

Axon Enterprise, Inc.

The mission of Axon Enterprise, Inc. (formerly TASER International, Inc.) (“Axon”) is to protect life in service of promoting peace, justice, and strong institutions. As a technology leader in global public safety, Axon is building the public safety operating system of the future by integrating a suite of hardware devices and cloud software solutions that lead modern policing. Axon’s suite includes TASER Brand energy devices and AXON Brand body-worn cameras, in-car cameras, cloud-hosted digital evidence management solutions, productivity software, and real-time operations capabilities.

Axon participates in eBay’s Verified Rights Owner (“VeRO”) program and actively enforces its intellectual property rights, including but not limited to its trademarks, service marks, and copyrights.

- **Trademarks:** Any use of Axon’s trademarks or service marks without prior and express written permission from Axon is unauthorized, subject to prosecution for trademark infringement, and will result in notification to eBay’s VeRO program of such use and removal of the listing/auction. For more information on Axon’s trademarks, visit www.axon.com/trademarks.
- **Copyrights:** Any copying, reproduction, preparation of derivative works, distribution, or display of Axon’s copyrighted works without prior and express written permission from Axon is unauthorized, subject to prosecution for copyright infringement, and will result in notification to eBay’s VeRO program of such activity and removal of the listing/auction.

Axon endeavors to ensure that all unauthorized uses of its intellectual property are removed from eBay, however, given the volume of items listed on eBay, it takes time to locate and report each unauthorized listing/auction for removal. When Axon becomes aware of a listing/auction that may infringe Axon’s intellectual property rights, Axon reviews the listing/auction and takes appropriate action. As a seller, it is your responsibility to ensure that your listing/auction does not violate any of Axon’s intellectual property rights. No eBay listing/auction that makes unauthorized use of Axon’s intellectual property rights shall constitute a waiver or otherwise of Axon’s intellectual property rights. If you become aware of a listing/auction that you believe may violate Axon’s intellectual property rights, please email the listing/auction to Axon’s IP legal team at ip@axon.com and include “Axon’s IP Rights regarding eBay Item Number [insert item number]” in the subject line.

If you have any questions regarding an eBay listing/auction and Axon’s intellectual property rights, please email your questions to Axon’s IP legal team at ip@axon.com and include “Axon’s IP Rights regarding eBay Item Number [insert item number]” in the subject line.
