

Plexaderm Rapid Reduction Cream PLUS is a powerful anti-aging cream that can almost instantly take years off your appearance. It harnesses the power of silicate minerals to create a temporary tightening effect on your skin, visually reducing under-eye bags, wrinkles, dark circles, and crow's feet in minutes. It only takes one application to see a new, younger-looking you.

The Plexaderm® name, logo and product images are protected under trademark and/or copyright laws. We are committed to protecting our copyrights, trademarks and intellectual property from counterfeiting and unauthorized use.

As a member of the VeRO program, Plexaderm reviews items for sale on a daily basis. All intellectual property infringements are reported for immediate removal. Although violators may currently exist with unauthorized Plexaderm listings, we will continue to work diligently to end them as quickly as possible.

Many third party Plexaderm listings are counterfeit. The only way to guarantee authenticity is through an official Plexaderm store. We have no knowledge of the counterfeit product composition and caution buyers to be skeptical of Plexaderm purchases from sources that are not authorized sellers. If you are unsure about your Plexaderm, please call us directly. We can be reached at 1-800-681-0366 or by email at customercare@plexaderm.com.

Be confident and remain vigilant. Visit the [official Plexaderm website](#) to learn more about Plexaderm Rapid Reduction Cream PLUS and order your authentic Plexaderm.
