Hello! My name is Amy and I'm a Graphic Designer and Work-at-Home Mom from Seattle Washington. I am the proud owner of Amybug's Attic (formerly Amybug's Primitive Attic) Graphic Design (www.Amybug.com) and I am your trusted Vintage and Primitive eBay Stores Certified Designer!

I am professionally trained in HTML, Adobe Illustrator, Adobe Photoshop, Adobe ImageReady and website design and I've been an eBay seller for over 17 years. I am a one-woman show and absolutely love my work!

My original auction template design as well as the HTML used to write it is protected by US Copyright and eBay's VeRO program. If you see something out there that looks like my design, please let me know! You are helping protect hours and hours of hard work and dedication.

Thank you so much for dropping by to learn a little about me and have a blessed day!

Warmest Regards and Sincere Appreciation,

Amy "Amybug" Allen
