

# IQ Implant Devices

IQ Implants Ltd. reflects many years of experience in dental implantology by its creators. As a result of a productive collaboration between experienced doctors, engineers, scientists and many other specialists and based on advantages in computer assisted technologies, it was possible to develop system of dental implants that allows doctors quick, safe and efficient implantation process without compromises.

IQ Implants is a highly efficient and technologically advanced dental implants system. By reinventing the way our distribution works, we were able to significantly cut cost and make IQ Implants affordable without compromising quality.

IQ Implants Ltd highest priority is the safety and integrity of our products for our customers and ultimately patients. The threat posed to public health and safety by counterfeit, fake, improperly stored products is a very serious one. As a potential buyer of IQ Implants products from unauthorized sources including eBay, please be aware that you are assuming the risk of purchasing counterfeit, illegally diverted, stolen or adulterated product. As a potential seller, be aware that distributing counterfeit, illegally diverted, stolen or adulterated product may subject you to civil or criminal liability including imprisonment and/or substantial fines.

IQ Implants Ltd protects its intellectual property through copyright laws in the United States and other countries around the world. IQ Implants Ltd considers its trademarks and copyrighted material to be valuable intellectual property. Anyone who uses IQ Implants trademarks in connection with any goods not manufactured by or with the consent of IQ Implants has violated IQ Implants trademark rights and is liable for this infringement. Also, the use or dissemination of IQ Implants copyrighted material, such as, but not limited to, photos, in any way without IQ Implants express permission is prohibited, and may constitute a violation of copyright laws in the United States and elsewhere.

IQ Implants Ltd cooperates fully with law enforcement and regulators regarding these intellectual property issues, and will enforce its rights both civilly and criminally to the fullest extent of the law.

Our products created by doctors for doctors!
