## Lies, Damned Lies and Statistics

By Nic Farey, February 2024

The following is a complete voting breakdown of ballots submitted for the 2024 FAAn awards (for work first published in 2023).

49 ballots were received. No entire ballots were rejected for any reason. One vote in 'Special Publication' was rejected for being miscategorized. One vote for 'Best Cover' was rejected for the issue number being illegible, the voter being unable to recall which one they had voted for. Two votes for 'Best Cover' for episodes of *Octothorpe* were rejected because it's still not a fanzine. Two 'Best Cover' votes were rejected for being out of the qualifying year.

**Thanks to:** All who participated, particularly those who also engaged in awareness efforts (special pops to **Rob Jackson** for communicating to online discussion groups); to **Jerry Kaufman** for again agreeing to MC the award presentations at COR41U. **Very** special and inevitable thanks to **Bill Burns** for unstinting encouragement, solid advice and continued support both privately and via efanazines and corflu.org ; also thanks again to **John L Coker III**, **Tommy Ferguson**, **David Langford**, **George Phillies** and **Mark Plummer** for valuable contributions to the compilation of the 2023 listings.
