

Sylver Designs

I am a stay at home mom who has always been passionate about making things with her own hands. I taught myself how to knit and crochet when I was 14 years old, and have been hooked on crocheting since. My son has been a great inspiration for my baby bootie designs since I was pregnant with him. I enjoy many other crafts as well, including sewing, papermaking, bookbinding, and jewelry making.

About the Patterns

Each pattern goes through a lengthy testing process, first by myself, then by friends or customers who volunteer as testers. The patterns are written to be easy to follow and understand - I be as specific as I can, so the instructions are exact and not vague. I try my best to squeeze all of the pattern's info into 2 pages or less to prevent paper from being wasted during printing.
