

From: Eric Arthur Blair

Here is an (honest) alternative to the [Tar Bangled Spanner](#) to post on your website and/or read aloud on a podcast and/or disseminate widely to all your contacts. It is called:

VAMPIRE EMPIRE, EMPIRE OF VAMPIRES

Politicians for sale, enshrined in our law,
All queued up for the revolving door,
Scrambling to get their retirement stash,
All that is needed is buckets of cash.

Vampire Empire, Empire of Vampires

Freedom of speech, well that's what we say,
But not for Assange, who has hell to pay,
We bring you democracy, the light on the hill,
How do we do it? We lie, cheat, steal and kill.

Vampire Empire, Empire of Vampires

The mask has come off, as Musk said it blunt,
We will coup whosoever we want,
Doing the dirty, all the dirty being done,
If you don't quite believe it, just ask Imran Khan.

Vampire Empire, Empire of Vampires

Yanukovich, Mossadegh, Arbenz, Allende,
If you don't do our bidding, we will screw you, comprende?
Otherwise we'll invade based on despicable lies,
Or use our dumb proxies with Neonazi ties.

Vampire Empire, Empire of Vampires

We are exceptional, we call the shots,
Don't you dare look at history, don't you dare join the dots,
Just blindly obey our great Rules Based Order,
To turn every Ukrainian into dead cannon fodder.

Vampire Empire, Empire of Vampires

Our reserve dollar status grants far more than we need,
It confers unearned riches, beyond any greed,
Bretton-Woods was a crooked confidence caper,
To exchange real world wealth for green toilet paper.

Vampire Empire, Empire of Vampires

China kills Uyghurs! We lied as we cried,
Crocodile tears over fake genocide,
Meanwhile we support indiscriminate slaughter,
Of every Palestinian wife, son and daughter.

Vampire Empire, Empire of Vampires

If you dare speak up for Palestinian plight,
We will ruin your life, we will use all our might,
To smear your good name until it is mud,
We are Nosferatu, WE SUCK YOUR BLOOD!

Vampire Empire, Empire of Vampires
Vampire Empire, Empire of Vampires
Vampire Empire, Empire of Vampires
