ISO 3166-1 NEWSLETTER No. V-10

Date: 2004-04-26

RE: Name changes

ISO 3166-1 Newsletters are issued by the secretariat of the ISO 3166/MA when changes in the code lists of ISO 3166-1 have been decided upon by the ISO 3166/MA. ISO 3166-1 Newsletters are identified by a two-component number, stating the currently valid edition of ISO 3166-1 in Roman numerals (e.g. "V") and a consecutive order number (in Latin numerals) starting with "1" for each new edition of ISO 3166-1. **The headers of the table below refer to the list part of ISO 3166-1:1997.**

The ISO 3166 Maintenance Agency has agreed on the following change(s) to ISO 3166-1:1997 "Codes for the representation of names of countries and their subdivisions - Part 1: Country codes":

Page	Alpha-2 Code	Title of column	Present entry	New entry
10	AF	Country name (short name)	AFGHANISTAN	((unchanged))
		Country name (official name)	Islamic State of Afghanistan	The Transitional Islamic State of Afghanistan
10	AX	Country name (short name)	ÅLAND ISLANDS	((changed in French language. See French language version of Newsletter V-10))
		Country name (official name)	- - -	- - -

Description of changes: Some adjustments to the above country names have been made in the United Nations documents mentioned in (1) and (3), which serve as input sources to ISO 3166-1, in the recent past. The ISO 3166 Maintenance Agency publishes all these name changes in one Newsletter. The changes all become effective in ISO 3166-1, simultaneously.

Important Note: None of the code elements for the country names is changed and consequently this Newsletter only states information on country names, not on code elements. The changes in the English version are not necessarily the same as in the French version and vice versa.

Notes:

- (1) In accordance with the current edition of the Terminology Bulletin "Country Names" issued by the United Nations Secretariat
- (2) In accordance with the current edition of the "Country Nomenclature for Statistical Use" issued by the United Nations Statistics Division
- (3) In accordance with the current edition of the "Standard Country or Area Codes for Statistical Use" issued by the United Nations Statistics Division
- (4) In the case of a withdrawal of ISO 3166-1 code elements these formerly allocated code elements are reserved in accordance with the principles for the maintenance of the codes. During a transitory period of at least five years after the withdrawal the code elements will not be reassigned to different country names.
- (5) Unchanged.
