

*Molecular Biology of the Cell*  
**INSTITUTIONAL SUBSCRIPTIONS—2024 RATES**

ISSN: 1939-4586

Published by the American Society for Cell Biology (ASCB)

Volume 35, No. 1–12, 2024

*Molecular Biology of the Cell (MBoC)* is an online-only journal available at [molbiolcell.org](http://molbiolcell.org).

### Prices

Subscription prices are tiered based on the size, research activity, nonprofit status, and degree programs of the subscribing institutions (see “Tier Definitions” below).

Tier	1	2	3	4
Price	\$809	\$850	\$976	\$1,123

Rates for tier-5 (multisite) and tier-6 subscribers are negotiated on an individual basis. Please contact [mboc@ascb.org](mailto:mboc@ascb.org).

All prices are in U.S. dollars.

### Tier Definitions

Institutions are assigned to tiers according to the criteria below. A new subscriber should identify the appropriate tier when the subscription is entered. Renewing subscribers will receive *pro forma* invoices based on their present tier assignments, but these assignments should be confirmed by the institutions and corrected if necessary. Tier assignments are subject to verification by the ASCB, which may issue a refund or request additional payment if in its opinion an institution has been improperly assigned. In cases of uncertainty, please contact the *Molecular Biology of the Cell* Subscription Department at [mboc@ascb.org](mailto:mboc@ascb.org) or 301-347-9300.

Tier 1—Primary/secondary school; Private practice office or clinic; Residency program; No-research public library

Tier 2—Undergraduate institution offering no master’s degrees or advanced degrees; Nursing school or allied health training program; Community hospital or clinic; Independent research library; Small nonprofit or government research laboratory; Health policy or advocacy nonprofit; Local or regional government agency/ministry; Charitable organization; Professional society or trade union; Industry trade association.

Tier 3—Master’s level college/university; Doctorate-granting research university; Medical school; Major teaching or research hospital (medical school-affiliated, multiple residency programs; single geographical location); Small for-profit organization (e.g., small consulting partnership, law firm).

Tier 4—Large nonprofit/government research institute or national government agency (single geographical site); Mid-size or large single-site for-profit organization

Tier 5—Large nonprofit/government research institute or national government agency (multiple geographical sites); Healthcare network (multiple geographical sites); Large for-profit multisite organization (e.g., multinational pharmaceutical corporation) [Rates are negotiated on a case-by-case basis.]

Tier 6. Consortia; state or national site license. [Rates are negotiated on a case-by-case basis.]

**Agency Discount.** None.

## Terms & Conditions

**Subscriptions by Institutions in Bangladesh, India, Indonesia, Malaysia, Philippines, Sri Lanka, and Thailand.** Institutions in those countries must subscribe through ASCB's exclusive agent, Globe Publication Pvt. Ltd., rather than directly with ASCB.

**Subscriptions by Japanese Institutions.** Japanese institutions must subscribe through USACO, which is the ASCB's exclusive subscription agent in Japan. Japanese institutional subscribers are advised that the subscription transaction is subject to a reverse charge mechanism (i.e., the subscriber is liable to pay consumption tax on a specific taxable purchase).

**Access.** Except as negotiated on an individual basis with institutions in Tiers 5 and 6, a subscription is for a single site. A site is an organizational unit and may be academic or nonacademic. For organizations located in more than one city, each city office is considered a different site. For organizations within the same city that are administered independently, each office is considered a different site. An organization that plans to provide access to multiple sites must purchase multiple subscriptions or a multisite license. Access to the online journal is based on IP address. New subscribers will be sent information about how to set up IP addresses and enter contact information in the subscriber database at Atypon, which hosts *Molecular Biology of the Cell*. Such information is entered and maintained by the subscriber, not by the publisher.

**Grace Issues.** Subscribers and subscription agencies are encouraged to send renewals early to prevent interruption of service. Existing subscription will be graced no longer than two months.

**Additional Terms and Conditions.** Use of the journal is subject to the terms and conditions posted at [www.molbiolcell.org](http://www.molbiolcell.org).

**Payment.** Subscriptions are based on a calendar year.

Please make remittance payable to: *The American Society for Cell Biology*. Foreign remittance must be by draft on a U.S. Bank, International Money Order, or credit card (VISA, MasterCard, or American Express).

If you would like to pay online via credit card, please use the link found in the renewal email you received. If you do not have the renewal email, please contact [mboc@ascb.org](mailto:mboc@ascb.org).

There is an additional charge of \$27 for payment by wire transfer. Send subscription orders along with payment and appropriate order information to: *MBoC Subscriptions*, The American Society for Cell Biology, 6120 Executive Blvd., Suite 750, Rockville, MD 20852 USA. Phone: 301-347-9300; Fax: 301-347-9310; ASCB Finance [finance@ascb.org](mailto:finance@ascb.org); Website: [www.ascb.org](http://www.ascb.org).
