

## **Copyright Assignment**

**(To be signed by the First Author on behalf of all Authors)**

*Copyright assignment:* In consideration of the Indian National Association for the Study of the Liver (“INASL”) taking action to review and edit my submission, including possible re-design of figures and tables, and any other supplemental tables, illustration or other information submitted, herewith (“Article”), the undersigned Author, hereby transfers, conveys, and assigns all rights, titles and interests therein, including any and all copyrights to the INASL, however the Author will be always mentioned as such. As an exception to this rule, the Author acknowledges that the INASL will appear as the author when she/he participates in writing the Clinical Practice Guidelines. The Author will in this context be mentioned in a footnote as being a contributor. By signing this form I agree to INASL using any illustration (images or parts thereof) from the Article on the cover of the Journal of Clinical and Experimental Hepatology, on the INASL and Journal websites, and in any marketing material. In addition to reproduction in conventional printed and electronic (including online systems) forms, in all media (whether known or developed hereinafter), worldwide, in all languages, the Article will be stored electronically and the archived articles will be made available in electronic services. Assignment of copyright signifies agreement to the INASL making arrangements to include the Article in bundling of articles, document delivery services, CD-ROMS and electronic databases, etc. worldwide. In the light of the above, I acknowledge that to the extent permitted by applicable law any exploitation or other use (including translations, reprints, etc.) of the Article or of parts of it, either by myself or by a third party, is subject to the INASL’s prior written consent. Should the INASL not publish the Article, the INASL agrees to release its rights therein.

*Authorship Responsibility:* I, the undersigned Author, on behalf of all other Authors, certify that all Authors have participated sufficiently in the intellectual content, the analysis of data, if applicable, and the writing of the Article, and production of illustrations, to take public responsibility for it. I further certify that the Article contains no libellous or other unlawful statements and does not contain any materials that violate any personal or proprietary rights of any third party. I have obtained written permission from copyright owners for any excerpts from copyrighted works that are included and have credited the sources in my Article. I have reviewed the final version of the Article, believe it represents valid work, and approve it for publication. As an Author of this Article, I certify that none of the material in the Article has been published previously, is included in another manuscript or is currently under consideration for publication elsewhere. I also certify that this Article has not been accepted for publication elsewhere, nor have I assigned any right or interest in the manuscript to any third party (including employers, principals or governmental bodies). Moreover, should the INASL request data, upon which the Article is based, I shall produce it.

*Financial Disclosure:* I, the undersigned Author, on behalf of all other Authors, certify that all authors have no commercial associations (e.g. consultancies, stock ownership, equity interests, patent-licensing arrangements, etc) that pose a conflict of interest in connection with the submitted Article, except as disclosed on a separate attachment. Funding sources supporting the work and my institutional or corporate affiliations are acknowledged.

*Institutional Review Board/Animal Care Committee Approval:* I, the undersigned Author, on behalf of all other Authors, certify that my institution has approved the protocol for any investigation involving humans or animals and that all experimentation was conducted in conformity with ethical and humane principles of research.

*Governing law/Place of Jurisdiction:* This Copyright Assignment is subject to Indian law. The exclusive place of jurisdiction is the Civil Court of Chandigarh.

**I, the undersigned, on behalf of all Authors, certify that all Authors have agreed to these above terms.**

## **Author Permission to re-design graphics**

I, the undersigned Author, on behalf of all other Authors, give the Journal of Clinical and Experimental Hepatology the permission to re-design figures and tables in order to suit its presentation style. The scientific content and meaning will not be modified, and the re-designed figures will be approved by the authors before the galley proofs.
