

DRAGONX

As an eBay VeRO Program member, DRAGONX reviews items for sale on eBay daily. DRAGONX seeks to prevent customer confusion and deceptive practices of others by enforcing the eBay VeRO policies with regard to the use of DRAGONX intellectual property on eBay. DRAGONX works hard to maintain and build the DRAGONX brand and, as such, we must aggressively protect our intellectual property rights from infringers.

To protect its brand, DRAGONX cancels infringing eBay listings daily. It is illegal to manufacture, import, offer for sale, sell, advertise, or distribute counterfeit DRAGONX products. These actions are prohibited by eBay and carry both criminal and civil penalties.

The use of DRAGONX images, graphics and logos cannot be used to promote the sale of such items. Anyone who produces, copies, distributes or displays DRAGONX copyrighted materials, including photographic images and accompanying DRAGONX item descriptions and/or advertisements without permission may be liable for copyright and/or trademark infringement.

As a seller, you have the responsibility to ensure that your listings do not violate the intellectual property rights of another. Ignorance of an intellectual property violation is no excuse. Before commencing on an eBay listing, you must take affirmative steps to ensure that your listing does not violate the rights of any copyright or trademark holder.

DRAGONX is a trademark of Nature's Rx LLC. The use of any of this trademark without permission is trademark infringement. The only way to ensure that your DRAGONX items are genuine is to purchase them from the DRAGONX eBay store or online from www.DragonX.co.
