

FOREWORD

This is the thirteenth *Book and Paper Group Annual*, a non-juried anthology of papers pertaining to the conservation and preservation of works of art on paper, books and library and archival materials. The *Annual* has become a valuable reference and resource tool for members of the Book and Paper Group as well as for an increasingly wider audience. This issue includes ten papers delivered at the 1993 Book and Paper Group Specialty Session, AIC 22nd Annual Meeting in Nashville. The success of the *Annual* over the past thirteen years rests solely with those who have willingly contributed information for publication and those who have served as compilers. The *Annual* is one method by which the Book and Paper Group serves its membership. It provides an important forum for the exchange of information and ideas in this field.

This is the second issue of the *Annual* that has been compiled entirely from copy submitted electronically on computer disks. This publication has been composed on the computer using a scanner and desktop publishing software, saving costly pre-press operations. Standardizing the format of the *Annual* has greatly reduced the number of printed pages. However the *Annual* remains an unedited publication, with responsibility for the articles solely in the hands of the authors.

Thanks to all those who have made contributions to this volume and the previous twelve volumes, and to the Harold B. Lee Library of Brigham Young University for their continued support in the production of the *Annual*.
