

# Tecscan of North Florida, Inc.

TecScan is a creative venture company in operation for over 30 years. We have been associated with the golf cart industry since 2002 designing innovative golf cart accessories.

**TecScan** was established to serve the needs of golf cart users, and today we are one of the industry's top golf cart and golf cart - product retailers. Our success has been built on a simple principle: to provide service that our customers brag about. From the beginning, our top priority was to provide unmatched customer service and to help our customers understand how our product are installed and operate.

**TecScan of North Florida, Inc.** is the exclusive owner of the TecScan, LiTESeasy and VOLTSeasy marks and names. TecScan of North Florida, Inc. has invested substantial sums of money in promoting its brands, websites, and companies. TecScan strives to protect its brands and intellectual property and to protect its customers from sub-standard service.

The use of **TecScan's** product photography and/or descriptions is strictly prohibited without the copyright owner's express prior consent. eBay members' listings that contain any copyrighted materials may be removed and penalties will be enforced to the fullest extent possible. eBay members may only use the TecScan name in reference to the product's place of purchase.

## **Most Common Types of Trademark Infringement:**

- 1. Using the TecScan name, photographs and or product descriptions from the TecScan website or eBay pages
- 2. Stating or implying the seller is in any way associated with or authorized by TecScan
- 3. Stating or implying that TecScan will honor product warranties in exactly the same manner as products bought directly from TecScan
