## Retraction Note: J Ovarian Res 13, 113 (2020) https://doi.org/10.1186/s13048-020-00719-3

The Editors-in-Chief have retracted this article [1]. Concerns were raised with Figures 2 and 3, specifically:

- Figure 2E: the panels for Group-2 and Group-3 appear to partially overlap.
- Figure 2E: the panels for nab-P and AP appear to partially overlap.
- Figure 3E: the panels for Bax/Group-1 and Bax/Group-3 appear to partially overlap.
- Figure 3E: the panels for Bax/Group-2 and bcl-2/ Control group appear to partially overlap.
- Figure 3E: the panel for CD31/Group-1 appears to partially overlap with the panels for CD31/Group-3 and MMP-2/Group-2.
- Figure 3E: the panel for CD31/Group-3 appears to partially overlap with the panels for MMP-2/Group-1 and MMP-2/Group-2.
- Figure 3E: the panel for CD31/Group-3 appears to partially overlap with the panel for MMP-2/Group-1.

• Figure 3E the panels for MMP-2/Group-1 and MMP-2/Group-2 appear to partially overlap.

The Editors-in-Chief have therefore concluded that the data reported in this article are unreliable. The authors have not responded to any correspondence regarding this retraction
