ENTREES

CHRIST: AS THE PASSOVER LAMB

Roast with fire, to be eaten with bitter herbs. To be eaten in homes where the blood is on the door.

Reminds us Christ in His suffering, death, and bloodshedding which was required to shelter us from the judgement of God. Especially good when the world (Egypt) is calling our name. Meditate on the work of Christ, the old, old story.

CHRIST: AS MANNA, THE BREAD OF HEAVEN

From heaven, gathered fresh daily, unprocessed.

Christ as a man on earth. Enjoy Christ in this aspect by reading about him in the gospels and meditating on His humility, kindness, gentleness, compassion, faithfulness, perfect obedience, etc...His moral glories.

Special instructions:

- Remember to gather every day
- Don't try to mix it with anything, or change it up
- This will be your "energy" for your daily Christian life

CHRIST: AS THE OLD CORN OF THE LAND OF CANAAN

To be served with unleavened cakes

This represents a risen Christ, where he is now, in glory. Old corn is the fruit of the seed that had been sown in the land, and that had died and sprung up again. This is critical to making progress in enjoying our inheritance (spiritual blessings). We need to have our stomachs full of this food before going into battle (Ephesians 6 – Christian Warfare)..
