

# **This facility does NOT provide abortion services**

This facility's mission is to convince  
you to not have an abortion.

---

FOR A LIST OF FACILITIES THAT DO PERFORM ABORTIONS, VISIT:

---

Many fake clinics lie about the health and safety of  
abortion and provide other misleading information.

Many fake clinics try to look like medical facilities  
but are not staffed by licensed professionals.

Fake clinics do not have to adhere to HIPAA. This  
means they do not have to keep your medical  
information private.
