

How to Create Alert & RSS Feeds

My Research is a tool that you can use to create **Search alerts**, **RSS feeds**, and more in My Research. Setting up a My Research account is simple and free to all ProQuest users.

Creating a My Research Account and Signing In for Creating Alerts and RSS Feeds

1. Click on the profile icon and select the **Sign into My Research** link (located in the upper, right-hand corner of any page in the ProQuest platform) to create an account or sign into an existing account.

<u></u>	Enter search terms			A Section

- 2. The link to Create a My Research account is below the link to Sign Into My Research
- 3. To create an account, just fill in the required fields: email address, password, and confirm password.

4. To create **Alerts or RSS Feeds**, search on your desired topics and then click on **Create alert** or **Create RSS feed** which is on left hand side on result page under **Save search/alert**
