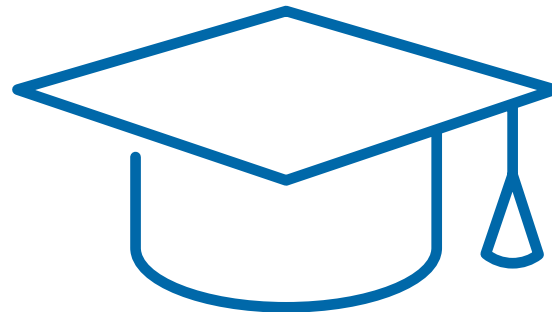

Students

63 %

of students are women.

13,000

Every winter semester, more than 13,000 students begin their studies at the University of Vienna.

10,000

Approximately 10,000 students complete their studies every year.

28,000

International students:
Total: 28,000
Men: 10,500; Women: 17,500

Expansion of the Faculty of Chemistry

University of Vienna

Biology Building in 1030 Vienna

New location for biology and life sciences (room for 5,000 students and 500 employees)

The University of Vienna in the world

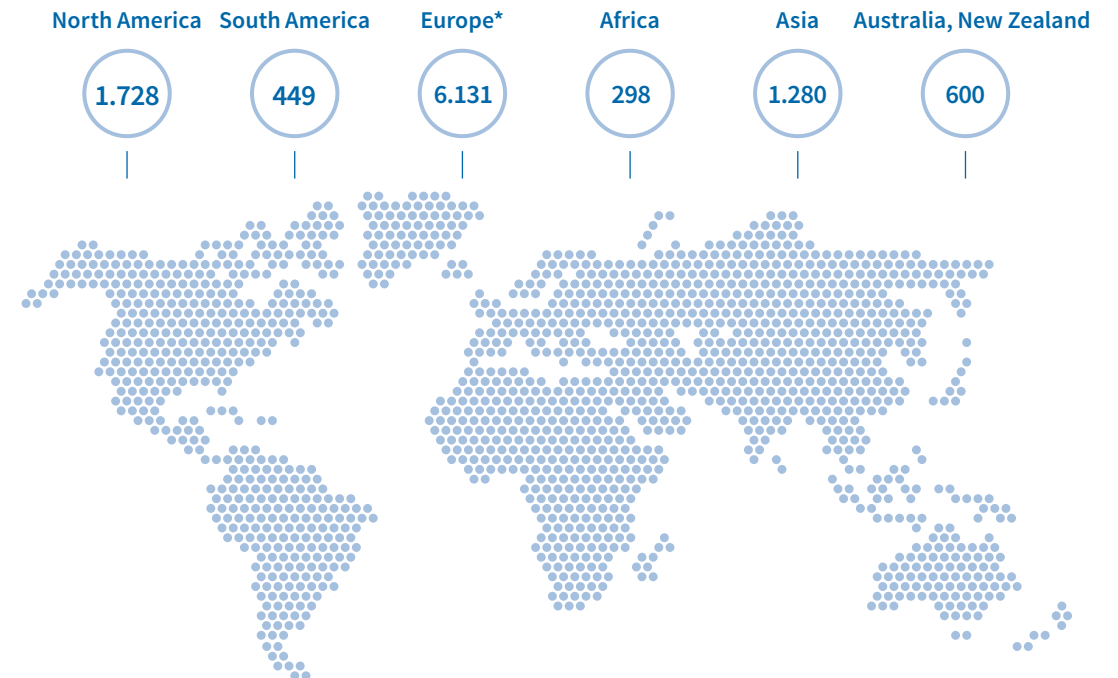

- University-wide partnership agreements: about 80
- ERASMUS networks: about 370 universities in Europe
- Students from 130 nations
- 70 % of the University of Vienna's new professors have been appointed from an international environment

○ Publications published by the University of Vienna in cooperation with universities and higher education institutions from abroad

All publications from researchers of the University of Vienna together with other universities and higher education institutions (excluding posters) are taken into account. Every publication is counted only once, regardless of further partner organisations involved.

* (excluding Austria)

International publication collaborations 2019–2021

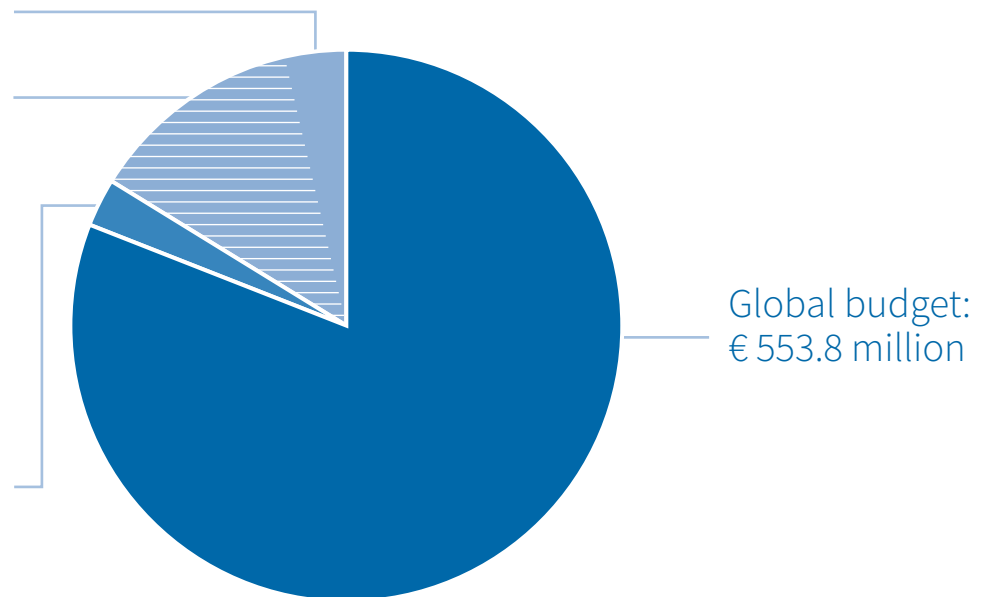

Our budget

University revenues 1 January 2020–31 December 2021

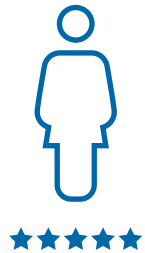

Other revenues: € 119.6 million
of which third-party funded research:
€ 91.4 million

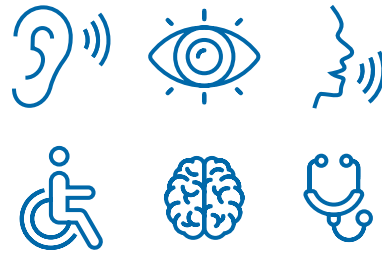

Tuition fees:
€ 18.1 million

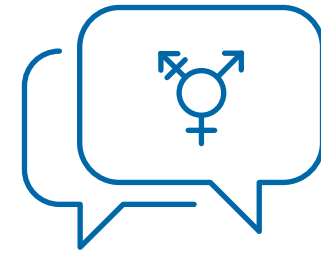

Diversity in numbers

The University of Vienna launches initiatives to **promote the academic careers of women:** through mentoring programmes, scholarships for predoctoral and postdoctoral researchers, habilitation and professorial appointment training.

The **Accessible Studying team** advises prospective students, students and professors on studying with impairments.

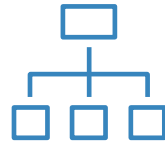

The University of Vienna is committed to the use of **gender-inclusive language** and has issued guidelines on this particular topic.
