

# Creeks End Crochet

Welcome to Creeks End Crochet Patterns. At Creeks End Crochet, we sell only original designs created by a designer who has over 35 years experience. Most patterns are in brochure or leaflet format and take only 1-2 pages of paper.

Please note that all crochet patterns are original designs and are copyright protected and should not be reproduced. Also, because of the nature of these items, no refunds will be issued.

*Feel free to buy one of our patterns and make something to sell on eBay, Etsy or elsewhere. We are firm believers that once you make something with one of our patterns it becomes your own creation and you should be able to sell it without any repercussions from us.*

*Credit to Creeksendinc for design would be appreciated.*

*All Patterns are original design creations by Sharon Santorum (creeksendinc) and are copyright protected.*
