# Join Bee Campus USA™

Bees are at the heart of a healthy environment, but many are in decline due to habitat loss, the use of harmful pesticides, disease, and climate change.

---

There are steps we can all take to make our garden, neighborhood, or hometown better for bees.

---

Bee Campus USA certified colleges and universities join together to:

*Increase habitat*

*Reduce pesticide use*

*Spread awareness*

---

Become part of a nationwide movement to protect pollinators!
