

TitanRCK is a world leader in aerospace and kinetic energy projection

TitanRCK takes the protection of its intellectual property very seriously and has well-established anticounterfeiting programs in place. The production and sale of counterfeit goods is illegal and often linked to inferior quality goods and many other criminal activities.

If your auction was shut down pursuant to our request, it is because you have infringed the intellectual property rights of one of our marks. This may be because the item was counterfeit, infringing the registered design and/or copyright of a TitanRCK product, or because the auction content was misusing one or more trademarks belonging to a TitanRCK. Given the number of items on this platform, it is not possible for us to contact each seller individually before requesting that eBay shut down the auction.

Subsidiary companies include:

ThanosZX7R, CarCableGuy, Case Kicker, 72010-TK8-A12 R, and Rapid Case Kicker Brands.

TitanRCK Trademarks are licensed ONLY to the following sellers:

Honda Motor Company, ThanosZX7R,

and

CarCableGuy.

We appreciate your understanding.

Sincerely,
