

Coldwater Creek Inc

We specialize in women's apparel, jewelry, accessories and gifts. Our merchandise is offered through a growing number of retail stores across the country, on our Web site at www.coldwatercreek.com, and in our direct-mail catalogs.

We never wholesale our products. Genuine Coldwater Creek items are purchased only through Coldwater Creek stores, website or through our catalogs. Please verify that anyone selling previously-purchased merchandise is selling you a genuine Coldwater Creek item.

Today, we have about 10,000 employees and the home office has grown to a 20-acre campus surrounded by broad mountain vistas. Our East Coast Operations Center in Mineral Wells, West Virginia, ships packages to our large base of customers, while also replenishing our stores from coast to coast. A complete list of current and future Coldwater Creek store locations can be found by using our Store Locator, located on our home page.

Coldwater Creek is known not only for its unique merchandise, but also the unique way in which it is presented. Much time and effort goes into the creation of each catalog and web page. As a member of eBay's VeRO program, we actively protect all our intellectual property including photographic images in catalogs or magazines, verbiage describing our wonderful merchandise and our helpful sizing charts. We wish you much success in your auctions.
