

# Brian Smith

I am the Visual Pinball Dev Team leader, and a member of the Visual PinMAME Dev Team. With these two programs you are able to play pinball games on your computer. Both programs are open source and prohibit commercial sale per their license agreements I am the Visual Pinball Dev Team leader, and a member of the Visual PinMAME Dev Team.

Roms are copyrighted by their respective individual owners, and are prohibited from being packaged with either of these programs.

Individual Visual Pinball "table files", aka .vpt files, belong to and are copyrighted by their respective creators.
