THE FRIEND OF ALL!

HOLLOWAY'S PILLS.

NERVOUS DISORDERS.

WHAT is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one:—drink but little wine, beer, or spirits, or far better, none; take no coffee,—weak tea being preferable; get all the fresh air you can; take three or four pills every night; eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nerves.

MOTHERS AND DAUGHTERS.

If there is one thing more than another for which these pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one great remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

SICK HEADACHES AND WANT OF APPETITE.

These feelings which so sadden us most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is used for these disorders.

HOW TO BE STRONG.

Never let the bowels be either confined or unduly acted upon. It may appear singular that Holloway's pills should be recommended for a run upon the bowels, many persons supposing that they would increase relaxation. This is a great mistake however, for these pills will immediately correct the liver and stop every kind of bowel complaint. In warm climates thousands of lives have been saved by the use of this medicine, which in all cases gives tone and vigour to the whole organic system however deranged,—health and strength following as a matter of course. The appetite too is wonderfully increased by the use of these pills combined with the use of solid in preference to fluid diet. Animal food is better than broths and stews,—by removing acrid, fermented, or other impure humours from the liver, stomach, or blood, the cause of dysentery, diarrhœa, and other bowel complaints is expelled. The result is, that the disturbance is arrested, and the action of the bowels becomes regular. Nothing will stop the relaxation of the bowels, so quickly as this fine correcting medicine.

DISORDERS OF KIDNEYS.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the regions of the kidneys, these pills should be taken according to the printed directions, and the ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

FOR STOMACHS OUT OF ORDER.

No medicine will so effectually improve the tone of the stomach as these pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm,—in fact, they never fail in curing all disorders of the liver and stomach.

Holloway's pills are the best remedy known in the world for the following diseases:—

Ague	Inflammation
Asthma	Jaundice
Bilious complaints	Liver complaints
Blotches on the skin	Lumbago
Bowel complaints	Piles
Colics	Rheumatism

BUSINESS OF THE SOCIETY.—Assurance of every contingency of human life. Issue at present, deferred, and reversionary annuities. Granting endowments for children and for old age.

ADVANTAGES OF THE SOCIETY.—All the profits belong to the members. It is a colonial institution, on the model of the most successful British offices; while from the much higher rate of interest it obtains on its investments more profitable returns are secured to its members than the best European offices can afford. Thus, at the investigation of March, 1854, all policies then entitled to participate were increased by bonus additions averaging considerably more than three per cent. per annum on the sum assured, or about three times those secured by the most liberal British joint-stock companies. Bonuses may be applied to the extinction of future premiums, or their value in cash may be handed to the member. Surrenders accepted on equitable terms. General facilities with regard to voyaging, residence abroad, &c. Premiums payable yearly, half-yearly, or quarterly. Loans on policies on favourable terms. Claims payable three months after proof of death. All its policies are protected against the operation of the insolvent laws, after a certain term, on a gradually increasing scale. Policies effected by married women are protected against the debts and control of their husbands. The families of small assurers are saved the expense of letters of administration.

Prospectuses, forms of proposal, and every information may be obtained from any of its agents in New South Wales, and in the other colonies.

WITHIN the last four years this company has paid for losses by fire the sum of £15,508 5s. 0d.

The directors would point out the public advantages derived from the establishment of this truly colonial institution The rates of premium on fire insurance have been reduced 75 per cent below the rates charged by the English companies some few years back—and they are now as low as those charged by the English companies established here. The liability of a large body of wealthy shareholders is unlimited, so that a security equal to the largest subscribed capital of the English companies is assured, with the great advantage of the security being in the colony; and lastly, the profits of the company are retained in the colony, instead of being transmitted to England.

Pickles, Sauces, Jams, &c.
FREE FROM ADULTERATION.

THE great Medical Journal, the *London Lancet*, on the 4th February, 1854, declared the samples of Messrs. Crosse and Blackwell were entirely free from COPPER, and this statement was afterwards fully confirmed by the Analytical Chemist, Dr. Hassall, in his work on Food and its Adulterations.

CROSSE & BLACKWELL, of Soho Square, London, who have for many years enjoyed the high honor of supplying Her Majesty's table with their manufactures, wish to call the attention of consumers to the great superiority of their Pickles, Sauces, Jams, Tart Fruits, Potted Meats, and other table delicacies, the whole of which are prepared with that strict attention to quality and purity, for which they have been so long celebrated. Their Sauces are universally admitted to be the best exported, and those who have once tasted them never return to inferior kinds. C. & B. use none but the best ingredients in their various preparations, and although purchasers may not be able to obtain them so cheaply as the goods shipped by other Manufacturers, the superiority of quality will be found to more than compensate for any increase of cost. To buy a cheap article because it is cheap is merely to throw money away. C. & B.'s Orange Marmalade cannot be equalled, it is made in Silver Pans, entirely from the Seville Orange; their Mushroom Catsup also is the very best that can be obtained from the famed Leicestershire Mushrooms.

The above, and all other articles of CROSSE & BLACKWELL'S manufacture may be procured of Storekeepers in Queensland, and throughout the colonies.

C. & B. are Wholesale Agents for Lea & Perrin's Worcestershire Sauce.

LEA & PERRINS' CELEBRATED WORCESTERSHIRE SAUCE

Pronounced by connoisseurs to be the "only good sauce" and applicable to every variety of dish.

"Tell Lea and Perrins that their Sauce is highly esteemed in India, and is, in my opinion, the most palatable as well as the most wholesome Sauce that is made.

Extract of a letter from a medical gentleman at Madras, to his brother at Worcester, May, 1851.

EXTENSIVE FRAUDS.

L. & P. having discovered that several of the Foreign Markets have been supplied with spurious IMITATIONS of their "WORCESTERSHIRE SAUCE," the labels of which closely resemble those of the genuine Sauce, and in one or more instances with the names of L. & P. FORGED, they have deemed in their duty to caution the public, and to request purchasers to see that the names of LEA & PERRINS are upon the *Wrapper, Label, Stopper, and Bottle.*

L. & P. further give notice that they will proceed, against any one who may infringe upon their right, either by manufacturing or vending such imitations, and have instructed their correspondents in the various parts of the world, to advise them of such infringements.

Wholesale, and for exportation by the proprietors, LEA & PERRINS, Worcester, England, Crosse & Blackwell, and other Oilmen, and Merchants, London.
