

Our vision is a world free from poverty on a livable planet

- Global population headcount living in poverty (at \$2.15/day and \$6.85/day)
- Global average income shortfall from a prosperity standard of \$25/day
- Number of countries with high inequality
- Global greenhouse gas emissions (gigatons of CO² equivalent)
- Millions of people highly vulnerable to climate risks globally*
- Millions of hectares of healthy terrestrial ecosystems globally*
- Millions of people facing food and nutrition insecurity globally
- Percentage of people with access to basic drinking water, sanitation services, and hygiene globally

WORLD BANK GROUP RESULTS

PEOPLE	
<p>1 Protection for the poorest</p> <p>Percentage of people covered by social protection and labor programs, of which (%) in the poorest quintile</p>	<p>Millions of beneficiaries of social safety net programs^{^†}</p>
<p>2 No learning poverty</p> <p>Percentage of children who cannot read by end-of-primary-school age</p>	<p>Millions of students supported with better education[^]</p>
<p>3 Healthier lives </p> <p>Percentage of children under five stunted</p> <p>Percentage of people receiving essential health services</p>	<p>Millions of people receiving quality health, nutrition, and population services[^]</p> <p>Millions of people benefitting from strengthened capacity to prevent, detect, and respond to health emergencies[*]</p>
PROSPERITY	
<p>4 Effective macroeconomic and fiscal management</p> <p>Countries at high risk of or in debt distress</p> <p>Countries with tax revenue-to-GDP ratio above or equal to 15%</p>	<p>Countries at high risk or in debt distress that implemented reforms toward debt sustainability^{*†}</p> <p>Countries with tax revenues-to-GDP ratio at or below 15% (including social security contributions) that have increased collections, considering equity^{*†}</p>
PLANET	
<p>5 Green and blue planet and resilient populations </p> <p>Number of people exposed to hazardous air quality[*]</p> <p>Number of countries without renewable natural capital wealth accumulation</p> <p>Terrestrial and aquatic areas covered by protected areas</p> <p>Proportion of fish stocks within biologically sustainable levels</p>	<p>Net GHG emissions per year[^]</p> <p>Millions of people with enhanced resilience to climate risks[*]</p> <p>Millions of hectares of terrestrial and aquatic areas under enhanced conservation and management[*]</p>
<p>6 Inclusive and equitable water and sanitation services </p> <p>Percentage of people with access to basic drinking water, sanitation services, and hygiene</p>	<p>Millions of people provided with water, sanitation, and hygiene, of which (%) is safely managed[^]</p>
<p>7 Sustainable Food Systems </p> <p>Millions of people facing food and nutrition insecurity</p>	<p>Millions of people with strengthened food and nutrition security[*]</p>
INFRASTRUCTURE	
<p>8 Connected communities</p> <p>Percentage of people with access to reliable transport solutions all year-round[*]</p>	<p>Millions of people that benefit from improved access to sustainable transport infrastructure and services[^]</p>
<p>9 Affordable, reliable and sustainable energy for all </p> <p>Percentage of population with access to electricity</p>	<p>Millions of people provided with access to electricity[^]</p> <p>GW of renewable energy capacity enabled[^]</p>
DIGITAL	
<p>10 Digital connectivity </p> <p>Percentage of population using the internet</p>	<p>Millions of people using broadband internet[^]</p>
<p>11 Digital services</p> <p>State of online e-government service provision</p>	<p>Millions of people using digitally enabled services[*]</p>
CROSS-CUTTING THEMES	
<p>12 Gender equality</p> <p>Number of women that use a financial account</p>	<p><i>(measured through gender-disaggregated outcomes across themes)</i></p> <p>Millions of people benefitting from greater gender equality, of which (%) from actions that expand and enable economic opportunities[*]</p> <p>Millions of people and businesses using financial services, of which (%) are women[^]</p>
<p>13 More and better jobs</p> <p>Waged employment share of working age population, of which (%) are women</p> <p>Percentage of youth not in education, employment, or training, of which (%) are women</p>	<p>Millions of new or better jobs[^]</p> <ul style="list-style-type: none"> - of which (%) for women - of which (%) for youth
<p>14 Better lives for people in fragility, conflict and violence </p> <p>Number of extreme poor living in FCS</p> <p>Number of displaced people in need of protection</p>	<p><i>(measured through FCV-disaggregated outcomes across themes)</i></p> <p>Millions of displaced people and people in host communities provided with services and livelihoods[*]</p>
<p>15 More private investment</p> <p>Private investment as a percentage of GDP</p>	<p>\$ billions in total private capital enabled[*]</p> <p>\$ billions in total private capital mobilized[^]</p>
Organizational effectiveness and efficiency indicators dashboard	

Indicators are disaggregated by sex, youth, FCS, disability inclusive, country income groups, regions, Small States/SIDS/LDCs, IDA/IBRD/IFC/MIGA, and World Bank Group Joint Programming, where applicable. ^{*}New methodology. [^]Enhanced methodology. [†] IBRD and IDA only indicator. Icons in blue represent the relevant SDGs for each outcome area. Mapping to Global Challenge Programs (GCPs) is preliminary, subject to change based on the full Concept Notes for the GCPs. Some outcome areas may reflect more than one GCP. GCPs: Crisis preparedness is reflected in various dimensions, of which a few are highlighted for illustrative purposes:

Results narratives illustrate the contributions of World Bank Group support for institutional and policy reforms, which are not fully reflected in the data reported.
