

Gavi, the Vaccine Alliance strategy 2021 - 2025

Vision

Leaving no-one behind with immunisation

Mission 2025

To **save lives** and **protect people's health** by increasing **equitable and sustainable use of vaccines**

Mission indicators

- **Child mortality reduction** tbd
- **Lives saved** tbd
- **Future DALYs averted** tbd
- **Equity indicator** tbd

- **People (male & female) vaccinated with Gavi support across the life course** tbd
- **People (male & female) vaccinated with Gavi support against outbreak-prone diseases** tbd
- **Economic benefits unlocked** tbd

Principles

- **Missed communities, first priority:** Prioritise children missing out on vaccination including among migrants, displaced and other vulnerable populations
- **Gender focused:** Identify and address gender-related barriers to promote immunisation equity
- **Country-led, sustainable:** Bolster country leadership to sustainably deliver and finance immunisation
- **Community owned:** Ensure community trust and confidence in vaccines by engaging communities in planning, implementation and oversight of immunisation
- **Differentiated:** Target and tailor support to national and subnational needs including fragile contexts

- **Integrated:** Strengthen immunisation as a foundation for integrated primary health care to reach unserved communities in support of universal health coverage
- **Adaptive, resilient:** Help countries leverage immunisation to address the challenges of climate change, Global Health Security, antimicrobial resistance and other major global issues
- **Innovative:** Identify and leverage innovative products, practices and services to reach everyone with immunisation
- **Collaborative, accountable:** Collaborate across stakeholders to achieve the SDGs in a transparent, coordinated and accountable manner

Goals

1 INTRODUCE AND SCALE UP VACCINES

2 STRENGTHEN HEALTH SYSTEMS TO INCREASE EQUITY IN IMMUNISATION

3 IMPROVE SUSTAINABILITY OF IMMUNISATION PROGRAMMES

4 ENSURE HEALTHY MARKETS FOR VACCINES AND RELATED PRODUCTS

Objectives

- A** Strengthen countries' **prioritisation of vaccines** appropriate to their context
- B** Support countries to **introduce and scale up coverage of vaccines** for prevention of endemic and epidemic diseases
- C** Enhance **outbreak response** through availability and strategic allocation of vaccine stockpiles

- A** Help countries extend immunisation services to regularly **reach under-immunised and zero-dose children** to build a stronger primary health care platform
- B** Support countries to ensure **immunisation services** are **well-managed, sustainable**, harness **innovation** and meet the needs of all care givers
- C** Work with countries and communities to build resilient **demand**, and to identify and address **gender-related barriers** to immunisation

- A** Strengthen national and subnational **political and social commitment** to immunisation
- B** Promote **domestic public resources for immunisation and primary health care** to improve allocative efficiency
- C** Prepare and engage **self-financing countries** to **maintain or increase performance**

- A** Ensure sustainable, **healthy market dynamics** for vaccines and immunisation-related products at affordable prices
- B** Incentivise **innovation** for the development of **suitable vaccines**
- C** Scale up **innovative immunisation-related products**

Enablers

- Secure **long-term predictable funding** for Gavi programmes
- Ensure **global political commitment** for immunisation, prevention and primary health care
- Use **evidence, evaluations and improved data** for policies, programmes and accountability
- **Leverage the private sector**, including through innovative finance mechanisms and partnerships
